**University of Alabama. Department of
Romance Languages**

Lorca Una Escritura En Trance Libro D:

Lorca, una escritura en trance Candelas Newton,1992 Lorca's poetry is founded upon a complex symbolical system of recurring motifs This book analyses a number of those motifs as poetic signs through a contextual reading of *Libro de poemas* 1921 and *Divin del Tamarit* 1940 as the initial and final stages of Lorca's career The sexual and religious crisis voiced in *Libro de poemas* achieves poetic articulation through the sign of the star while the betrayal of childhood's fairytale is evidenced in the sign of the moon *Divin del Tamarit* exemplifies the trancelike writing of the poetry of opening up one's veins as an activity developing between the desire for a word that will capture plenitude and the word's impenetrability to fix an impulse that in itself resists any determinacy Selected Verse Federico García Lorca,2018-08-14 Selected verse from the poet who expanded the scope of lyric poetry Rafael Campo The Washington Post The work of Federico García Lorca Spain's greatest modernist poet has long been admired for its emotional intensity and metaphorical brilliance The revised *Selected Verse* which incorporates changes made to García Lorca's *Collected Poems* is an essential addition to any poetry lover's bookshelf In this bilingual edition García Lorca's poetic range comes clearly into view from the playful *Suites* and stylized evocations of Andalusia to the utter gravity and mystery of the final elegies confirming his stature as one of the twentieth century's finest poets **The Poetics of Apocalypse** Martha Nandorfy,2003 Guided by the duende liminal principle of creativity and death Lorca represents New York as dystopia cum Armageddon ultimately redeemed by the Blacks of Harlem and the telluric forces unleashed to retake the decadent soulless civilization of North America BOOK JACKET

Collected Poems Federico García Lorca,2018-08-14 A revised edition of this major writer's complete poetical work And I who was walking with the earth at my waist saw two snowy eagles and a naked girl The one was the other and the girl was neither from *Qasida of the Dark Doves* Federico García Lorca was the most beloved poet of twentieth century Spain and one of the world's most influential modernist writers His work has long been admired for its passionate urgency and haunting evocation of sorrow and loss Perhaps more persistently than any writer of his time he sought to understand and accommodate the numinous sources of his inspiration Though he died at age thirty eight he left behind a generous body of poetry drama musical arrangements and drawings which continue to surprise and inspire Christopher Maurer a leading García Lorca scholar and editor has brought together new and substantially revised translations by twelve poets and translators placed side by side with the Spanish originals The seminal volume *Poet in New York* is also included here in its entirety This is the most comprehensive collection in English of a poet who as Maurer writes in his illuminating introduction spoke unforgettably of all that most interests us the otherness of nature the demons of personal identity and artistic creation sex childhood and death Lorca's Drawings and Poems Cecelia J. Cavanaugh,1995 Lorca's *Drawings and Poems* focuses on the act of reading Lorca's drawn or written texts and how the reading of one genre can inform the reading of another Throughout the study poetry and drawings from every period of Lorca's career are examined Selected drawings are

interpreted next poems contemporary to those drawings are analyzed in their light In chapter 1 a common poetics is extracted from Lorca s comments about his drawings and writing and placed in the context of the literary and artistic movements of his day The evolution of the literary criticism that examines Lorca s drawings is traced and reviewed Lorca s texts are examined from varying perspectives in the chapters that follow In chapter 2 drawings and poems from 1927 to 1928 are analyzed in light of Lorca s participations in artistic and literary movements during those years Texts from each period of Lorca s work are read in chapter 3 in a study of Lorca s employment of space and his depiction of setting and subject in his drawings and poems Such a chronological approach allows the reading of Lorca s texts to reveal the evolution of his aesthetics as well as to identify the imagery and techniques that remained consistent throughout his career

The Poetry of Ana María Fagundo Ana María Fagundo, 2005 This anthology includes translations of a number of original poems from each of the ten collections of poetry published to date by Spanish poet Ana María Fagundo Its goal is to provide a representative sample of Fagundo s work for an English audience With the basic tenet of phenomenology as scaffold the introduction of this anthology elucidates Fagundo s poetic writing as a process whereby the abstract is transformed into a concrete experience through the speaker s own self and body From *Brotos* Buds in 1965 until *Trasterrado Marzo* March Beyond in 1999 Fagundo s poetry is an ongoing dialogue with the poetic word Fagundo s poetic speaker looks into essences but only in order to reintegrate them into existence There is no Truth or Beauty or Good out there for which this poet strives but a truth that each poet articulates in his or her own way Hers is an aesthetic enterprise which implies the ethical obligation to affirm life

Candelas Gala is Professor and Chair of the Department of Romance Languages at Wake Forest University

Diván del Tamarit Federico García Lorca, 2018-05-24 El Diván del Tamarit es la constatación final de cómo Lorca supo asimilar el artificio Su último poemario es una quimera un decorado con fondos pictóricos de colores y luces vivas rebosante de jardines metafóricos en los que las rosas quieren ser otra cosa El poeta toma la tradición rabe un pasado donde el imaginario de los sentidos la noción de voluptuosidad parece haber sido desarrollada como en ninguna otra época histórica El objetivo final es ese gran homenaje al erotismo por lo que cada figura cada matiz cada paisaje construido tiene un doble significado que viene a jugar con un concepto sensualidad

Revista de estudios hispánicos University of Alabama. Department of Romance Languages, 1994

Ana María Fagundo: texto y contexto de su poesía Antonio Martínez Herrarte, 1993-01-01 La obra de la poeta canaria analizada por dieciséis críticos internacionales a la luz de su proyección en las últimas corrientes de la modernidad poética

Mujer o árbol Roberta Ann Quance, 2019-09-06 *Mujer o árbol* aborda algunos de los mitos centrales de la mujer en el imaginario contemporáneo Roberta Ann Quance analiza la presencia de estos mitos en las obras de autores como García Lorca Hilda Doolittle Virginia Woolf Sylvia Plath etc así como en las pinturas de Diego Santos Remedios Varo y Frida Kahlo en las fotografías de Graciela Iturbide y en la iconografía popular especialmente latinoamericana Entre todos destaca por su hondura e intensidad el mito de las Diosas madre o como prefiere decir la autora Las Madres un mito asumido

por las escritoras y pintoras del siglo xx
