Office of Education,1905 On Security Ronnie D. Lipschutz,1995 The idea of global security has taken on new meaning in the post Cold War world compelling analysts of international relations to reassess the military political and cultural issues that intersect with the notion of security On Security represents a wide range of views on shifting concepts of security at the turn of the millennium when the tangible bipolar arrangement of the Cold War era world system no longer exists Unlike much work in the field the essays in this volume do not take the state for granted as the referent object of security Contributors probe deeper asking what it really is that we imagine needs securing the international system the nation state culture On Security inquires further into what constitutes security protection against enemies suppression of a particular ethnic or religious group insulation against economic competitors And finally contributors look into how ideas about security enter the realm of public debate and become institutionalized in organizations and policies are they based on tangible objective threats or do they arise from psychological and emotional attitudes about feared enemies Ranging in perspective from neorealist to postmodernist to constructivist the essays in On Security attempt to find answers and to come to grips with some of the dilemmas confronting the idea of security today The contributors to On Security Barry Buzan Beverly Crawford James Der Derian Daniel Deudney Pearl Alice Marsh Ole Wever and Ronnie D Lipschutz offer a thought provoking overview of the ongoing debate about the nature of political reality and international relations **Department of Labor-Federal Security Agency Appropriation Bill for 1943** United States. Congress. House. Committee on Appropriations,1942 **Domestic Security (LEVI) Guidelines** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Security and Terrorism,1983 Claiming Tribal Identity Mark Edwin Miller,2013-08-16 Who counts as an American Indian Which groups qualify as Indian tribes These questions have become increasingly complex in the past several decades and federal legislation and the rise of tribal owned casinos have raised the stakes in the ongoing debate In this revealing study historian Mark Edwin Miller describes how and why dozens of previously unrecognized tribal groups in the southeastern states have sought and sometimes won recognition often to the dismay of the Five Tribes the Cherokees Chickasaws Choctaws Creeks and Seminoles Miller explains how politics economics and such slippery issues as tribal and racial identity drive the conflicts between federally recognized tribal entities like the Cherokee Nation of Oklahoma and other groups such as the Southeastern Cherokee Confederacy that also seek sovereignty Battles over which groups can claim authentic Indian identity are fought both within the Bureau of Indian Affairs Federal Acknowledgment Process and in Atlanta Montgomery and other capitals where legislators grant state recognition to Indian identifying enclaves without consulting federally recognized

tribes with similar names Miller's analysis recognizes the arguments on all sides both the scholars and activists who see tribal affiliation as an individual choice and the tribal governments that view unrecognized tribes as fraudulent Groups such as the Lumbees the Lower Muscogee Creeks and the Mowa Choctaws inspired by the civil rights movement and the War on Poverty have evolved in surprising ways as have traditional tribal governments Describing the significance of casino gambling the leader of one unrecognized group said It's no longer a matter of red it's a matter of green Either a positive or a negative development depending on who is telling the story the casinos economic impact has clouded what were previously issues purely of law ethics and justice Drawing on both documents and personal interviews Miller unravels the tangled politics of Indian identity and sovereignty His lively clearly argued book will be vital reading for tribal leaders policy makers and scholars
