The Ethics of Archaeology Chris Scarre,Geoffrey Scarre,2006-01-19 The question of ethics and their role in archaeology has stimulated one of the discipline's liveliest debates In this collection of essays first published in 2006 an international team of archaeologists anthropologists and philosophers explore the ethical issues archaeology needs to address Marrying the skills and expertise of practitioners from different disciplines the collection produces interesting insights into many of the ethical dilemmas facing archaeology today Topics discussed include relations with indigenous peoples the professional standards and responsibilities of researchers the role of ethical codes the notion of value in archaeology concepts of stewardship and custodianship the meaning and moral implications of heritage the question of who owns the past or the interpretation of it the trade in antiquities the repatriation of skeletal material and treatment of the dead This important collection is essential reading for all those working in the field of archaeology be they scholar or practitioner

The Methods and Ethics of Researching Unprovenanced Artifacts from East Asia Christopher J. Foster,Glenda Chao,Mercedes Valmisa,2024-04-25 The immense outpouring of archaeological discoveries this past century has shed new light on ancient East Asia and China in particular Yet in concert with this development another more troubling trend has likewise gained momentum the looting of cultural heritage and the sale of unprovenanced antiquities Scholars face difficult questions from the ethics of working with objects of unknown provenance to the methodological problems inherent in their research The goal of this Element is to encourage scholars to critically examine their relationships to their sources and reflect upon the impact of their research The three essays in this Element present a range of disciplinary perspectives focusing on systemic issues and the nuances of method versus ethics with a case study of the so called Han board MSS given as a specific illustration This title is also available as open access on Cambridge Core

Hitler's Holy Relics Sidney Kirkpatrick,2011-05-26 From Paris to Stalingrad the Nazis systematically plundered all manner of art and antiquities But the first and most valuable treasure they looted were the Crown Jewels of the Holy Roman Empire This is the true life Indiana Jones story of a college professor turned Army sleuth who foils a Nazi plot to preserve these cherished symbols of Hitler's Thousand Year Reich Author Sidney Kirkpatrick draws on recently discovered and previously unpublished documents including interrogation and intelligence reports diaries and correspondence as well as on interviews with all remaining living participants involved with the case to re create this thrilling true life story

Atlas of Travel and Tourism Development Myra Shackley,2007-03-14 From travel in the ancient and classical world to the growth of underwater tourism in the Great Barrier Reef and the influence of the Gulf War on regional tourism the Atlas of Travel and Tourism Development is a new departure from conventional texts providing a unique overview of the growth of the tourism industry Divided into three sections the text looks first at the past examining the influence of global geography on travel patterns and provides an overview of the history of travel and tourism It then moves onto the present using a regional framework to demonstrate how the physical and historical geography of each area is related to tourism development The final section provides a forecast of future trends for the next two decades

Trafficking Culture Simon Mackenzie,Neil Brodie,Donna Yates,Christos Tsirogiannis,2019-08-15 Trafficking Culture outlines current research and thinking on the illicit market in antiquities It moves along the global trafficking chain from source to market identifying the main roles and routines involved Using original research the authors explore the dynamics of this grey market where legal and illegal goods are mixed and conflated It compares and contrasts this illicit trade with other transnational criminal markets such as the illegal trades in wildlife and diamonds The analytical frames of organized crime and white collar crime drawn from criminology provide a fresh perspective on a problem that has tended to be seen as archaeological rather than criminological Bringing insights from both disciplines together this book represents a productive discourse between experts in these two fields working together for several years to produce the evidence base that is reported here Innovative forms of regulation are the most productive way to explore crime control in this field and this book provides a series of propositions about practical crime reduction measures for the future It will be invaluable to academics working in the fields of archaeology criminology art history museum studies and heritage The book will also be a vital resource for professionals in the field of cultural property protection and preservation
