Lost Languages Mass Market Paperback By Minton Jonathan:

Lost Languages Jonathan Minton, 1999 **Subject Guide to Books in Print**, 1975 **TŁS, the Times Literary Supplement**, 1969 *The Lost Language* John M. Douglass, 1990 Lost by Translation- Forked Tongues in the Fight for North America John Kruse, 2012-06-29 This book is aimed at the general reader who has an interest in both languages and in Native American history and culture. It concentrates on the encounter between invading Europeans and the native peoples of the continent, examining the role played by language in that confrontation through the lens of significant individuals and incidents. Amongst those discussed are such famous figures as Columbus, Sequoyah, Custer, Crazy Horse, Lewis and Clark, and Sacagawea and Sitting Bull. The book covers the period from 1492 up until 1890. It considers problems of translation, problems with translators, and the differing values and expectations that had to be translated from one language and one culture to another. The book draws heavily upon contemporary sources to argue that the white conquest of America was a cooperative effort in which language performed a vital role. It also gives illustrations of the nature and workings of various North American languages, including plains sign language, smoke signalling, and pictographs. Additionally, there is discussion of native swearing, loanwords, and pidgins. The author, John Kruse, has long been interested in linguistics and Native American history and culture. He has written other books on language history, including *The Native American languages: an introduction* (2007) and *The Etruscan language: a brief introduction* (2008).
