**Leslie J. Vaughan**

## **Radicalism In America:**

**Radicals in America** Howard Brick, Christopher Phelps, 2015-07-09 Radicals in America is a masterful history of controversial dissenters who pursued greater equality freedom and democracy and transformed the nation Written with clarity and verve Radicals in America shows how radical leftists while often marginal or ostracized could assume a catalytic role as effective organizers in mass movements fostering the imagination of alternative futures Beginning with the Second World War Radicals in America extends all the way down to the present making it the first comprehensive history of radicalism to reach beyond the sixties From the Communist Party and the Black Panther Party for Self Defense its coverage extends to the Battle of Seattle and Occupy Wall Street Each chapter begins with a particular life story including a Harlem woman deported in the McCarthy era a gay Japanese American opponent of the Vietnam War and a Native American environmentalist vignettes that bring to life the personal within the political

**The Death and Rebirth of American Radicalism** Stanley Aronowitz, 2013-09-13 The Death and Rebirth of American Radicalism differentiates the Social Justice Left from Cultural Radicalism and the various social movements for individual freedom In The Death and Rebirth of American Radicalism Stanley Aronowitz asks the question Is there anything left of the Left With the rise of Newt Gingrich and his Contract With America how is it that conservatism staged such a remarkable recovery after being discounted in the turbulent 1960s Aronowitz addresses these and other burning issues of contemporary politics

The New Radicalism in America (1889-1963) Christopher Lasch, 1965 Radicals in America Howard Brick, Christopher Phelps, 2015-07-15 Radicals in America offers the first complete and continuous history of left wing social movements in the United States from the Second World War to the present The book traces the full panoply of radical activist causes demonstrating how successive generations join currents of dissent face setbacks and political repression and generate new challenges to the status quo

Radicalism in America Sidney Lens, 1982 Transatlantic Radicals and the Early American Republic Michael Durey, 1997 In the transatlantic world of the late eighteenth century easterly winds blew radical thought to America Thomas Paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the Revolution In his wake followed more than 200 other radical exiles English Dissenters Whigs and Painites Scottish lads o parts and Irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation Michael Durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on American political thought Transatlantic Radicals uncovers the roots of their radicalism in the Old World and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country Nearly all of these radicals looked to Paine as their spiritual leader and to Thomas Jefferson as their political champion They held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of Jefferson s Republican Party Their divided views on slavery however reveal that democratic

republicanism was unable to cope with the realities of that institution As political activists during the 1790s they proved crucial to Jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the New World Although many of these men are known to us through other histories their influence as a group has never before been so closely examined Durey persuasively demonstrates that the intellectual ferment in Britain did indeed have tremendous influence on American politics His account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms Skillfully balancing a large cast of characters Transatlantic Radicals depicts the diversity of their experiences and shows how crucial these reluctant migr s were to shaping our republic in its formative years      **Randolph Bourne and the Politics of Cultural Radicalism** Leslie J. Vaughan,1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886 1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR      B.D. Amis, African American Radical B. D. Amis,2007 African American Communist B D Amis was a major figure in the black freedom struggle during the two decades between the world wars At that time the American Communist Party CPUSA played a significant role in fighting for the rights of African Americans Amis was part of the small circle of black radicals leading the struggle for workers rights and racial justice This anthology of his key writings and speeches reveals the deep commitment to the working class by his generation of African American Marxists His classics such as Lynch Justice at Work and They Shall Not Die as well as his speech nominating William Z Foster for president at the 1936 CPUSA Convention in Chicago are included This work also features important documents penned by Amis and found in the former Soviet archives and in the private holdings of the Amis Family It also includes many of Amis theoretical works found in international documents such as the CPUSA s International Press Correspondence and a selected bibliography on the research scholarship pertaining to African Americans and communism      **The New Radicalism in America** Christopher Lasch,1966      *Images of American Radicalism* Paul Buhle,Edmund B. Sullivan,1998      *American Political Radicalism* Gilbert Abcarian,1971      *The Rise and Fall of Leftist Radicalism in America* Edward Walter,1992-11-30 Analyzes the history of American radicals of the left from their emergence as an opinion shaping force during the Great Depression to the present and concludes that they have been a destructive force in American history      **The New Radicalism in America, 1889-1963** Christopher Lasch,1997      Three American Radicals Sender Garlin,2019-08-22 Sender Garlin is a veteran journalist and pamphleteer who has interviewed such figures as Theodore Dreiser Clarence Darrow and Emma Goldman and was present at all the Moscow purge trials of the 1930s Here he writes on three Americans involved in forging a new political

force before and just after the turn of the century      **Roots of Radicalism** ,1996-01-01 When *Roots of Radicalism* first appeared Nathan Glazer noted this is a major work on the relationship between radical politics and psychological development He went on to predict no one will be able to write about the left and radicalism without taking it into account Now finally available in a paperback edition with a new introduction the reader can evaluate just how prescient the authors are in their review of the student radical movement Replete with interviews of radical activists their provocative book paints a disturbing picture The book raises critical questions about much previous social science research and ultimately about the reason an entire generation of Americans was so infatuated with the radical mystique Robert A Nisbet called the book an extraordinarily skilled fusion of historical and psychological approaches to one of the most explosive decades in American social history Robert E Lane added it will be prudent to read Rothman and Lichter along with our well worn copies of Keniston and Fromm Writing in *Political Psychology* Dan E Thomas argued the book is arguably the most important and definitely the most provocative book in the field of personality and politics to have appeared in the past several years Recently in *Forbes* Peter Brimelow referred to *Roots of Radicalism* as Rothman's main achievement as a political scientist his definitive study of the 1960s New Left In the new introduction the authors review the initial reception of *Roots of Radicalism* and its subsequent treatment They also review the major literature on the causes course and consequences of the student movement of the 1960s which has appeared since the publication of the book Finally they update their own analysis

**Present-day Thoughts on the American Revolution** Charles McLean Andrews,1919      Routledge Handbook of Radical Politics Ruth Kinna,Uri Gordon,2019-05-16 Successive waves of global protest since 1999 have encouraged leading contemporary political theorists to argue that politics has fundamentally changed in the last twenty years with a new type of politics gaining momentum over elite representative institutions The new politics is frequently described as radical but what does radicalism mean for the conduct of politics Capturing the innovative practices of contemporary radicals Routledge Handbook of Radical Politics brings together leading academics and campaigners to answer these questions and explore radicalism's meaning to their practice In the thirty five chapters written for this collection they collectively develop a picture of radicalism by investigating the intersections of activism and contemporary political theory Across their experiences the authors articulate radicalism's critical politics and discuss how diverse movements support and sustain each other Together they provide a wide ranging account of the tensions overlaps and promise of radical politics while utilising scholarly literatures on grassroots populism to present a novel analysis of the relationship between radicalism and populism Routledge Handbook of Radical Politics serves as a key reference for students and scholars interested in the politics and ideas of contemporary activist movements      *Towards the Abolition of Whiteness* David R. Roediger,1994-03-17 Counting the costs of whiteness in the American past and present      American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History Gina Misiroglu,2015-03-26 Counterculture while commonly used to

describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation s history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index     Radical Dreams Elliott H. King, Abigail Susik, 2022-03-08 Surrealism is widely thought of as an artistic movement that flourished in Europe between the two world wars However during the 1960s 70s and 80s diverse radical affinity groups underground subcultures and student protest movements proclaimed their connections to surrealism Radical Dreams argues that surrealism was more than an avant garde art movement it was a living current of anti authoritarian resistance Featuring perspectives from scholars across the humanities and distinctively from contemporary surrealist practitioners this volume examines surrealism s role in postwar oppositional cultures It demonstrates how surrealism s committed engagement extends beyond the parameters of an artistic style or historical period with chapters devoted to Afro-surrealism Ted Joans punk the Situationist International the student protests of May 68 and other topics Privileging interdisciplinary transhistorical and material culture approaches contributors address surrealism s interaction with New Left politics protest movements the sexual revolution psychedelia and other subcultural trends around the globe A revelatory work Radical Dreams definitively shows that the surrealist movement was synonymous with cultural and political radicalism It will be especially valuable to those interested in the avant garde contemporary art and radical social movements In addition to the editors the contributors to this volume include Mikkel Bolt Rasmussen Jonathan P Eburne David Hopkins Claire Howard Michael L wy Alyce Mahon Gavin Parkinson Gr gory Pierrot Penelope Rosemont Ron Sakolsky Marie Arleth Skov Ryan Standfest and Sandra Zalman
