

# Raider Battalion

**Jon T. Hoffman**

## **Raider Battalion:**

**The Do-Or-Die Men** George W. Smith,2003-08-26 The captivating real life account of the formation training and courageous fighting of the American soldiers who won everlasting glory during the World War II battle for Guadalcanal Original US Marine Corps Raider 1942-43 Ed Gilbert,2012-04-20 The US Marine Raider was an elite within an elite Modeled on British Commandoes they were the earliest forerunners of the various special operations units of the modern US military These units would conduct operations with only the equipment they could carry on their backs their heaviest weapons were light mortars and light machine guns Highly trained in close in fighting the Raiders were expected to be equally skilled in watercraft jungle survival and jungle warfare This book details the Raiders experiences through some of the toughest raining ever to be experienced by a Marine and onto combat during the Makin Raid and through the horrific jungle battles of the Solomon Islands Edson's Raiders Joseph H. Alexander,2000 The story of the remarkable men of 1st Marine Raider Battalion known by the name of its founding commander the legendary jungle fighter Merritt A Red Mike Edson

**From Makin to Bougainville: Marine Raiders in the Pacific War** Jon T. Hoffman,2022-06-02 The work is part of a memorial series paying tribute to the heroic US Marine during World War II Jon T Hoffman focuses on a noble commando unit of the Marines the Raiders and the brave deeds performed by them in the Pacific It s an enlightening and exciting narrative of the Marine Raiders relatively concise in nature a story of a small group of Marines ahead of their time The work also candidly looks at some of the early marine operations that were not that celebrated With adequate details this report maintains the reader s interest and keeps one wanting to know more The author has also included useful maps and pictures at critical points in the story With ample historical references on specific units actions it s a great general reference to the history of the Marine Raiders The author of this work Jon Hoffman retired as a colonel from the Marine Corps Reserve in 2008 after thirty years as an infantry officer and field historian including seventeen years of active duty Raider Battalion Edwin Palmer Hoyt,1980 **Marine Raiders** Carole Engle Avriett,2021-08-31 At the beginning of World War II the U S Marines set out to form the most ruthless skilled and effective fighters the world had ever seen a select group to conduct special operations at the highest level in the Pacific theater They were known as the Marine Raiders Marksmen brawlers and tacticians the Marine Raiders could accomplish their objective before the enemy even knew they were there Jacket **Our Kind of War** R. G. Rosenquist,Martin J. Sexton,Robert A. Buerlein,1991-10 *The Raider* Stephen R. Platt,2025-05-13 The extraordinary life of forgotten World War II hero Evans Carlson commander of America s first special forces secret confidant of FDR and one of the most controversial officers in the history of the Marine Corps who dedicated his life to bridging the cultural divide between the United States and China He was a gutsy old man A corker said another You couldn t find anyone better They talked about him in hushed tones This Major Carlson wrote one of the officers in a letter home is one of the finest men I have ever known These were the words of the young Marines training to be among the first U S troops to enter the

Second World War and the Major Carlson they spoke of was Evans Carlson a man of mythical status even before the war that would make him a military legend By December of 1941 at the age of forty five Carlson had already faced off against Sandinistas in the jungles of Nicaragua and served multiple tours in China where he embedded with Mao s Communist forces during the Sino Japanese War Inspired by their guerilla tactics and their collaborative spirit which he d call gung ho introducing the term to the English language and driven by his own Emersonian ideals of self reliance Carlson would go on to form his renowned Marine Raiders the progenitors of today s special operations forces who fought behind Japanese lines on Makin Island and Guadalcanal showing Americans a new way to do battle In The Raider Cundill Prize winning historian Stephen R Platt gives us the first authoritative account of Carlson s larger than life exploits the real story based on years of research including newly discovered diaries and correspondence in English and Chinese with deep insight into the conflicted idealism about the Chinese Communists that would prove Carlson s undoing in the McCarthy era Tracing the rise and fall of an unlikely American war hero The Raider is a story of exploration of cultural mis understanding and of one man s awakening to the sheer breadth of the world *US Special Warfare Units in the Pacific Theater 1941-45* Gordon L.

Rottman,2013-08-20 The bitter fighting in the Pacific Theater required new forms of warfare and the gathering of detailed intelligence information on the remote and varied islands and their determined defenders As a result new scout raider and reconnaissance units were formed the pioneers of today s special forces Some units were small while others comprised thousands of men All contributed significantly to the war effort This book examines a wide range of PTO special warfare units including the Alaskan and Alamo scouts 5217th 1st Recon Battalion Marine Amphibious Recon and Raider units Amphibious Scouts and 6th Ranger Battalion *U.S. Marine Corps Special Units of World War II* Charles L. Updegraph,1972 *Elite Warriors* Lance Q. Zedric,Michael F. Dilley,1996 Chronicling America s elite units from the late 17th century to the present day this gives an informative and interesting examination of the men who comprised the U S military elite **From Makin to Bougainville** Jon T. Hoffman,2013-12 In February 1942 Lieutenant General Thomas Holcomb the Commandant of the Marine Corps ordered the creation of a new unit designated the 1st Marine Raider Battalion This elite force and its three sister battalions went on to gain considerable fame for fighting prowess in World War II There is more to the story of these units however than a simple tale of combat heroics The inception growth and sudden end of the raiders reveals a great deal about the development and conduct of amphibious operations during the war and about the challenges the Corps faced in expanding from 19 000 men to nearly a half million The raiders also attracted more than their share of strong leaders The resulting combination of courage doctrine organization and personalities makes this one of the most interesting chapters in Marine Corps history This author examines the history of the Marine Raiders in the Pacific War **USMC Raiders, WWII Fact Sheet**,1995 *US Marine Corps 1941-45* Gordon L. Rottman,2012-09-20 While the US Marine Corps was one of the smallest of American armed services in World War II its contribution to the final victory cannot be overstated The US Marine

Corps may have only comprised 5 percent of America's armed forces but it suffered 10 percent of all World War II combat casualties. Above all, the amphibious nature of the war in the Pacific imposed on the Marine Corps greater tasks than any it had ever before been called upon to perform. This title details the organization, weapons, and equipment of the US Marines of World War II.

**Commando Joe: Lt. Joseph Fournier Marine Raider** Pat Lavarney, 2018-12-06 Merriam Press World War 2 Biography. 1st Lt. Joseph Fournier was KIA on Peleliu's Bloody Nose Ridge, one of the courageous officers leading an infantry company of the 1st Marines in September 1944. He died exactly twenty-four months to the day of accepting his commission as an officer in the USMCR. Seventy years after his death, the need to record his story came from a Marine who served in Lt. Fournier's Company, a niece's need to fulfill her mother's wishes, and newspaper clippings kept by his mother almost lost to a shredder. A life tangled with famous names and organizations, Lt. Fournier, known as Commando Joe to his Marines, was a man who would still fit in with the Marines of today. He was a Sea-Worthy Marine, a Raider before the battalions were fully functional, and a member of The Old Breed. 26 photos.

**Special Marine Corps Units Of World War II [Illustrated Edition]** Charles L. Updegraph Jr., 2015-11-06. Includes more than 25 maps and illustrations. During World War II, a variety of new and experimental units were organized by the Marine Corps to enhance the capabilities of the Corps. For the first time under one cover, this historical reference pamphlet tells of the development, deployment, and eventual demise of the five types of special units: raiders, parachutists, glider forces, barrage balloon squadrons, and base defense battalions. Official records of the Marine Corps and appropriate historical works were utilized in compiling this chronicle. Among the proudest traditions of the United States Marine Corps is the legend "First to Fight." This recognized ability to deploy effective forces in a minimum of time to meet any contingency is not easily maintained. It requires a careful evaluation of international trends and a constant reappraisal of the tactics and forces necessary to meet any crisis. The types of forces which must be maintained and the structure of these forces must be reviewed and updated. During the middle and late 1930s, concurrently with the Japanese expansion into northern China, the Marine Corps studied and refined its amphibious doctrine. Subsequently, the Corps stepped up its experimentation with new theories and methods to meet world-wide contingencies. Especially in the aftermath of the outbreak of war in Europe, the United States military establishment undertook a reexamination of its resources and capabilities. The Marines were among the most aggressive when it came to adapting current forces to future requirements. A number of the units which emerged from this period and from the early war years were either overtaken by events during the course of the war or never lived up to their original promise. In these cases, the Marine Corps reorganized or disbanded the units as dictated by the tactical requirements. This monograph traces the origin, formation, deployment, and eventual demise of five such units.

**From Makin to Bougainville** Jon T. Hoffman, 1995

**Preparing for Victory** David J. Ulbrich, 2011-04-15. Preparing for Victory explains how and why Commandant Thomas Holcomb successfully supervised the dramatic expansion of the Marine Corps from 18,000 officers and men in 1936 to 385,000 in 1943. Not only did Holcomb

leave the Corps much larger but he also helped establish it as the United States premier amphibious assault force and a major contributor to victory over Japan Despite Holcomb s successes he has been ignored or given short shrift in most histories of the Marine Corps No book length study of his commandancy exists until now Drawing on a wide range of printed and archival sources my book contends that Holcomb expertly guided the Corps preparations for war during the last years of the Great Depression and then provided his Leathernecks with astute direction during the first harrowing twenty five months of World War II When measured with principles of organization theory and leadership studies Holcomb s abilities and achievements match those of such outstanding American military managers as Dwight D Eisenhower Chester W Nimitz and George C Marshall Like these unassuming yet efficient officers Holcomb shied away from the limelight and therefore never garnered the attention that Chesty Puller or Howlin Mad Smith have This book fills a void and tells the story of one of the key leaders in World War II More than any other marine Holcomb molded his Corps into the modern force in readiness that would eventually help fight the Cold War and the Global War on Terror      **Guadalcanal 1942-43** Mark Stille,2015-08-20

The Guadalcanal campaign began with an amphibious assault in August 1942 the US s first attempt to take the fight to the Japanese It escalated into a desperate attritional battle on land air and sea and by the time the Japanese had evacuated the last of their forces from the island in 1943 it was clear that the tide of the war had turned The inexorable Japanese advance and the myth of Japanese invincibility shattered In this new study of the campaign Pacific War expert Mark Stille draws on both US and Japanese sources to give a balanced and comprehensive account of a crucial brutal conflict Analyzing the three Japanese attempts to retake the island in the face of ferocious American resistance this book shows how the battle was won and lost and how it affected the outcome of the Pacific War as a whole      **The Trident** ,1957

## Reviewing **Raider Battalion**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing.
