Wallach, Alaine Ocampo, 2025-06-02 Language and Literacy Connections Intervention for School Age Children and Adolescents Second Edition takes readers on a path of knowledge steeped in principles and practical applications Integrating language learning and disorders and literacy together in a coherent and cohesive narrative it covers the challenges facing school age students from early elementary levels through high school Using past and current research and interventions from speech language pathology SLP and reading and literacy arenas the authors present transcripts cases and detailed intervention sessions to provide a template for daily practice The text raises questions relating to why am I doing this and provides some answers to this most complex yet basic question The text has four major goals 1 to encourage readers to evaluate past and current clinical and educational practices in language intervention at school age levels 2 to

present intervention goals and activities that are theoretically sound but may require further research scrutiny 3 to explore aspects of curriculum relevant language intervention for students with language learning disabilities 4 to provide guidelines for school based practitioners that clarify how professionals with diverse backgrounds and roles share responsibility in language literacy and academic programming While taking a strong language disorders perspective the text would be a useful resource for teachers and other specialists who share students with language learning disabilities LLD with their school based speech language pathologists SLPs New to the Second Edition A new chapter Application Activities to Stretch Your Knowledge includes problems with possible answers and rationales that review significant concepts in language and literacy with a focus on adolescents A roadmap to scenarios and reports and key information at the beginning of the text Application activities in Chapter 10 with icons that highlight easy access to key information and connections with understanding the Whys Key Features Questions at the beginning of each chapter that reflect concerns of SLPs and their teams Projects and assignments that supplement and review the material Examples of teaching modules with practical lesson plans that integrate the role of SLPs in Interprofessional Practices IPP while explicitly addressing the curriculum across a variety of subject areas

Aspects of Language Development in an Intensive English Program Alan Juffs, 2020-03-02

While there is much in the literature on ESL development this book is the first of its kind to track the development of specific language abilities in an Intensive English Program IEP longitudinally and highlights the implications of this particular study's findings for future IEP implementation and practice and ESL and SLA research The volume draws on many years worth of data from learners at an IEP at the University of Pittsburgh to explore selected aspects of language development including lexical grammatical speaking and writing abilities in addition to placement assessment practices and student learning outcomes A concluding chapter points to the ways in which these findings can be applied to decision making around IEP curriculum development and the future role of IEPs in higher education more broadly With its focus on students in IEP settings and the concentration on data from students evaluated over multiple semesters this volume offers a unique opportunity in which to examine longitudinal developmental patterns of different L1 groups on a variety of measures from the same learners and will be key reading for students and researchers in second language acquisition English for Academic Purposes language education and applied linguistics
