Rain-charm for the Duchy and Other Laureate Poems, 1992 **The Poetry of Ted Hughes** Sandie Byrne, 2014-08-15 This Reader's Guide charts the reception history of Ted Hughes poetry from his first to last published collection culminating in posthumous tributes and assessments of his lifetime achievement Sandie Byrne explores the criticism relating to key issues such as nature myth the Laureateship and Hughes relationship with Sylvia Plath **O** Craig Brown, 2024-10-01 With equal measures of wit and wisdom the author of 99 Glimpses of Princess Margaret draws a deeply original hilarious and telling portrait of the Queen herself She was the most famous person on earth she first appeared on the cover of Time magazine at the age of three When she died few people were old enough to recall a time when she was not alive Her likeness has been reproduced in photographs on stamps on the notes and coins of thirty different currencies more than any since Jesus It is probable that over the course of her ninety six years she was introduced to a greater number of different people than anyone else who has ever lived likely well over half a million Yet this most closely observed of all women rarely left any real impression on those she encountered beyond vague notions of her radiance and sense of duty A high proportion of those she met can remember what they said to her but not a word of what she said to them Up until now the curious tactic employed by biographers of the Queen has been to ignore what is interesting and to concentrate on what is not Craig Brown the author of 150 Glimpses of the Beatles and Hello Goodbye Hello rejects this formula bringing his kaleidoscopic approach to the most famous and most guarded woman on earth examining the Queen through a succession of interlocking prisms With Q this fantastically funny marvelously insightful journalist gives us an unforgettable portrait of the omnipresent elusive **Green Voices** Terry Gifford, 1995 The author here argues that the traditions of Pope and Goldsmith Oueen Elizabeth II are continued in the present day by the likes of R S Thomas George Mackay Brown and others work in an anti pastoralist tradition of Crabbe and Clare A chapter examining the attitudes towards the environment of sixteen contemporary poets concludes a lively ecological introduction to modern poetry **The Poetry of Ted Hughes** Dr. Paul Bentley, 2014-07-22 This text provides a lucid and accessible introduction to the poetry of Ted Hughes a major figure in twentieth century poetry whose work is concerned with the forces of nature and their interaction with the human mind It is also the first full length study to place Hughes's poetry in the context of significant developments in literary theory that have occurred during his life drawing in particular on the French theorists Jacques Lacan Julia Kristeva and Roland Barthes The study sheds new light on Hughes s prosody and on such matters as Hughes s relation to the Movement poets the influence of Sylvia Plath his relation to Romanticism his interest in myth and shamanism and the implications of the Laureateship for his work The poems are presented in chronological order tracing the development of Hughes's highly distinctive style. The study also discusses Hughes's recently published non fiction Winter Pollen 1994 and Shakespeare and the Goddess of Complete Being 1992 The Poetry of Ted Hughes is indispensable for all students and academics interested in contemporary poetry and culture

Pastoral Elegy in Contemporary British and Irish Poetry Iain Twiddy, 2012-03-15 Defying critical suggestions that the pastoral elegy is obsolete Iain Twiddy reveals the popularity of the form in the work of major contemporary poets Seamus Heaney Ted Hughes and Paul Muldoon Michael Longley Douglas Dunn and Peter Reading As Twiddy outlines the development of the form he identifies its characteristics and functions But more importantly his study accounts for the enduring appeal of the pastoral elegy why poets look to its conventions during times of personal distress and social disharmony and how it allows them to recover from grief loss and destruction Informed by current debates and contemporary theories of mourning Twiddy discusses themes of war and peace social pastoral and environmental change draws on the enduring influence of both Classical and Romantic poetics and explores poets changing relationships with pastoral elegy throughout their careers The result is a study that demonstrates why the pastoral elegy is still a flourishing and dynamic form in contemporary British and Irish poetry English Poetry Since 1940 Neil Corcoran, 2014-07-15 Neil Corcoran s book is a major survey and interpretation of modern British poetry since 1940 offering a wealth of insights into poets and their work and placing them in a broader context of poetic dialogue and cultural exchange The book is organised into five main parts beginning with a consideration of the late Modernism of T S Eliot and W H Auden and ranging decade by decade from the poetry of the Second World War and the New Romanticism of Dylan Thomas to the Movement the poetry of Northern Ireland the variety of contemporary women s poetry and the diversity of the contemporary scene The book will be especially useful for students as it includes detailed and lively readings of works by such poets as Ted Hughes Seamus Heaney and **Ted Hughes** Terry Gifford, 2009-01-13 For the first time one volume surveys the life works and critical Philip Larkin reputation of one of the most significant British writers of the twentieth century Ted Hughes This guide offers an accessible fresh and fascinating introduction to a major British writer whose work continues to be of crucial importance today presenting new insights on the green dimension of Hughes work along with previously unpublished archive material

Literature of the 1980s: After the Watershed Joseph Brooker,2012-05-08 From the new generation of London novelists such as Martin Amis and Ian McEwan to feminism in the writing of Angela Carter and Jeanette Winterson Joseph Brooker relates developments in fiction poetry and drama to social change He shows how working class writers such as James Kelman and Tony Harrison protested against Thatcherism and explores the voices of Black British writers including Fred D Aguiar and Hanif Kureishi As for the theory of the decade Brooker relates the rise of postmodernism to the popularity of self conscious modes of writing and other developments in literary theory

Literature of the 1980s Joseph Brooker,2012-05-08 Relates developments in fiction poetry and drama to social change from the new generation of London novelists such as Martin Amis and Ian McEwan to the impact of feminism in the writing of Angela Carter and Jeanette Winterson

The Poetic Economists of England and Ireland 1912-2000 D. Johnston,2001-08-08 Although modern English and Irish poetry arises from the different cultures of the two countries these poets have shared throughout this

century the same editors and publishers competed for the same prizes and been judged ostensibly by the same standards This book examines contexts for these exchanges over four decades tracing the lineages of Yeats and Hardy from their meeting in 1912 through WWI the 30s the 60s and the 90s to see what influences and ideas are exchanged and how poetic Contemporary British Poetry James Acheson, Romana Huk, 1996-01-01 This collection of original essays focuses on new and continuing movements in British Poetry It offers a wide ranging look at feminist working class and other Ted Hughes and the Classics Roger Rees, 2009-06-04 A collection of essays dealing poets of diverse cultural backgrounds with different aspects of Ted Hughes's engagement with the culture and literature of ancient Greece and Rome Hughes is revealed as a leading figure in literary reception of the Classics in 20th century poetry a sharply intelligent and sensitive reader of some of the world s foundational texts Misreading England Raphaël Ingelbien, 2021-11-01 In Misreading England Poetry and Nationhood Since the Second World War Rapha l Ingelbien examines how issues of nationhood have affected the works and the reception of several English and Irish poets Philip Larkin Ted Hughes Geoffrey Hill and Seamus Heaney This study explores the interactions between post war English poets and the ways in which they transformed or misread earlier poetic visions of England Romantic Georgian Modernist It also traces often neglected but crucial links between their troubled poetics of Englishness and Seamus Heaney's poetry of Irish nationhood This radically intertextual approach takes issue with influential accounts of post war poetry that have drawn on postcolonialism Instead of being made to reflect contemporary agendas the poetics of nationhood are here considered in all their textual and ideological complexity and restored to the historical intellectual and literary contexts which postcolonial emphases on identity often play down or simplify Whereas critics in post devolution Britain increasingly use texts to debunk or promote specific versions of national identity this study interrogates the very terms in which the debate has been conducted Its metacritical analyses expose the contradictions of identity politics and its intertextual readings help re draw the map of post war poetry in Britain and Ireland

Sites of Memory, Sites of Mourning Jay Winter,2014-05-15 Jay Winter's powerful study of the collective remembrance of the Great War offers a major reassessment of one of the critical episodes in the cultural history of the twentieth century Dr Winter looks anew at the culture of commemoration and the ways in which communities endeavoured to find collective solace after 1918 Taking issue with the prevailing modernist interpretation of the European reaction to the appalling events of 1914 18 Dr Winter instead argues that what characterised that reaction was rather the attempt to interpret the Great War within traditional frames of reference Tensions arose inevitably Sites of Memory Sites of Mourning is a profound and moving book of seminal importance for the attempt to understand the course of European history during the first half of the twentieth century \*\*Englishness and Post-imperial Space\*\* Milton Sarkar,2016-02-08 Englishness and Post imperial Space The Poetry of Philip Larkin and Ted Hughes probes into the English mindset immediately after the British withdrawal from the colonies and examines how the loss of power and global prestige affected contemporary poetry particularly that of Philip Larkin and

Ted Hughes Frustration and disillusionment even anger characterised the era and many of the literary works the period produced Most writers became insular and were obsessed with the English elements in their writing The great international and cosmopolitan themes of Eliot for instance were replaced by those of narrow domestic importance It is in such a context this book argues that Larkin and Hughes returned to the old England most notably to the themes of gradually vanishing pristine landscape and national myths and legends to the archetypal English customs and conventions It examines their poetry mainly from the perspective of Englishness a burgeoning area of academic interest Intricately connected with the values emanating from England as a geographical and socio cultural space Englishness as a concept is intrinsic to the identity of a people who gradually became globally powerful The loss of empire dealt a severe blow to this sense of the self This book explores the dynamics of the representation of this sense of loss and the frustration it produced in the poems of Larkin and Hughes **Reclamations of Shakespeare** ,2021-11-08 **Literature and the Monarchy** Ewa Panecka, 2014-03-25 This book examines the Laureateship as an exponent of complex relations between literature and the Monarchy and defines the nature and mode of existence of laureate poetry in England from the Restoration up to the present day With the Monarchy seen as a long lasting foundation of Englishness the institution of Poet Laureateship provides a symbolic component of national identity an official link between literature culture and the Monarchy in the Poetry of Ted Hughes Ewa Panecka, 2018-04-18 This study on religious experience in modern poetry features innovatory and accessible close readings of some of the most beloved authors of English verse In today's seemingly secular age religion still remains a highly contested subject The selection of texts analysed here is representative of a wide spectrum of attitudes including a sharply critical refusal to acknowledge Christianity as the basis of civilization Some poets see national religion as a framework for cultural identity while others worship nature as the omnipotent Force of Life trying to create their own gods Rather than reducing poetry to a background for philosophical analysis or theological deliberation this book presents diverse modes of the poetic endeavor to capture and convey the divine The chapters provide a range of perspectives on individual experience rendered into poetry as a subtle relationship between faith perception and language The text will be of interest to anyone looking for new ways of reading poetry as a spiritual guest Ted Hughes: Environmentalist and Ecopoet Yvonne Reddick, 2017-09-06 This book is the first book devoted entirely to Hughes as an environmental activist and writer Drawing on the rapidly growing interest in poetry and the environment the book deploys insights from ecopoetics ecocriticism and Anthropocene studies to analyse how Hughes s poetry reflects his environmental awareness Hughes s understanding of environmental issues is placed within the context of twentieth century developments in green ideology and politics challenging earlier scholars who have seen his work as apolitical The unique strengths of this book lie in its combination of cutting edge insights on ecocriticism with extensive work on the British Library s new Ted Hughes archive It will appeal to readers who enjoy Hughes s work as well as students and academics
