**Edward Bond and the Dramatic Child** David Davis,2005 Our future depends on the state of our imaginations Drama becomes more important as the world changes Plays young people write act in and watch are the blueprints of the world they will have to live in Edward Bond has chosen in recent years to focus much of his work on plays for young people arguing that drama helps children to know themselves and their world and their relation to it This book discusses some of his important plays for young people and offers case studies of various productions of them Contributors examine how the plays have been used by teachers and theatre companies with young people and they explore the demands of acting and staging Bond Contributors include Tony Coult Chris Cooper Katie Katafiasz John Doona Tony Grady and Bill Roper One chapter is taken from the notes of Geoff Gillham and one is written by Edward Bond The book will be of interest to those who work in drama with young people whether in theatre community work or in schools      *The Politics and Poetics of Contemporary English Tragedy* Sean Carney,2013-02-13 *The Politics and Poetics of Contemporary English Tragedy* is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney's attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic      *Philosophy for Children in Transition* Nancy Vansieleghem,David Kennedy,2012-01-17 *Philosophy for Children in Transition* presents a diverse collection of perspectives on the worldwide educational movement of philosophy for children Educators and philosophers establish the relationship between philosophy

and the child and clarify the significance of that relationship for teaching and learning today The papers present a diverse range of perspectives problems and tentative prospects concerning the theory and practice of Philosophy for Children today The collection familiarises an actual educational practice that is steadily gaining importance in the field of academic

philosophy Opens up discussion on the notion of the relationship between philosophy and the child **Religion, My Own**

**Community, Religion, and Literature** Cleanth Brooks, 1995 As the last collection of Cleanth Brooks's essays before his death *Community Religion and Literature* represents his final considered views on the reading of literature and the role it plays in our society He argues that the proper and essential role of literature lies in giving us our sense of community Yet he denounces the extent to which literature too is now being usurped by the critics who see writing as pure language He believes that just as religion renders truth of another sort so literature is an expression of the truth about human beings More and more in this age of science literature has assumed the burden of providing civilization with its values *Community Religion and Literature* offers students of literature the opportunity to understand what Cleanth Brooks was actually saying rather than what others have said he was saying ***Fires in the Dark*** Kay Redfield Jamison, 2024-05-14 The acclaimed author of *An Unquiet Mind* considers the age old quest for relief from psychological pain and the role of the exceptional healer in the journey back to health To treat even to cure is not always to heal In this expansive cultural history of the treatment and healing of mental suffering Kay Jamison writes about psychotherapy what makes a great healer and the role of imagination and memory in regenerating the mind From the trauma of the battlefields of the twentieth century to those who are grieving depressed or with otherwise unquiet minds to her own experience with bipolar illness Jamison demonstrates how remarkable psychotherapy and other treatments can be when done well She argues that not only patients but doctors must be healed She draws on the example of W H R Rivers the renowned psychiatrist who treated poet Siegfried Sassoon and other World War I soldiers and discusses the long history of physical treatments for mental illness as well as the ancient and modern importance of religion ritual and myth in healing the mind She looks at the vital role of artists and writers as well as exemplary figures such as Paul Robeson who have helped to heal us as a people *Fires in the Dark* is a beautiful meditation on the quest and adventure of healing the mind on the power of accompaniment and the necessity for knowledge ***Saved*** Edward Bond, 2014-01-08 Described by its author as almost irresponsibly optimistic *Saved* is a play set in London in the sixties Its subject is the cultural poverty and frustration of a generation of young people on the dole and living on council estates The play was first staged privately in November 1965 at the Royal Court Theatre before members of the English Stage Society in a time when plays were still censored With its scenes of violence including the stoning of a baby *Saved* became a notorious play and a cause célèbre In a letter to the Observer Sir Laurence Olivier wrote *Saved* is not a play for children but it is for grown ups and the grown ups of this country should have the courage to look at it *Saved* has had a marked influence on a whole new generation writing in the 1990s Edward Bond is a great playwright many particularly in continental Europe would say the greatest living English playwright Independent ***The Unknown Constellations*** Harvey Swados, 1995 ***Bond Plays: 8*** Edward Bond, 2013-10-28 Edward Bond *Plays 8* brings together recent work by the writer of the classic stage plays *Saved* *Lear* *The Pope's Wedding* and *Early Morning* The volume comprises five new plays and two prose essays *Two Cups* introductory essay *Born* the third play in the *Colline Tetralogy* the first two of which appear in

**Robert Lowell, Nihilist as Hero** Vereen M. Bell, 1983 Vereen Bell gives us a subtly reasoned account of the pattern of Lowell's poetry is characterized above all by its chronic and systematic pessimism but that paradoxically Lowell's reluctance to accept the consequences of his own unsparing vision is what gives his poetry its vigor richness and tonal complexity

*Re-reading Poets* Paul J. Kameen, 2014-01-31 In Re-reading Poets Paul Kameen offers a deep reflection on the importance of poets and poetry to the reader Through his historical philosophical scholarly and personal commentary on select poems Kameen reveals how these works have helped him form a personal connection to each individual poet He

relates their profound impact not only on his own life spent reading teaching and writing poetry but also their potential to influence the lives of readers at every level In an examination of works by William Wordsworth Samuel Taylor Coleridge Walt Whitman and others Kameen seeks to sense each author s way of seeing so that author and reader may meet in a middle ground outside of their own entities where life and art merge in deeply intimate ways Kameen counters ideologies such as New Criticism and poststructuralism that marginalize the author and instead focuses on the author as a vital presence in the interpretive process He analyzes how readers look to the past via tradition conceptualizing history in ways that pre process texts and make it difficult to connect directly to authors In this vein Kameen employs examples from T S Eliot Martin Heidegger and Mikhail Bakhtin Kameen examines how people become poets and how that relates to the process of actually writing poems He tells of his own evolution as a poet and argues for poetry as a means to an end beyond the poetic rather than an end in itself In *Re reading Poets* Kameen s goal is not to create a new dictum for teaching poetry but rather to extend poetry s appeal to an audience far beyond academic walls
