Making A Soul:

Plato's Power ,2025-02-03 What do we mean when we say that something has power Plato s dialogues are probably the first philosophical corpus to address this question Powers are causes they account for how events happen They are properties that agents have as well as dispositions in those who suffer the effects of an action This explanation is the basis of Plato s metaphysics and moral philosophy He proposed that things are the power they have to act or be acted upon this is their nature This book brings together a group of specialists to guide the reader through this fascinating theory **God's Autopsy and the Living Truth of Soul** Hal Childs,2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself Love and the Soul Robert Sardello,2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner Love and the Soul helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community **Journey of Soul** Harold Klemp,2025-01-24 As you read these books you ll realize that here is someone who shows us that everything we need to fulfill our truest dreams and desires is already as close and real as our heartbeats Leading Edge Review You spend a lifetime trying to answer deeply burning questions about yourself Who am I Why am I here Why do I feel this longing like

Color of Privilege Aida Hurtado,2005-08-18 This groundbreaking and important book explores how women of different ethnic racial groups conceive of feminism A da Hurtado advances the theory of relational privilege to explain those differing conceptions Previous theories about feminism have predominantly emphasized the lives and experiences of middle class white women A da Hurtado argues that the different responses to feminism by women of color are not so much the result of personality or cultural differences between white women and women of color but of their differing relationship to white men For Hurtado subordination and privilege must be conceived as relational in nature and gender subordination and political solidarity must be examined in the framework of culture and socioeconomic context Hurtado s analysis of gender oppression is written from an interdisciplinary multicultural standpoint and is enriched by selections from poems by Sandra Cisneros Gloria Anzald a Lorna Dee Cervantes and Elba Sanchez and from plays by El Teatro Campesino the United Farm Workers theater group A final chapter proposes that progressive scholarship and especially feminist scholarship must have at its core a reflexive theory of gender oppression that allows writers to simultaneously document oppression while taking into account the writer s own privilege to analyze the observed as well as the observer A da Hurtado is Associate Professor of Psychology University of California Santa Cruz
