The Railway Year Book ,1902 The Railway Magazine ,1901 *Railway & Travel Monthly* ,1921 **Railway Official Gazette** ,1913 The Impact of the Railway on Society in Britain A. K. B. Evans,J.V. Gough,2017-03-02 Jack Simmons perhaps more than any other single scholar is responsible for the advancement of the academic study of transport history As well as being a co founder of the Journal of Transport History he wrote extensively on a variety of transport related topics and was instrumental in developing the London Transport and the National Railway museums Whilst his death in September 2000 at the age of 85 was a sad loss to the world of transport history the achievements of his life celebrated in this festschrift remain a lasting legacy to succeeding generations of scholars in many fields Concentrating on the theme of the railways and how they dramatically affected the development of Britain and her society this collection touches on numerous issues first highlighted by Professor Simmons which are now central to academic study These include the men who built the railways those who financed the enterprise how the railways affected such everyday issues as tourism the arts and politics as well as the lasting legacy of the railways in a country now dominated by the private car This volume written by former friends students and colleagues of Professor Simmons reflects these interests and provides a fitting tribute to one of the truly great British historians of the twentieth century The Railway Times ,1880 Railway Times ,1841 **The Kent & East Sussex Railway, 1974-2004** Nick Pallant,2025-03-30 Over thirty years ago Nick Pallant told the story of the struggle to save one of Britain s best loved heritage railways in Holding the Line Preserving the Kent East Sussex Railway Alan Sutton Publishing That book concluded its detailed coverage with the partial reopening of the K ESR in 1974 This new account continues the story over the thirty years which followed The first 12 chapters mainly rely on secondary sources particularly the K ESR s house journal the Tenterden Terrier Later chapters describe the years after he returned as a volunteer following over two decades as an armchair member and includes his subsequent experiences as a K ESR employee and Company Secretary The key points in the story are the extensions to the line which followed the reopening of a short section in 1974 There is also coverage of the scheme to rebuild the lost section between Bodiam and the national network at Robertsbridge The growth of passenger traffic is detailed along with all the problems and achievements encountered along the way The narrative is intertwined with anecdotes of heritage railway life in all its hopes frustrations humour and comradeship Having begun by briefly recalling the K ESR s history prior to 1974 the book puts matters into further perspective by concluding with a summary of the major events from 2004 to the third decade of the 21st century The Speaker ,1898 **The Railway Experience** Paul Atterbury,2017-02-23 Britain is a country in love with its railway past Nowhere else do the workhorses of the age of steam exert such a pull in no other country is the nostalgia for the days when the railways extended to every corner of the kingdom so strong However the history of station buildings and signal boxes steam and diesel engines goods and postal services main lines and branch lines is only part of the story told here As a

cherished part of Britain's heritage it is the impact of the railways on a human level that has truly captured our imagination In more than 50 photographs many of which are previously unpublished Paul Atterbury reveals the people who ran maintained and used them the people for whom the railways were a way of life **The Sketch** ,1898 The Lancet ,1896
