Newton's alternate timeline of prehistory and his study of prophecy through the Book of Revelations including his prediction of Apocalypse in the year 2060 Isaac Newton 1643-1727 is still regarded by the world as the greatest scientist who ever lived. He invented calculus, discovered the binomial theorem, explained the rainbow, built the first reflecting telescope, and explained the force of gravity. In his famous masterpiece *Principia Mathematica*, he described the mechanics of the physical universe with unimaginable precision, proving the cosmos was put together according to laws. The perfection of these laws implied a perfect legislator. To Newton, they were proof that God existed. At the same time Newton was writing *Principia Mathematica*, he was writing a twin volume that he might have called *Principia Theologia*, *Principles of Theology*. This other masterpiece of Newton, kept secret because of the heresies it contained, consists of thousands of essays providing incisive answers to the spiritual questions that have plagued mankind through the ages. Examining Newton's secret writings, John Chambers shows how his brilliance extended into alchemy, spirituality, the search for lost continents such as Atlantis, and a quest to uncover the corrupted texts that were rife in the Bibles of his time. Although he was a devout Christian, Newton's work on the Bible was focused not on restoring the original Jewish and Christian texts but on rediscovering the one true religion that existed prior to the Flood of Noah, when science and spirituality were one. The author shows that a single thread runs through Newton's metaphysical explorations. He is attempting to chart the descent of man's soul from perfection to the present day. The author also examines Newton's alternate timeline of ancient history and his study of prophecy through the Book of Revelations, including his prediction of an Apocalypse in the year 2060, followed by a radically transformed world. He shows that Newton's great hope was that these writings would provide a moral compass for humanity as it embarked upon the great enterprise that became our technological world.

The Yugas Joseph Selbie, David Steinmetz, 2011-08-16. Millions are wondering what the future holds for mankind, and if we are soon due for a world-changing global shift. Paramhansa Yogananda, author of the classic *Autobiography of a Yogi*, and his teacher Sri Yukteswar, offered key insights into this subject.

They presented a fascinating explanation of the rising and falling eras that our planet cycles through every 24 000 years According to their teachings we have recently passed through the low ebb in that cycle and are moving to a higher age an Energy Age that will revolutionize the world Over one hundred years ago Yukteswar predicted that we would live in a time of extraordinary change and that much that we believe to be fixed and true our entire way of looking at the world would be transformed and uplifted In The Yugas authors Joseph Selbie and David Steinmetz present substantial and intriguing evidence from the findings of historians and scientists that demonstrate the truth of Yukteswar s and Yogananda s revelations

From the First Rising Sun Charla Jean Morris,2011-08-10 While in medical school which I did not have the privilege of completing once a week we had a small group discussion class called Focus On Problems Each group had a leader a member of the medical school staff or someone closely associated with the school usually an MD or Ph D Our group leader was Dean of the Medical School H David Wilson MD One class period focused on working with patients of different ethnic backgrounds Dr Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know My reply was that I had been raised like a white that I had grown up learning about various

herbal and natural remedies but that I knew nothing about the specific medical traditions ceremonial or secular of my people I had always longed to know of the traditions of my people before that but circumstances of my family history had not allowed it That question in the Focus On Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later While in the first two years of medical school as a nontraditional student I was in an environment that encouraged the development of the knowledge of Native American traditions We had Native American speakers that came and elaborated on Native American traditions One area that was lacking was tribal histories but what academics label prehistory I commented to her that when white man came they did all they could to destroy our social and religious fabric so the old traditions were not passed down to most of the remaining members of the tribes Now we know nothing of our old history There is nothing left The white side of my family history is easy to know but not my Cherokee and Choctaw side She replied by saying that yes many of our peoples have lost their old traditions and it is sad [Atlantis in America](#) Ivar Zapp, George Erikson, 1998 This text presents evidence for a new theory that the great stone spheres of Costa Rica and sighting stones throughout the Pacific were used to teach sea routes and constellation paths to navigators of the ancient world It reveals substantial links between Meso America and Egypt and the Middle East *The Pyramids and the Pentagon* Nick Redfern, 2012-06-22 The Pyramids and the Pentagon is a detailed study of how and why government agencies have for decades taken a clandestine and profound interest in numerous archeological historical and religious puzzles Focusing primarily upon the classified work of the U S Government The Pyramids and the Pentagon invites you to take a wild ride into the fog shrouded past It s a ride that incorporates highlights such as The CIA s top secret files on Noah s Ark U S Army documents positing that the Egyptian Pyramids were constructed via levitation Disturbing military encounters with Middle Eastern djinns Claims of nuclear warfare in ancient India Links between the Face on Mars and the pharaohs And many more Nick Redfern s The Pyramids and the Pentagon clearly and provocatively demonstrates that deep and dark conspiracies exist within the shadowy world of officialdom conspiracies that have the ability to rock the foundations of civilization religion and history to their very core The strange and amazing secrets of the past are just a heavily guarded government vault away *Atlantis, the Great Flood and the Asteroid* Rawlings Prescott, 2013-02 Atlantis the Great Flood and the Asteroid examines the evidence for an asteroid impact in early human prehistory which interrupted the progression of human development It considers whether a large asteroid caused the Earth to shift its axis the Great Flood a Mass Extinction Event and possibly sank the island of Atlantis right where Plato said it was Clues come from geology physics archeology paleontology documented sources and more
