objects that went down with the vessel and of an unfinished journey In this moving and thought provoking reflection of underwater cultural heritage management Natali Pearson reveals valuable new information about the Belitung salvage obtained firsthand from the salvagers and the intricacies in the many conflicts and relationships that developed In tracing the Belitung s lives and afterlives this book shifts our thinking about shipwrecks beyond popular tropes of romance pirates and treasure and toward an understanding of how the relationships between sites objects and people shape the stories we tell of the past in the present
