The Sumerians Paul Collins, 2021-03-22 The Sumerians are widely believed to have created the world's earliest civilization on the fertile floodplains of southern Iraq from about 3500 to 2000 BCE They have been credited with the invention of nothing less than cities writing and the wheel and therefore hold an ancient mirror to our own urban literate world But is this picture correct Paul Collins reveals how the idea of a Sumerian people was assembled from the archaeological and textual evidence uncovered in Iraq and Syria over the last one hundred fifty years Reconstructed through the biases of those who unearthed them the Sumerians were never simply lost and found but reinvented a number of times both in antiquity and in the more recent past

The Etruscans Lucy Shipley, 2023-09-24 Now in paperback a brief introduction to the mysteries of the enigmatic ancient civilization in the area of modern Italy The Etruscans were a powerful people marked by an influential civilization in ancient Italy But despite their prominence the Etruscans are often portrayed as mysterious a strange and unknowable people whose language and culture have largely vanished Lucy Shipley's *The Etruscans* presents a different picture Shipley writes of a people who traded with Greece and shaped the development of Rome who inspired Renaissance artists and Romantic firebrands and whose influence is still felt strongly in the modern world Covering colonialism and conquest misogyny and mystique she weaves Etruscan history with new archaeological evidence to give us a revived picture of the Etruscan people The book traces trade routes and trains of thought describing the journey of Etruscan objects from creation to use loss rediscovery and reinvention From the wrappings of an Egyptian mummy displayed in a fashionable salon to the extra curricular activities of Bonaparte from a mass looting craze to a bombed museum in a town marked by massacre the book is an extraordinary voyage through Etruscan archaeology which ultimately leads to surprising and intriguing places In this sharp and groundbreaking book Shipley gives readers a unique perspective on an enigmatic people revealing just how much we know about the Etruscans and just how much still remains undiscovered
