**Railroading West** Jeffrey T. Brouws, Ronald C. Hill, 1979      *Railroading West* Jeffrey T. Brouws, Ronald C. Hill, 1975

**Glimpses of Phoenix** David William Foster, 2013-05-01 Part of the self image of Phoenix is that the city has no history and that anything of importance happened yesterday Also that Phoenix the Arizona state capital is a clean city despite a past of police corruption and social oppression The real Phoenix easygoing sun drenched a place of ever expanding development and economic growth guarantees it is said an enviable lifestyle low taxes and unfettered personal freedom and opportunity Little of this is true Phoenix has been described as one of the least sustainable cities in the country This sixth largest urban area of the United States has an alarmingly superficial and tourism oriented discourse among its leaders This book examines a series of narrative works novels theater chronicles investigative reporting personal accounts editorial cartooning even a children s television program that question this discourse in a frequently stinging fashion The works examined are anchored in a critical understanding of the dominant urban myths of Greater Phoenix and an awareness of how all the newness modernity and fun in the sun mentality mask a uniquely dystopian human experience      **Railfan & Railroad** ,2005      The Era of Iron Horses: A Glimpse of America's Railroading Past Pasquale De Marco, 2025-05-09 The Era of Iron Horses A Glimpse of America s Railroading Past is a comprehensive and captivating exploration of the transformative impact of the railroad on the American experience From the birth of the steam locomotive to the rise of the diesel engine the railroad revolutionized transportation opened up the vast American frontier and played a pivotal role in shaping the nation s economy society and culture In The Era of Iron Horses A Glimpse of America s Railroading Past Pasquale De Marco traces the fascinating history of the iron horse bringing to life the larger than life characters who shaped the industry and the pivotal events that unfolded along the rails Through vivid descriptions and captivating anecdotes the book delves into the railroad s role in westward expansion the Civil War and the Industrial Revolution It examines the complex relationship between the railroad and the American environment its role in shaping cities and suburbs and its enduring presence in American literature music and film Whether you re a seasoned railfan or simply curious about the history of this iconic industry The Era of Iron Horses A Glimpse of America s Railroading Past offers a captivating and informative journey through the golden age of railroading and its lasting legacy on the American experience If you like this book write a review on google books

**Literature** Association of American Railroads, 1976      A Pioneer Railway of the West Maude Ward Lafferty, 2019-12-09 In A Pioneer Railway of the West Maude Ward Lafferty masterfully chronicles the ambitious efforts to establish rail transport across the rugged terrains of the American West Blending meticulous historical research with vivid narrative techniques Lafferty captures the trials and triumphs of railway pioneers Set against the backdrop of America s westward expansion her prose conveys the grit and determination of those who dared to venture into the unknown emphasizing both the

technological innovations and the socio economic transformations spurred by railway development Lafferty s deep engagement with the historical context enriches the text making it a vital contribution to the genres of historical fiction and regional literature in the early 20th century Maude Ward Lafferty was not only an accomplished author but also an astute observer of American society during a time of rapid change Her own life experiences growing up in the early 20th century amidst the burgeoning landscape of industrialization and social shifts greatly influenced her storytelling Lafferty s passion for history and an earnest desire to document the lives of ordinary people during significant historical periods led her to illuminate the narratives of those pioneering the railroads Recommended for readers interested in American history engineering marvels and human perseverance A Pioneer Railway of the West serves as an enlightening journey into the heart of America s expansion identity Lafferty s compelling portrayal of determination and vision makes this work an essential exploration for those passionate about the enduring legacy of the West **American Book Publishing Record** ,1984-04

**Traqueros** Jeffrey Marcos Garcilazo,2012 Perhaps no other industrial technology changed the course of Mexican history in the United States and Mexico than did the coming of the railroads Tens of thousands of Mexicans worked for the railroads in the United States especially in the Southwest and Midwest Construction crews soon became railroad workers proper along with maintenance crews later Extensive Mexican American settlements appeared throughout the lower and upper Midwest as the result of the railroad The substantial Mexican American populations in these regions today are largely attributable to 19th and 20th century railroad work Only agricultural work surpassed railroad work in terms of employment of Mexicans The full history of Mexican American railroad labor and settlement in the United States had not been told however until Jeffrey Marcos Garc lazo s groundbreaking research in Traqueros Garc lazo mined numerous archives and other sources to provide the first and only comprehensive history of Mexican railroad workers across the United States with particular attention to the Midwest He first explores the origins and process of Mexican labor recruitment and immigration and then describes the areas of work performed He reconstructs the workers daily lives and explores not only what the workers did on the job but also what they did at home and how they accommodated and or resisted Americanization Boxcar communities strike organizations and traquero culture finally receive historical acknowledgment Integral to his study is the importance of family settlement in shaping working class communities and consciousness throughout the Midwest **National Union Catalog**
