**Secrets of Western Tantra** Christopher S Hyatt,2008 So many books on Tantra are obscure obtuse and of little real use especially for the Western Practitioner Finally there is a book which provides a direct honest pragmatic no holds barred approach to the most powerful methods for personal growth and spiritual attainment Sex is one of the most powerful forces on the planet and until it is transformed the people and the planet will remain asleep This revised edition includes a new article by S Jason Black

**Hidden Intercourse** Wouter J. Hanegraaff,Jeffrey Kripal,2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

**Secrecy** Hugh B. Urban,2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal

extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion With *Secrecy* Urban investigates several revealing instances of the power of secrecy in religion including nineteenth century Scottish Rite Freemasonry the sexual magic of a Russian born Parisian mystic the white supremacist Br derSchweigen or Silent Brotherhood movement of the 1980s the Five Percenters and the Church of Scientology An electrifying read *Secrecy* is the culmination of decades of Urban s reflections on a vexed ever present subject

**Tarot and the Path of Initiation** Henry Ho,2013-11-18 This book came into being from the authors exasperation at the ignorance of many users of the Thoth tarot deck They prefer to go by their intuition rather than study Crowleys companion book to the deck *The Book of Thoth* Its too dense they cry Im not interested in these philosophies I just want to read Tarot The above sentence is the greatest insult to Aleister Crowley the creator of the Thoth deck For the decks purpose was to convey the higher mysteries to the diviner Crowley intended for the deck never to be sold separately from the *Book of Thoth* And so heart full of elitist snobbery and sense of obligation to Crowley the author of this book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowleys legacy out of duty It was due to Crowleys belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the *Book of Thoth*

*By Names and Images* Peregrin Wildoak,2012 The Golden Dawn GD system of magic is the main source of the esoteric and magical wisdom and techniques practiced in the West today While the rituals and bare teachings of the tradition have been published for sixty years the inner workings and esoteric keys that empower those rituals have largely remained unpublished or unexplored in contemporary works *By Names and Images* remedies this lack by providing detailed and clear instructions for the visualisations spiritual connections and energetic practices required for every major GD practice and ritual as well as several unpublished techniques Focusing on the meanings and use of sacred names and practical techniques of visualisation the book thoroughly explores meditation and divination purification ritual invocation and evocation grades of initiation and direct experience of the inner realms Also covered is an explanation of the Qabalah and its use as a magical framework While the book is sufficiently practical and clearly explained to be of huge benefit to a newcomer to magic its primary aim is to allow people already practicing the Golden Dawn system to do so more effectively and to be touched by the amazing spiritual blessings the rituals offer

**New Religions and Spiritualities** Stephen Hunt, 2017-03-02 Since the 1960s a fresh wave of new religions and what has come to be termed spiritualities have been evident on a global scale This volume in The Library of Essays on Sexuality and Religion focuses on these new religions and their often contentious attitudes towards human sexuality Part 1 through previously published articles provides instances of affirming orientations of the new religions towards sexuality This entails scrutinising examples of innovative religion from a historical perspective as well as those of a more contemporary nature Part 2 examines with pertinent illustrations the controversial character of new religions in their cultist forms and matters of sexual control and abuse Part 3 considers sexuality as articulated through paganism the occult and esotericism in the postmodern setting Part 4 examines both hetero and non hetero expressions of sexuality through the so called New Spiritualities Quasi religions and the more hidden forms of religiosity
