

LOS LARES APAGADOS

CAPITULO I

Bartolomé Yat era carpintero, el creció entre el ruido de serruchas debido a que su abuelo paterno fue uno de los mejores carpinteros de aquella época. Su padre quería que Bartolomé Yat siguiera los pasos pero este se inclinaba por el olor a pinos y estar en los bosques y el gran amor que le tenía a la tierra y los deseos de labrarla.

Bartolomé cuando aun era adolescente era un muchacho del cual aprendió de un banonel que le enseñaba más que su padre propio y del cual aprendía cosas nuevas cada día. Bartolomé un joven con la duda de conocer más le decía al anciano que le enseñara y este respondía que preguntara. El joven preguntaba al anciano sobre los dioses de ese lugar y como estos se podían manifestar o si estos se podían ver a lo que el banonel respondía con júbilo y voz tranquila que no se podía si no solo se podían sentir y que todo aquel que intentara descubrir el secreto de los dioses será destruido por los mismos.

El anciano entra a su rancho y saca dos guacalitos y le da a Bartolomé y este pregunta ¿Lo que tomamos es espíritu? Y el anciano solo toma y no respondió. Luego Bartolomé mira hacia el sol y este después agacha la cabeza al lo que el banonel dice "Los dioses nos alegran con sus luz pero si se le ve nos dejaron ciegos" luego el anciano le da mas Boj y toman para después decir toma tus tres guacalitos de antes de cada comida o en cualquier actividad pero siempre respeta esa medida. Así continuaron hablando y el banonel siguió instruyendo a Bartolomé con sus sabias lecciones sobre los dioses de aquel entonces y como estos eran, en eso surgen cosas inesperadas como el temblor de la tierra a lo que el anciano dice estas pueden ser los poderes de los dioses. Después de beber bastante boj el banonel se dispuso a seguir enseñando al joven y este le conto episodios que había recorrido y como estos le había instruido.

Ya cuando el banonel se disponía a despedirse le dice a Bartolomé que el merecía las enseñanzas, Bartolomé Yat pregunta si para conocer mas tendría que dejar el oficio de su padre y este responde que esos eran oficios del hombre. Y que la tierra le iba a enseñar

Los Lares Apagados

Ramón L. Acevedo

Los Lares Apagados:

Los lares apagados Carlos Wyld Ospina, 1958 **A History of Ecology and Environmentalism in Spanish American Literature** Scott M. DeVries, 2013-09-05 A History of Ecology and Environmentalism in Spanish American Literature undertakes a comprehensive ecocritical examination of the region's literature from the foundational texts of the nineteenth century to the most recent fiction. The book begins with a consideration of the way in which Argentine Domingo Faustino Sarmiento's views of nature through the lens of the categories of civilization and barbarity from Facundo 1845 are systematically challenged and revised in the rest of the century. Subsequently, this book develops the argument that a vital part of the cultural critique and aesthetic innovations of Spanish American modernismo involve an ecological challenge to deepening discourses of untamed development from Europe and the United States. In other chapters, many of the well-established titles of regional and indigenista literature are contrasted to counter traditions within those genres that express aspects of environmental justice, deep ecology, the relational role of emotion in nature protectionism and conservationism, even the rights of non-human nature. Finally, the concluding chapters find that the articulation of ecological advocacy in recent fiction is both more explicit than what came before but also impacts the formal elements of literature in unique ways. Textual conventions such as language, imagery, focalization, narrative sequence, metafiction, satire, and parody represent innovations of form that proceed directly from the ethical advocacy of environmentalism. The book concludes with comments about what must follow as a result of the analysis, including the revision of canon, the development of literary criticism, and novel approaches such as critical animal studies and the advent of a critical dialogue within the bounds of Spanish American environmentalist literature. A History of Ecology and Environmentalism in Spanish American Literature attempts to develop a sense of the way in which ecological ideas have developed over time in the literature, particularly the way in which many Spanish American texts anticipate several of the ecological discourses that have recently become so central to global culture, current environmentalist thought, and the future of humankind. **Hispania**, 1948 Vol 1 includes Organization number published Nov 1917 Concise Encyclopedia of Latin American Literature Verity Smith, 2014-01-14 The Concise Encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book, entries on the 50 leading writers in Latin America from colonial times to the present, and detailed articles on some 50 important works in this literature, those who read and studied in the English-speaking world. **Encyclopedia of Latin American Literature** Verity Smith, 1997-03-26 A comprehensive encyclopedic guide to the authors, works, and topics crucial to the literature of Central and South America and the Caribbean, the Encyclopedia of Latin American Literature includes over 400 entries written by experts in the field of Latin American studies. Most entries are of 1500 words, but the encyclopedia also includes survey articles of up to 10,000 words on the literature of individual countries of the colonial period and of ethnic minorities, including the Hispanic communities in the United States. Besides presenting and illuminating

the traditional canon the encyclopedia also stresses the contribution made by women authors and by contemporary writers

Outstanding Reference Source Outstanding Reference Book **Catalog of the Latin American Collection** University of Texas at Austin. Library.
