Radical Islam Medieval Theology And Modern Politics Enlarged Edition:

Radical Islam Emmanuel Sivan, 1990-09-26 In recent years radical fundamentalists have had a formidable intellectual and social impact on Sunni Islam countries such as Egypt Syria and Lebanon This highly acclaimed book by an eminent Arabist focuses on the development of Sunni Muslim fundamentalism discussing how it rejected Western values broke with pan Arabism and took on an activist political position This enlarged edition contains a new chapter In the Shadow of Khomeini which considers the growth and influences of Shi ite radicalism since the Iranian Revolution reviews the principal areas of controversy between Sunni and Shi ite Muslims and assesses whether rapprochement between the two groups is likely Review of the earlier edition Sivan not only introduces Western readers to scores of important but little known contemporary Islamic thinkers He also breaks new ground in his analysis of their work and activities Shaul Bakhash Wilson Quarterly A gem of a small book Sivan writes clearly dispassionately and with enviable command of his subject His book makes a large and almost entirely new body of information available Daniel Pipes The New Leader Not just scholars but everyone seriously interested in the contemporary Middle East is in Sivan's debt G H Jansen Los Angeles Times This study by Emmanuel Sivan is exceptional it is professional insightful and persuasive A well informed interpretation of recent events based directly on relevant Arabic writings Michael W Dols History Thorough thought provoking and very instructive William M Brinner Middle East Review Emmanuel Sivan is professor of history at Hebrew University and editor of the Jerusalem Sayvid Qutb's Radical Islamism and the Comparative Political Theology Dragos Stoica, 2025-02-15 Sayvid Qutb Quarterly s Radical Islamism and The Comparative Political Theology argues that Sayyid Outb's radical critique of secular modernity seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought Dragos Stoica claims that Sayyid Qutb's political theology of Hakimiyyah God's Sovereignty is better understood by integrating it in a wider context of the antimodern political theology Thus throughout this book he compares Qutb s critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi 1903 1979 the Spanish Catholic counter revolutionary political theologian Juan Donoso Cort s 1809 1853 as well as the Protestant political theologians Abraham Kuyper 1837 1920 and Rousas J Rushdoony 1916 2001 This book employs a family resemblance cross cultural comparative method and applies a cross disciplinary analytical model that combines comparative political theology with critical discourse analysis Employing these analytical instruments this book compares Qutb and his counterparts via the category of anti modern political theology more precisely through a set of shared antitheses organized around the master concept of God's Sovereignty The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti-modern political theology. Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God's Sovereignty placed within a larger cross cultural paradigm

this book contributes as well to the necessary process of decolonization of political theology <u>The Oxford Handbook of Islam and Politics</u> John L. seized by revolutionary students from the American Embassy during the infamous hostage crisis and debunks the myth that US officials were unaware of the nature of opposition to the Shah or of Soviet influence on senior clerics These findings are an essential addition to the discourse of foreign policy theorists and invaluable for historians of the US Iran and the Cold War

The 9/11 Commission Report National Commission O Terrorist Attacks, 2010-01-01 It has improbably been called uncommonly lucid even riveting by The New York Times and it was a finalist for the 2004 National Book Awards nonfiction honor It is a literally chilling read especially in its minute by minute description of the events of the morning of 9 11 inside the Twin Towers It is The 9 11 Commission Report which was before its publication perhaps one of the most anticipated government reports of all time and has been since an unlikely bestseller The official statement by the National Commission on Terrorist Attacks Upon the United States which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean it details what went wrong on that day such as intelligence failures what went right the heroic response of emergency services and self organizing civilians and how to avert similar future attacks Highlighting evidence from the day from airport surveillance footage of the terrorists to phone calls from the doomed flights and offering details that have otherwise gone unheard this is an astonishing firsthand document of contemporary history While controversial in parts it has been criticized for failing to include testimony from key individuals and it completely omits any mention of the mysterious collapse of WTC 7 it is nevertheless an essential record of one of the most transformational events of modern times The 9/11 Commission Report National Commission on Terrorist Attacks upon the United States, Thomas H. Kean, Lee Hamilton, 2004-07 Final report of the National Commission on Terrorist Attacks upon the United States On Salafism Azmi Bishara, 2022-09-27 On Salafism offers a compelling new understanding of this phenomenon both its development and contemporary manifestations Salafism became associated with fundamentalism when the 9 11 Commission used it to explain the terror attacks and has since been connected with the violence of the so called Islamic State With this book Azmi Bishara critically deconstructs claims of continuity between early Islam and modern militancy and makes a counterargument Salafism is a wholly modern construct informed by specific sociopolitical contexts Bishara offers a sophisticated account of various movements such as Wahabbism and Hanbalism frequently collapsed into simplistic understandings of Salafism He distinguishes reformist from regressive Salafism and examines patterns of modernization in the development of contemporary Islamic political movements and associations In deconstructing the assumptions of linear continuity between traditional and contemporary movements Bishara details various divergences in both doctrine and context of modern Salafisms plural On Salafism is a crucial read for those interested in Islamism jihadism and Middle East politics and history

Gross, 2007 Southeast Asia continues to beckon policymakers and

scholars alike to revisit its history in spite of the tomes of appraisals already written deconstructive or otherwise Because of a significant presence of Muslims in the region and particularly in the wake of 9 11 it invariably attracts the attention of foreign powers drawn by the specter of terrorism and focused on rooting out radical Islamist groups said to be working with al Qaeda Dr Max Gross has written an impressive account of the role of Islam in the politics of Southeast Asia anchored by a strong historical perspective and a comprehensive treatment of current affairs The result is very much a post 9 11 book The origins of Jemaah Islamiyah and its connections with al Qaeda are carefully detailed Yet unlike much of the post 9 11 analysis of the Muslim world Dr Gross s research has been successful in placing the phenomenon of terrorism within a larger perspective While recognizing that al Qaeda s influence on regional terror networks remains unclear it behooves us to be reminded that regardless of the nature and extent of the linkages to dismiss terrorism as a serious threat to security would be navve to the point of recklessness The Muslim Archipelago is a profoundly Islamic region and Jemaah Islamiyah is only a small portion of this reality The attention Dr Gross pays to ABIM in Malaysia of which I was a part and the civil Islam movement in Indonesia of which the late Nurcholish Madjid was a principal spokesman is greatly appreciated Those unfamiliar with the background and role of the traditional Islamic PAS party in Malaysia as well as the Darul Islam movement in Indonesia will find the author's account highly beneficial The MNLF the MILF and Abu Sayyaf in the Philippines as well as the various Islamic movements in southern Thailand are also carefully explained Key Islamic Political Thinkers John L. Esposito, Emad El-Din Shahin, 2018-08-08 Islam has become a potent political force around the world since it reemerged in the late 1960 s and 1970 s as a religio political alternative to failed nationalist ideologies In countries throughout the world individuals and movements have attempted to reconstruct the political economic and social dimensions of their societies along Islamic lines taking different approaches to the shari a and to the questions of whether and how to establish an Islamic state Key Islamic Political Thinkers offers an examination of some of the leading intellectuals behind the resurgence of political Islam The essays in this volume cover a selection of thinkers that is representative of the main strands of contemporary Muslim political thought It starts with the forefathers of contemporary political Islam Hasan al Banna and Abu al A la al Mawdudi analyzes the revolutionary ideas of Sayyid Qutb Ali Shari ati and Ayatollah Khomeini and ends with the intellectuals of political Islam Hassan al Turabi Rashid al Ghannoushi Yusuf al Qaradawi Muhammad Khatami and Abdolkarim Soroush who exemplify the diversity and complexity of contemporary Muslim political discourse This volume provides a valuable guide to the most important intellectual architects of the Islamic revival A Muslim Archipelago Max L. Gross, 2007 This book is with a contemporary focus Author Dr Max Gross s purpose is to use history to explain today s Islamic insurgencies in Indonesia Malaysia Thailand and the Philippines and to offer perspectives for the future Muslim Archipalego s unique contribution is that it brings together in one reference a mass of information on the insurgencies in Southeast Asia The country accounts are detailed and thorough as to events organizations dates and participants The

chronological context provides Dr Gross the opportunity to give insights about historical casualty His accounting highlights the interaction of the insurgencies within Southeast Asia and their international connection outside the region The detailed presentations in the chapters on Indonesia and Philippines are especially fruitful Included in this nearly 280 page book are detailed four color regional maps charts and historical photos spread throughout the text An extensive bibliography and index are included **The Middle East** ,1992 *Islam's Predicament with Modernity* Bassam Tibi,2009-02-25 This book presents an in depth cultural and political analysis of the issue of political Islam as a potential source of tensions and conflict and how this might be peacefully resolved Looking at modernity from an Islamic point of view the author analyses issues such as law knowledge and human rights
