**The Making of a Saint** Catia Galatariotou, 2004-01-29 A study of how a Byzantine holy man became a saint [The Ashgate Research Companion to Byzantine Hagiography](#) Stephanos Efthymiadis, 2020-02-25 For an entire millennium Byzantine hagiography inspired by the veneration of many saints exhibited literary dynamism and a capacity to vary its basic forms The subgenres into which it branched out after its remarkable start in the fourth century underwent alternating phases of development and decline that were intertwined with changes in the political social and literary spheres The selection of saintly heroes an interest in depicting social landscapes and the modulation of linguistic and stylistic registers captured the voice of homo byzantinus down to the end of the empire in the fifteenth century The seventeen chapters in this companion form the sequel to those in volume I which dealt with the periods and regions of Byzantine hagiography and complete the first comprehensive survey ever produced in this field The book is the work of an international group of experts in the field and is addressed to both a broader public and the scholarly community of Byzantinists medievalists historians of religion and theorists of narrative It highlights the literary dimension and the research potential of a representative number of texts not only those appreciated by the Byzantines themselves but those which modern readers rank high due to their literary quality or historical relevance

**The Hypotyposis of the Monastery of the Theotokos Evergetis, Constantinople (11th-12th Centuries)** R. H. Jordan, Rosemary Morris, 2016-03-03 This book forms part of the Evergetis Project which aims to investigate all surviving texts associated with the Monastery of the Theotokos Evergetis founded in 1049 near Constantinople A book length introduction sets out the historical significance of the house for the development of Byzantine monasticism and discusses its administration liturgy and way of life An English translation of the Hypotyposis the monastery's foundation document is provided accompanied by detailed notes Previous scholarship on the authorship of the Hypotyposis and the evolution of the text is discussed and linguistic analysis used to suggest that traces of the original foundation document by Paul Evergetinos can be identified within it The Hypotyposis was widely used as a model for later Byzantine and Slavonic typika and the precise relationship of these documents one to the other is demonstrated in detail The volume also includes prosopographical material on the known patrons of the monastery a discussion of its library English translations of later Greek and Latin texts referring to the monastery and a suggested reconstruction of Paul Evergetinos original foundation document

*Political Communication in Chinese and European History, 800-1600* Hilde Weerdt, Franz-Julius Morche, 2025-10-01 Based on a collaboration between historians of Chinese and European politics *Political Communication in Chinese and European History 800 1600* offers a first comprehensive overview of current research on political communication in middle period European and Chinese history The chapters present new work on the sources and processes of political communication in European and Chinese history partly through juxtaposing and combining formerly separate historiographies and partly through direct comparison Contrary to earlier comparative work on empires and state formation

which aimed to explain similarities and differences with encompassing models and new theories of divergence the goal is to further conversations between historians by engaging regional historiographies from the bottom up

**The Icons of Their Bodies** Henry Maguire, 2000-05-28 The Byzantines surrounded themselves with their saints invisible but constant companions who were made visible by dreams visions and art The composition and presentation of this imagined gallery followed a logical structure a construct that was itself a collective work of art created by Byzantine society The purpose of this book is to analyze the logic of the saint's image in Byzantium both in portraits and in narrative scenes Here Henry Maguire argues that the Byzantines gave to their images differing formal characteristics of movement modeling depth and differentiation according to the tasks that the icons were called upon to perform in the all important business of communication between the visible and the invisible worlds The book draws extensively on sources that have been relatively little utilized by art historians It considers both domestic and ecclesiastical artifacts showing how the former raised the problem of access by lay men and women to the supernatural and fueled the debates concerning the role of images in the Christian cult Special attention is paid to the poems inscribed by the Byzantines upon their icons and to the written lives of their saints texts that offer the most direct and vivid insight into the everyday experience of art in Byzantium The overall purpose of the book is to provide a new view of Byzantine art one that integrates formal analysis with both theology and social history

**The Monastic World** Andrew Jotischky, 2025-01-14 A major new history of medieval monasticism from the fourth to the sixteenth century From the late Roman Empire onwards monasteries and convents were a common sight throughout Europe But who were monasteries for What kind of people founded and maintained them And how did monasticism change over the thousand years or so of the Middle Ages Andrew Jotischky traces the history of monastic life from its origins in the fourth century to the sixteenth He shows how religious houses sheltered the poor and elderly cared for the sick and educated the young They were centres of intellectual life that owned property and exercised power but also gave rise to new developments in theology music and art This book brings together the Orthodox and western stories as well as the experiences of women to show the full picture of medieval monasticism for the first time It is a fascinating wide ranging account that broadens our understanding of life in holy orders as never before

**The Hypotyposis of the Monastery of the Theotokos Evergetis, Constantinople (11th-12th Centuries)** Dr R H Jordan, Dr Rosemary Morris, 2013-07-28 This book forms part of the Evergetis Project which aims to investigate all surviving texts associated with the Monastery of the Theotokos Evergetis founded in 1049 near Constantinople A book length introduction sets out the historical significance of the house for the development of Byzantine monasticism and discusses its administration liturgy and way of life An English translation of the Hypotyposis the monastery's foundation document is provided accompanied by detailed notes Previous scholarship on the authorship of the Hypotyposis and the evolution of the text is discussed and linguistic analysis used to suggest that traces of the original foundation document by Paul Evergetinos can be identified within it The Hypotyposis was widely used as a model

for later Byzantine and Slavonic typika and the precise relationship of these documents one to the other is demonstrated in detail The volume also includes prosopographical material on the known patrons of the monastery a discussion of its library English translations of later Greek and Latin texts referring to the monastery and a suggested reconstruction of Paul Evergetinos original foundation document
