Rage Of Innocents:

American Awakening Joshua Mitchell, 2022-12-13 America has always been committed to the idea that citizens can work together to build a common world Today three afflictions keep us from pursuing that noble ideal The first and most obvious affliction is identity politics which seeks to transform America by turning politics into a religious venue of sacrificial offering For now the sacrificial scapegoat is the white heterosexual man After he is humiliated and purged who will be the object of cathartic rage White women Black men Identity politics is the anti egalitarian spiritual eugenics of our age It demands that pure and innocent groups ascend and the stained transgressor groups be purged The second affliction is that citizens oscillate back and forth in bipolar fashion at one moment feeling invincible on their social media platforms and the next feeling impotent to face the everyday problems of life without the guidance of experts and global managers Third Americans are afflicted by a disease that cannot quite be named characterized by an addictive hope that they can find cheap shortcuts that bypass the difficult labors of everyday life Instead of real friendship we seek social media friends Instead of meals at home we order fast food Instead of real shopping we shop online Instead of counting on our families and neighbors to address our problems we look to the state to take care of us In its many forms this disease promises release from our labors yet impoverishes us all *American Awakening* chronicles all of these problems yet gives us hope for the future **A Rage of**

reevaluation has been taking place of the colonial Puritan imagination With the growth of interest in early American literature has come increasing recognition of its quality and a better understanding of its place in the continuity of American culture However much of the best critical work to date has been published as articles in scholarly journals and in bringing together for the first time the best work in this growing field the present anthology fills a number of important needs It is at once a valuable and accessible introduction for students a summing up of a new enterprise and a guide for further studies **The**
