Radicalism Cooperation And Socialism Leicester Working Class Politics 1860 1906:

The British Working Class 1832-1940 Andrew August, 2014-06-11 In this insightful new study Andrew August examines the British working class in the period when Britain became a mature industrial power working men and women dominated massive new urban populations and the extension of suffrage brought them into the political nation for the first time Framing his subject chronologically but treating it thematically August gives a vivid account of working class life between the mid nineteenth and mid twentieth centuries examining the issues and concerns central to working class identity Identifying shared patterns of experience in the lives of workers he avoids the limitations of both traditional historiography dominated by economic determinism and party politics and the revisionism which too readily dismisses the importance of class in British society

Socialism and Education in Britain 1883-1902 Kevin Manton, 2013-05-13 Examines the British socialist movement in the last two decades of the 19th century through its policies on children s education The author reassesses the nature of these policies and comments on the validity of those historiographical models used in analyses of the socialism of this period

Radicalism, Cooperation and Socialism Bill Lancaster, 1987 *The renewal of radicalism* Matthew Kidd, 2020-07-14 Kidd argues that emergence of Labour politics in southern England represented the renewal of the working class radical tradition Mapping the trajectory of Labour politics from its mid Victorian origins to the 1920s the book offers a new narrative that challenges conventional understandings of politics identity and ideology in modern England

Currents of Radicalism Eugenio F. Biagini, Alastair J. Reid, 1991-06-28 Those who were originally called radicals and afterwards reformers are called Chartists declared Thomas Duncombe before Parliament in 1842 a comment which can be adapted for a later period and as a description of this collection of papers those who were originally called Chartists were afterwards called Liberal and Labour activists In other words the central argument of this book is that there was a substantial continuity in popular radicalism throughout the nineteenth and into the twentieth century The papers stress both the popular elements in Gladstonian Liberalism and the radical liberal elements in the early Labour party The first part of the book focuses on the continuity of popular attitudes across the commonly assumed mid century divide with studies of significant personalities and movements as well as a local case study The second part examines the strong links between Gladstonian Liberalism and the working classes looking in particular at labour law taxation and the Irish crisis The final part assesses the impact of radical traditions on early Labour politics in Parliament the unions and local government The same attitudes towards liberty the rule of law and local democracy are highlighted throughout and new questions are therefore posed about the major transitions in the popular politics of the period

The Oxford Companion to Family and Local History David Hey, 2010-02-25 The Oxford Companion to Family and Local History is the most authoritative guide available to all things associated with the family and local history of the British Isles It provides practical and contextual information for anyone enquiring into their English Irish Scottish or Welsh origins and for anyone working in genealogical research or the

Popular Politics in Nineteenth Century England Rohan McWilliam,2012-11-12 Popular Politics in Nineteenth Century England provides an accessible introduction to the culture of English popular politics between 1815 and 1900 the period from Luddism to the New Liberalism This is an area that has attracted great historical interest and has undergone fundamental revision in the last two decades Did the industrial revolution create the working class movement or was liberalism which transcended class divisions the key mode of political argument Rohan McWilliam brings this central debate up to date for students of Nineteenth Century British History He assesses popular ideology in relation to the state the nation gender and the nature of party formation and reveals a much richer social history emerging in the light of recent historiographical developments

The Story of Leicester Siobhan Begley,2013-11-01 The Story of Leicester traces the evolution of this remarkable city When the Romans arrived they developed an existing settlement into Ratae an administrative capital During the Tudor Stuart and Georgian periods the town lost status but remained an important market town Industrialisation and population growth radically changed Leicester during Victorian times and it became prosperous its economy underpinned by the hosiery boot and shoe and engineering industries the basis of modern Leicester This popular history brings the story of the city up to date and provides new insights that will delight both residents and visitors

Radicalism, Cooperation and Socialism Bill Lancaster,1987

The Women's Suffrage Movement in Britain and Ireland Elizabeth Crawford,2013-04-15 In this comprehensive study Elizabeth Crawford provides the first survey of women s suffrage campaigns across the British Isles and Ireland focusing on local campaigns and activists Divided into thirteen sections covering the regions of England Wales Scotland and Ireland this book gives a unique geographical dimension to debates on the suffrage campaign of the nineteenth and early twentieth centuries Through a study of the grass roots activists involved in the movement Crawford provides a counter to studies that have focused on the politics and personalities that dominated at a national level and reveals that far from providing merely passive backing to the cause women in the regions were engaged in the movement as active participants Including a thorough inventory of archival sources and extensive bibliographical and biographical references for

each region including the addresses of campaigners this guide is essential for researchers scholars local historians and students alike After Chartism Margot C. Finn,1993 Working and middle class radical politics in England from the fall of Chartism in 1848 to the 1870s **The Practical Utopians** Steven Bernard Leikin,2005 An exploration of the ideological conflicts and practical experiences of late nineteenth century American workers who pursued cooperation as an alternative to competitive capitalism Between 1865 and 1890 in the aftermath of the Civil War virtually every important American labor reform organization advocated cooperation over competitive capitalism and several thousand cooperatives opened for business during this era The men and women who built cooperatives were practical reformers and they established businesses to stabilize their work lives families and communities Yet they were also utopians envisioning a world free from conflict where workers would receive the full value of their labor and freely exercise democratic citizenship in the political and economic realms Their visions of cooperation though were riddled with hierarchical notions of race gender and skill that gave little specific guidance for running a cooperative The Practical Utopians closely examines the experiences of working men and women as they built their cooperatives contested the meanings of cooperation and reconciled the realities of the marketplace with their various and often conflicting conceptions of democratic participation Steve Leikin provides new theories and examples of the failure and successes of the cooperative movement including how the Gilded Age s most powerful labor organization the Knights of Labor collapsed in the face of the expanding industrial economy Dealing with a critically important yet largely ignored aspect of working class life during the late nineteenth century The Practical Utopians brings crucial aspects of the cooperative movement to light and is a necessary study for all scholars of history labor history and political science **Claiming the City** Shelton Stromquist,2023-02-14 Winner of the International Labor History Association ILHA 2023 Book of the Year Award for labor history For more than a century municipal socialism has fired the imaginations of workers fighting to make cities livable and democratic At every turn propertied elites challenged their right to govern Prominent US labor historian Shelton Stromquist offers the first global account of the origins of this new trans local socialist politics He explains how and why cities after 1890 became crucibles for municipal socialism Drawing on the colorful stories of local activists and their social democratic movements in cities as diverse as Broken Hill Christchurch Malm Bradford Stuttgart Vienna and Hamilton OH the book shows how this new urban politics arose Long governed by propertied elites cities in the nineteenth century were transformed by mass migration and industrialization that tore apart their physical and social fabric Amidst massive strikes and faced with epidemic disease fouled streets unsafe water decrepit housing and with little economic security and few public amenities urban workers invented a local politics that promised to democratize cities they might themselves govern and reclaim the wealth they created This new politics challenged the class power of urban elites as well as the centralizing tendencies of national social democratic movements Municipal socialist ideas have continued to inspire activists in their fight for the right of cities to govern themselves Centennial History of the

Independent Labour Party David James, 2019-07-31 A History of the Independent Labour Party **After Socialism?** Andrew R. Morton, 1994 **The Greenian Moment** Denys Leighton, 2004 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought **The Greenian Moment** Denys P. Leighton, 2015-11-30 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought *Change, Continuity and Class* Neville Kirk, 1998 EU security governance assesses the effectiveness of the EU as a security actor The book has two distinct features Firstly it is the first systematic study of the different economic political and military instruments employed by the EU in the performance of four different security functions The book demonstrates that the EU has emerged as an important security actor not only in the

non traditional areas of security but increasingly as an entity with force projection capabilities Secondly the book represents an important step towards redressing conceptual gaps in the study of security governance particularly as it pertains to the European Union The book links the challenges of governing Europe s security to the changing nature of the state the evolutionary expansion of the security agenda and the growing obsolescence of the traditional forms and concepts of security cooperation

A People's History of Leicester Ned Newitt,2008 Presents a history of Leicester through the eyes of the Co operative Labour and Trade Union movements This book illustrates the long fight for democratic rights social welfare and better hours and conditions It features images of Leicester working people and their social and political organisations

The Changing Museum Clive Gray,2022-11-30 Using the example of New Walk Museum Leicester and its collections the complexity multi causality and reasons for change in museums are examined and explained The 170 years history of New Walk provides an original basis and innovative approach to be adopted towards explaining museum change The book makes use of original interview and archive material to examine how and why social economic political and professional developments affected the work that was undertaken in New Walk The time span covered is much longer than is normal for a book on museum history and is longer than for almost all the national museums in the UK with this allowing for a nuanced understanding of the causes and consequences of museum change over time The problems and possibilities of undertaking museum history research are also discussed Detailed examination of the ways in which a variety of societal developments fed into museum change is a key feature of the book The book is aimed at all those with an interest in understanding how and why change affects museum practice and will be of interest to museum professionals academics and students in museum studies history politics and sociology as well to the general museum visitor who would like to discover more about the institutions that they visit
