Losing Heart The Moral And Spiritual Mis Education Of Americas Children:

Losing Heart H. Svi Shapiro, 2006-08-15 In this book Svi Shapiro explores the ideological and attitudinal functions of schools looking especially at what is called the hidden curriculum He offers both an analysis of the role of education in producing and maintaining attitudes and values that contribute to our competitive socially unequal instrumental consumerist and self oriented culture and a radically different vision for what our schools should be about a vision that focuses on education's role in supporting a more critically reflective socially responsible and compassionate culture Federal and state legislation have propelled schools today in the direction of an increasingly test driven instrumental and individually competitive regime Under these legislative mandates schools are increasingly alienating and stressful places for both students and teachers Most disturbing is that this form of education is not conducive to providing young people with the capacity to cope with the moral cultural spiritual and political challenges of the world they inhabit More than only offering a critique of schools Shapiro proposes a counter vision that can lead to a different kind of culture and society and he discusses strategies for advocating and implementing it Written in a style that is very accessible to a wide range of readers *Losing Heart The Moral and Spiritual Miseducation of America's Children* is also carefully researched and draws on relevant theory to make a strong case This book speaks to a wide range of readers including academics and students in education sociology anthropology political science and cultural studies public school professionals and the general public interested in education It will appeal to faculty in schools of education who are looking for a text that offers both a critical language and one that speaks to possibility and change

Giordano,2011-01-16 Lopsided Schools introduces readers to the case method and helps the reader to use the case method to examine the scholastic challenges that critics posed from World War I to the present Some critics have stirred up educators with threats to reduce their budgets or fire them Others upset them with disconcerting questions Should parents demand that their children learn speed reading Should teachers emphasize vocational activities Should principals train their own successors Should superintendents award bonuses to teachers Should employers hire the graduates with the highest scores on standardized tests Should politicians assume greater responsibility for schooling Should journalists publicize information about lopsided schools This book examines these and the numerous other questions that critics posed **A Coherent**

Curriculum for Every Student Edmund C. Short,2019-10-11 This book exhibits a collection of proposals for how school curriculum may be conceived designed and realized These proposals are drawn from writers both past and present who have presented some particular vision of what curriculum could be like for Pre K 12 schools and have sought to convince others to adopt their proposal for use in some actual school situation The proposals differ from one another in a variety of ways including in their purposes their contents and their perspectives and thus pose a wealth of options for consideration by those who are planning to change their school curriculum to something new and more suitable for their particular clientele Readers will need to weigh the appeal of various proposals presented here against criteria they have for locating an optimum

model for their particular situation The proposals selected for inclusion in this book address the whole of the curriculum all levels all subjects all age groups they deal with entire program change rather than with incidental changes in content program arrangements teaching approaches or other limited alterations This book is intended to be a useful resource for those responsible for making decisions in a particular school or school district or at a broader policy making level about what the entire curriculum should be and should include It draws attention to the work of many thoughtful persons who have dealt with the issue of what a coherent curriculum might be like and who in some instances have set up actual programs based on their ideas

The School Leader's Guide to Learner-Centered Education Barbara L.
