**Christians Meeting Hindus** Bob Robinson,2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model

**India and Europe** Wilhelm Halbfass,2017-01-01 This book explores the intellectual encounter of India and the West from pre Alexandrian antiquity until the present It examines India s role in European philosophical thought as well as the reception of European philosophy in Indian t

*The Study of Hinduism* Arvind Sharma,2003 In this text leading scholars from around the world take stock of two centuries of international intellectual investment in Hinduism Since the early 19th century when the scholarly investigation of Hinduism began to take shape as a modern academic discipline Hindu studies has evolved from its

concentration on description and analysis to an emphasis on understanding Hindu traditions in the context of the religion's own values, concepts and history. Offering an assessment of the current state of Hindu studies, the contributors to this volume identify past achievements and chart the course for what remains to be accomplished in the field.

**Vedic Voices** David M. Knipe, 2015-04-01 David M. Knipe studies four generations of ten families living in the Godavari Delta of coastal Andhra Pradesh, examining their lives, ancestral lineages, choices as pandits, relationships to wives and children, and ways of coping with an avalanche of changes in modern India. These are the virtually unrecognized survivors of a 3,700-year-old heritage, the last in India who perform the ancient animal and soma sacrifices according to Vedic tradition.

**A Living Theology of Krishna Bhakti** Tamal Krishna Goswami, 2012-07-17 An illuminating examination of the theology of A. C. Bhaktivedanta Swami Prabhupada, the founder of the Hare Krishna movement.

**Beyond Orientalism** Eli Franco, Karin Preisendanz, 2023-12-14 Wilhelm Halbfass, philosopher and Indologist, is a committed participant in the dialogue between India and Europe whose reflections on the Indian tradition and its Western perception are accompanied by reflection on and critical examination of the Western tradition. In this innovative combination of Indological research and philosophical hermeneutical research in the history of ideas, he demonstrates a purpose more ambitious and a scope wider than Edward Said's, who constructed the Western study of the so-called Orient as an attempt to deprive it of its identity and sovereignty and who perceived the pursuit of Oriental Studies in Western universities to be an extension of a fundamentally political will to power and domination. Without denying the domination of the dialogue between India and Europe by the West, Halbfass goes beyond that to show a different way of approaching Indian thought; he strives to establish the presuppositions and prerequisites that would make a true dialogue and mutual understanding between Indian and Western intellectual cultures possible. The papers in the present volume originate from twenty-three scholars of Indology, philosophy, religious studies, comparative theology, classics, folkloristics, and political theory working in eleven countries spread over three continents. They address central issues of Halbfass's work; his critical responses to them commence with an extensive essay in which he assesses in a masterly manner the state of Indian studies almost twenty years after the publication of Said's *Orientalism*.

*The Greenian Moment* Denys Leighton, 2004 This study of T. H. Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate. The book deals with the political and religious history of Victorian Britain in examining the basis of Green's Liberal partisanship. It demonstrates how his main ethical and political conceptions, his idea of self-realisation and his theory of individuality within community, were informed by evangelical theology, popular Protestantism, and an idea of the English national consciousness as formed by religious conflict. While the significance of Kantian and Hegelian elements in Green's thought is acknowledged, it is argued that indigenous qualities of Green's teachings resonated with values shared alike by elite and rank-and-file Liberals during the mid and late Victorian era. In examining Green's beliefs about the historical

evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought     The Greenian Moment Denys P.
