Radical History Review: Volume 52 Barbara Smith,1992-11-12 This is volume 52 of the Radical History Review series It deals specifically with new directions in gender history and the history of sexuality **Radical History Review: Volume 59** Marjorie Murphy,1994-10-27 This issue examines Latin American labour and includes coverage of topics such as the organization amongst San Marcos coffee workers during Guatemala s National Revolution 1944 1954 the myth of the history of Chile the Araucanians and the representation of class and populism in Sao Paolo **Radical History Review: Volume 70** ,1998-06-04 Feature articles in this issue include Women and Guilds in Bologna The Ambiguities of Marginality by Dora Dumont Unpacking the First Person Singular Negotiating Patriarchy in Nineteenth Century Chile by Andy Daitsman Culture Wars Won and Lost Part II Ethnic Museums on the Mall by Fath Davis Ruffins a continuation of an article published in RHR 68 and All the Intensity of My Nature Ida B Wells and African American Women s Anger in History by Patricia A Schechter

Radical History Review: Volume 61, Winter 1995 Calvin B. Holder,Dewar MacLeod,1995-04-13 Radical History Review presents innovative scholarship and commentary that looks critically at the past and its history from a non sectarian left perspective RHR scrutinises conventional history and seeks to broaden and advance the discussion of crucial issues such as the role of race class and gender in history Nursing History Review, Volume 2 Joan E. Lynaugh,1993-11-29 The official journal of the American Association for the History of Nursing **A Revolt Against Liberalism** A.A.M. van der Linden,2023-04-12 This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s With the turbulent sixties as a backdrop the work of radical luminaries like Eugene Genovese Herbert Gutman Staughton Lynd William Appleman Williams and Howard Zinn is discussed These historians made a significant contribution to present day notions about slavery working class history the New Deal the Cold War and a wealth of other subjects Their main target was American liberalism Radical criticism centered on the liberal concepts of the division of power and of the nature of man The acrimonious debate which ensued tore the historical profession apart Therefore most historians have stressed the disagreements between liberals and radicals Yet in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography though they presented a radical version of it

Lynching Beyond Dixie Michael J. Pfeifer,2013-02-27 In recent decades scholars have explored much of the history of mob violence in the American South especially in the years after Reconstruction However the lynching violence that occurred in American regions outside the South where hundreds of persons including Hispanics whites African Americans Native Americans and Asian Americans died at the hands of lynch mobs has received less attention This collection of essays by prominent and rising scholars fills this gap by illuminating the factors that distinguished lynching in the West the Midwest and the Mid Atlantic The volume adds to a more comprehensive history of American lynching and will be of interest to all readers interested in the history of violence across the varied regions of the United States Contributors are Jack S Blocker Jr

Brent M S Campney William D Carrigan Sundiata Keita Cha Jua Dennis B Downey Larry R Gerlach Kimberley Mangun Helen McLure Michael J Pfeifer Christopher Waldrep Clive Webb and Dena Lynn Winslow **Envelopes of Sound** Ronald J. Grele, 1991-09-30 What is it that oral historians do Prior to the publication of *Envelopes of Sound* oral history was regarded as an archival practice and interviews were considered the repositories of data *Envelopes* shows that the interview is a series of dialectical relationships embedded in language social practice and historical imagination It merges theory and method through the analysis of the basic structures of the interview It incorporates new thinking on the nature of narrative and conversation and it covers new ground in examining fieldwork in a number of disciplines While strongly theoretical it also has direct application in conducting oral history interviews Ronald Grele is the dean of oral history in the United States and *Envelopes of Sound* is the volume by which others will continue to be judged Its contributions to methods and to meaning are still the place to start a serious discussion whether with scholars or with high school students interviewing their grandparents Paul M Buhle Director Oral History of the American Left New York University Grele's early groundbreaking book on oral history remains a classic It continues to challenge the practitioner to be more self conscious of and attentive to the nuances of the oral history interview Sherna Berger Gluck Director Oral History California State University Long Beach What is it that oral historians do Prior to the publication of *Envelopes of Sound* oral history was regarded as an archival practice and interviews were considered the repositories of data *Envelopes* shows that the interview is a series of dialectical relationships embedded in language social practice and historical imagination It calls upon oral historians to begin to step back to think seriously about what it is they do and to ask what kind of documentation it is that they produce and how they can make it better This volume merges theory and method through the analysis of the basic structures of the interview It incorporates new thinking on the nature of narrative and conversation and it covers new ground in examining fieldwork in a number of disciplines While strongly theoretical it also has direct application in conducting oral history interviews It moves from relatively easy and simple considerations to increasingly complex issues *Envelopes of Sound* can be used by a variety of students in disciplines ranging from history and sociology to anthropology and contemporary literature and it can be used in a variety of ways to raise issues on a number of theoretical levels *Understanding the Cold War* Elspeth O'Riordan, 2022-09-29 This book provides an advanced introduction to the Cold War assessing its origins development and conclusion as a dynamic interaction between superpower confrontation and complex regional and local situations The evolution of the subject's scholarly debate is discussed throughout and the contest situated alongside enduring historical themes including decolonisation development nationalism and globalisation Regional case studies on Europe East and Southeast Asia Latin America and the Middle East illuminate the Cold War's global reach Thematic analysis considers competition in military strategic and economic spheres as well as in aspects of culture ideology society and Human Rights The Cold War's transnational elements and facets of international cooperation are also highlighted The book unpacks the

subject's extensive scholarly discourse underlining the interdisciplinary character of today's Cold War historiography and the importance of understanding that its development has been informed by a vibrant interface between international history, international relations and the Cold War itself

Social Histories of Iran Stephanie Cronin, 2021-01-28 A social history of modern Iran from below focused on subaltern groups and contextualised by developments within Middle Eastern and global history

Marxism and the History of Art Andrew Hemingway, 2006-07-20 This book is the first comprehensive introduction to Marxist approaches to art history. Although the aesthetic was a crucial part of Marx and Engels's thought, they left no full statement on the arts. Although there is an abundant scholarship on Marxist approaches to literature, the historiography of the visual arts has been largely neglected. This book encompasses a range of influential thinkers and historians including William Morris, Mikhail Lifshits, Frederick Antal, Francis Klingender, Max Raphael, Meyer Schapiro, Walter Benjamin, Henri Lefebvre and Arnold Hauser. It also addresses the heritage of the New Left. In the spirit of Marxism, the authors interpret the achievements and limitations of Marxist art history in relation to the historical and political circumstances of its production, providing an indispensable introduction to contemporary radical practices in the field.

Law, Crime and Deviance since 1700 David Nash, Anne-Marie Kilday, 2016-11-17 CHOICE Outstanding Academic Title 2017 *Law, Crime and Deviance since 1700* explores the potential for the micro study approach to the history of crime and legal history. A selection of in-depth narrative micro studies are featured to illustrate specific issues associated with the theme of crime and the law in historical context. The methodology used unpacks the wider historiographical and contextual issues related to each thematic area and facilitates discussion of the wider implications for the history of crime and social relations. The case studies in the volume cover a range of incidents relating to crime, law and deviant behaviour since 1700, from policing vice in Victorian London to chain gang narratives from the southern United States. The book concludes by demonstrating how these narratives can be brought together to produce a more nuanced history of the area and suggests avenues for future research and study.

Family Fortunes Leonore Davidoff, Catherine Hall, 2013-04-15 *Family Fortunes* has become a seminal text in class and gender history. Published to wide critical acclaim in 1987, its influence in the field continues to be extensive. It has cast new light on the perception of middle class society and gender relations between 1780 and 1850. This revised edition contains a substantial new introduction placing the original survey in its historiographical context. Leonore Davidoff and Catherine Hall evaluate the readings their text has received and broaden their study by taking into account recent developments and shifts in the field. They apply current perceptions of history to their original project and see new motives and meanings emerge that reinforce their argument.

Internationalism in the Labour Movement 1830-1940 Holthoon, Marcel van der Linden, 2025-02-10 Postcolonial Theory and the Arab-Israeli Conflict Philip Carl Salzman, Donna Robinson Divine, 2021-04-26 Postcolonial theory is one of the main frameworks for thinking about the world and acting to change the world Arising in academia and reshaping humanities and social sciences disciplines postcolonial theory argues that our ideas about foreigners the other particularly our negative ideas about them are determined not by a true will to understand but rather by our desire to conquer dominate and exploit them According to postcolonial theory the cause of poverty tyranny and misery in the world and of failed societies around the world is Euro American imperialism and colonialism Previously published as a special issue of Israel Affairs this work examines and challenges postcolonial theory In scholarly research based papers the specialist authors examine various facets of postcolonial theory and application First the theoretical assumption and formulations of postcolonial theory are scrutinized

and found dubious Second the deleterious impact on academic disciplines of postcolonial theory is demonstrated Third the distorted postcolonial view of history its obsession with current events to the exclusion of the historical basis of events is exposed and corrected Fourth an examination of Middle Eastern culture challenges the assumption that these societies have been shaped entirely and victimized by Western intrusion Finally exploring the Arab Israel conflict the one sided case of postcolonial Arabism is explored and found to be faulty

Women's Emancipation Movements in the Nineteenth Century Sylvia Paletschek, 2005-11-14 The nineteenth century a time of far reaching cultural political and socio economic transformation in Europe brought about fundamental changes in the role of women Women achieved this by fighting for their rights in the legal economic and political spheres In the various parts of Europe this process went forward at a different pace and followed different patterns Most historical research up to now has ignored this diversity preferring to focus on women s emancipation movements in major western European countries such as Britain and France The present volume provides a broader context to the movement by including countries both large and small from all regions of Europe Fourteen historians all of them specialists in women s history examine the origins and development of women s emancipation movements in their respective areas of expertise By exploring the cultural and political diversity of nineteenth century Europe and at the same time pointing out connections to questions explored by conventional scholarship the essays shed new light on common developments and problems
