Mixed Race Britain in The Twentieth Century Chamion Caballero, Peter J. Aspinall, 2018-05-07 This book explores the overlooked history of racial mixing in Britain during the course of the twentieth century a period in which there was considerable and influential public debate on the meanings and implications of intimately crossing racial boundaries Based on research that formed the foundations of the British television series *Mixed Britannia* the authors draw on a range of firsthand accounts and archival material to compare official accounts of racial mixing and mixedness with those told by mixed race people couples and families themselves *Mixed Race Britain in The Twentieth Century* shows that alongside the more familiarly recognised experiences of social bigotry and racial prejudice there can also be glimpsed constant threads of tolerance acceptance inclusion and ordinariness It presents a more complex and multifaceted history of mixed race Britain than is typically assumed one that adds to the growing picture of the longstanding diversity and difference that is and always has been an ordinary and everyday feature of British life *Black Theology as Mass Movement* C. Howard, 2014-04-16 *Black Theology as Mass Movement* is a call to current and future theologians to stretch the boundaries of Black Liberation Theology from what has become primarily an academic subfield into a full fledged liberation movement beyond the walls of the academy **International Perspectives on Racial and Ethnic Mixedness and Mixing** Rosalind Edwards, 2012

Contributors to this international and interdisciplinary collection interrogate notions of mixedness and mixing and challenge stereotypical assumptions They advance debates in the field through illuminating the complexity of specific historical trajectories administrative practices and lived experience *Migration, Ethnicity, Race, and Health in Multicultural Societies* Raj S. Bhopal, 2014 This book discusses the concepts of migration race and ethnicity and demonstrates how these can be applied in scientific research policy making health service planning and health promotion Extensive examples are used to demonstrate the application of the theory *Red and Yellow, Black and Brown* Joanne L. Rondilla, Rudy P. Guevarra, Paul Spickard, 2017-07-03 *Red and Yellow Black and Brown* gathers together life stories and analysis by twelve contributors who express and seek to understand the often very different dynamics that exist for mixed race people who are not part white The chapters focus on the social psychological and political situations of mixed race people who have links to two or more peoples of color Chinese and Mexican Asian and Black Native American and African American South Asian and Filipino Black and Latino a and so on *Red and Yellow Black and Brown* addresses questions surrounding the meanings and communication of racial identities in dual or multiple minority situations and the editors highlight the theoretical implications

of this fresh approach to racial studies **Mixed Family Life in the UK** M. Nakamura Lopez, 2017-09-03 This book offers a nuanced picture of mixed family life in the UK Specifically the book explores how parents from different backgrounds create a place of belonging for their children while also negotiating difference and attempting to transmit various aspects of their cultures including religion hobbies language and food to their mixed children Based on data collected from 26 months of fieldwork the author concludes that the intergenerational transmission of culture instead of being tied to the idea of national culture is actually more organic and fluid allowing individuals to share their cultures from traditions and customs to preferences and habits with the next generation As mixedness increasingly becomes the norm in our global society the book will be of interest to students and scholars of race ethnicity and family studies as well as social workers school teachers counsellors and parents and kin of mixed children **Color Struck** Julius O. Adegunle, Hettie V. Williams, 2010-02-24 Color Struck Essays of Race and Ethnicity in Global Perspective is a compilation of expositions on race and ethnicity written from multiple disciplinary approaches including history sociology women s studies and anthropology This book is organized around a topical chronological framework and is divided into three sections beginning with the earliest times to the contemporary world The term race has nearly become synonymous with the word ethnicity given the most recent findings in the study of human genetics that have led to the mapping of human DNA Color Struck attempts to answer questions and provide scholarly insight into issues related to race and ethnicity **'Mixed Race' Studies** Jayne O. Ifekwunigwe, 2015-03-24 Mixed race studies is one of the fastest growing as well as one of the most important and controversial areas in the field of race and ethnic relations Bringing together pioneering and controversial scholarship from both the social and the biological sciences as well as the humanities this reader charts the evolution of debates on race and mixed race from the nineteenth to the twenty first century The book is divided into three main sections tracing the origins miscegenation moral degeneracy and genetics mapping contemporary and foundational discourses mixed race identities politics and celebration debating definitions multiraciality census categories and critiques This collection adds a new dimension to the growing body of literature on the topic and provides a comprehensive history of the origins and directions of mixed race research as an intellectual movement For students of anthropology race and ethnicity it is an invaluable resource for examining the complexities and paradoxes of racial thinking across space time and disciplines **The Biopolitics of Mixing** Jintana Haritaworn, 2016-03-23 Debates over who belongs in Europe and who doesn t increasingly speak the language of mixing but how are the figures commonly described as mixed actually embodied The Biopolitics of Mixing invites us to reckon with the spectres of pathologization past and present placing the celebration of mixing beside moral panics over terrorism and trafficking and a post race multiculturalism that elevates some as privileged members of the neoliberal community whilst ghosting others from it Drawing on a broad archive including rich qualitative interviews conducted in Britain and Germany media and policy debates popular culture race based research and queer of colour theories this book

and its impact on mixed couples and families in Soviet Central Asia In marked contrast to its Cold War rivals the Soviet Union celebrated mixed marriages among its diverse ethnic groups as a sign of the unbreakable friendship of peoples and the imminent emergence of a single Soviet people Yet the official Soviet view of ethnic nationality became increasingly primordial and even racialized in the USSR's final decades In this context Adrienne Edgar argues mixed families and individuals found it impossible to transcend ethnicity fully embrace their complex identities and become simply Soviet Looking back on their lives in the Soviet Union ethnically mixed people often reported that the official nationality in their identity documents did not match their subjective feelings of identity that they were unable to speak their own native language and that their ambiguous physical appearance prevented them from claiming the nationality with which they most identified In all these ways mixed couples and families were acutely and painfully affected by the growth of ethnic primordialism and by the tensions between the national and supranational projects in the Soviet Union Intermarriage and the Friendship of Peoples is based on more than eighty in depth oral history interviews with members of mixed families in Kazakhstan and Tajikistan along with published and unpublished Soviet documents scholarly and popular articles from the Soviet press memoirs and films and interviews with Soviet era sociologists and ethnographers

Janis, 2016-02-01 In *Are You Mixed* Sonia Janis explores the spaces in between race and place from the perspective of an educator who is multi racial As she reflects on her own experiences as a seventh grade student up to her eventual appointment as a school administrator she learns of the complexity of situating oneself in predetermined demographic categories She shares how she explores the intricacies of undefined spaces that teach her to embrace differences contradictions and complexities in schools neighborhoods and communities Exploring the in betweenness Anzaldúa He 2003 2010 of her life as a multi race person problematizes imbedded notions of race gender class and power The power of this memoir lies in its narrative possibilities to capture the contradictions and paradoxes of lives in between race and place to honor the subtleties fluidities and complexities of such experience and to cultivate understanding towards individual experience and the multicultural multiracial contexts that shape and are shaped by such experience He 2003 p xvii This memoir creates new ways to think about and write about in between experience and their relevance to multicultural and multiracial education Janis challenges educators teachers administrators and policy makers to view the educational experience of students with multiracial multicultural and multilingual backgrounds by shattering predetermined categories and stereotyped classifications and looking into unknown and fluid realms of the in betweenness of their lives This challenge helps create equitable and just opportunities and engender culturally responsive and inspiring curricular and learning environments to bring out the best potential in all diverse schools communities neighborhoods tribes and societies

D. Grillo,2008 The family lives of immigrants and ethnic minority populations have become central to arguments about the right and wrong ways of living in multicultural societies While the characteristic cultural practices of such families have long been scrutinized by the media and policy makers these groups themselves are beginning to reflect on how to manage their family relationships Exploring case studies from Austria the Netherlands Norway Portugal Spain Switzerland the United Kingdom and Australia The Family in Question explores how those in public policy often dangerously reflect the popular imagination rather than recognizing the complex changes taking place within the global immigrant community In hoeverre allochtonen vrij zijn hun cultuur te uiten in de multiculturele samenleving staat bijna dagelijks ter discussie in de media en politiek Vaak wordt vergeten dat ook migrantenfamilies zelf worstelen om hun tradities en gebruiken vorm te geven in een pluriforme samenleving waarin relaties met familie zeer complex kunnen zijn In The Family Question worden migrantenfamilies in onder andere Nederland Oostenrijk en Noorwegen onderzocht Hieruit blijkt dat spelers op het vlak van beleidsvorming vaak toegeven aan populaire misverstanden over allochtonen en zo bijdragen aan de heersende xenofobie en stereotypering van immigranten

Multicultural America Carlos E. Cortés,2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal

Race in Mind Paul Spickard, 2015-11-19 These essays analyze how race affects people s lives and relationships in all settings from the United States to Great Britain and from Hawai i to Chinese Central Asia They contemplate the racial positions in various societies of people called Black and people called White of Asians and Pacific Islanders and especially of those people whose racial ancestries and identifications are multiple Here for the first time are Spickard s trenchant analyses of the creation of race in the South Pacific of DNA testing for racial ancestry and of the meaning of multiplicity in the age of Barack Obama
