**The Secret War in Laos and General Vang Pao 1958-1975** Billy G. Webb,2016-06-10 From 1961-1975 the United States found itself embroiled in two wars in Southeast Asia but for most of that time the citizens of our country were aware of only one While scenes from Vietnam made the national news few Americans knew that their countrymen were also fighting a secret war in the tiny kingdom of Laos Billy G Webb s book peels back the layers of secrecy revealing the truth about a conflict waged below the radar against the relentless forces of Communism His story celebrates the near forgotten sacrifices of not just the United States and allied soldiers but courageous civilians as well **To Hanoi And Back: The United States Air Force And North Vietnam 1966-1973 [Illustrated Edition]** Dr Wayne Thompson,2014-08-15 Includes 3 maps and 40 photographs No experience etched itself more deeply into Air Force thinking than the air campaigns over North Vietnam Two decades later in the deserts of Southwest Asia American airmen were able to avoid the gradualism that cost so many lives and planes in the jungles of Southeast Asia Readers should come away from this book with a sympathetic understanding of the men who bombed North Vietnam Those airmen handled tough problems in ways that ultimately reshaped the Air Force into the effective instrument on display in the Gulf War This book is a sequel to Jacob Van Staaveren s Gradual Failure The Air War over North Vietnam 1965-1966 which we have also declassified and are publishing Wayne Thompson tells how the Air Force used that failure to build a more capable service a service which got a better opportunity to demonstrate the potential of air power in 1972 Dr Thompson began to learn about his subject when he was an Army draftee assigned to an Air Force intelligence station in Taiwan during the Vietnam War He took time out from writing To Hanoi and Back to serve in the Checkmate group that helped plan the Operation Desert Storm air campaign against Iraq Later he visited Air Force pilots and commanders in Italy immediately after the Operation Deliberate Force air strikes in Bosnia During Operation Allied Force over Serbia and its Kosovo province he returned to Checkmate Consequently he is

keenly aware of how much the Air Force has changed in some respects how little in others Although he pays ample attention to context his book is about the Air Force He has written a well informed account that is both lively and thoughtful

Select Committee on Missing Persons in Southeast Asia,1976 **Airborne Landing to Air Assault** Nikolaos Theotokis,2020-07-30 A complete history of paratroopers and their role in modern war including a glossary and photos Many books have been written about military parachuting particularly about famous operations like Crete and Arnhem in the Second World War and notable units like the British Parachute Regiment and the US 101st Airborne Division but no previous book has covered the entire history of the use of the parachute in warfare In this valuable study Nikolaos Theotokis traces in vivid detail the development of parachuting over the last hundred years and describes how it became a standard tactic in twentieth century conflicts As well as depicting a series of historic parachute operations all over the world he recognizes the role of airmen in the story for they were the first to use the parachute in warfare when they jumped from crippled planes in combat conditions Adapting the parachute for military purposes occurred with extraordinary speed during the First World War and by the time of the Second World War it had become an established technique for special operations and offensive actions on a large scale The range of parachute drops and parachute led attacks was remarkable and all the most dramatic examples from the world wars and lesser conflicts are recounted in this graphic and detailed study The role played by parachute troops as elite infantry is also a vital part of the narrative as is the way in which techniques of air assault have evolved since the 1970s **Airlift** ,1985
