See Rock City:

See Rock City Tim Hollis, 2009-05-01 Around two hundred million years ago geological forces produced an expansive grove of rocky caverns and outcroppings atop Lookout Mountain. It was not until the twentieth century however that this awe inspiring citadel evolved into a nationally recognized tourist attraction when Garnet Carter and his wife Frieda developed the natural marvel into the Rock City Gardens we know today an enchanted tribute to fairytales and a breathtaking homage to nature. Join Rock City expert Tim Hollis as he guides you through the origins of the site's most fascinating spots including Fairyland Caverns, See Seven States and Lover's Leap. Also learn the story behind the world famous See Rock City marketing campaign as well as the steep challenges the landmark has faced in an often volatile tourism industry. Perhaps the only aspect of Rock City more enchanting than its physical beauty is the fairytale story that surrounds it. *Rock City* Tim Hollis, 2017-05-01 Since May 21, 1932 tourists have been making the trip to the top of Lookout Mountain to stroll through what pioneers as far back as the 1820s called the rock city. This collection of huge boulders in a wild array of shapes and sizes was developed as an attraction by Garnet Carter the inventor of modern miniature golf and his wife Frieda a devotee of European fairy tales. Rock City Gardens quickly became one of the most famous tourist attractions in the Southeast especially after Carter started a program of painting advertisements on barn roofs. During the post World War II baby boom era Rock City became even more of a destination with the additions of Fairyland Caverns and Mother Goose Village. **Best Bike**

Rides Chicago Ted Villaire, 2011-06-01 Written for the cyclists of all stripes *Best Bikes Rides Near Chicago* marks the debut of a new series that offers a diverse array of scenic tours in some of America's largest urban destinations from easy excursions for the Sunday cyclist to challenging treks for the veteran. Here veteran author and cyclist Ted Villaire presents 35 diverse rides in and around the Windy City. As amply demonstrated by this guide Chicago's heritage as a transportation hub has reaped huge rewards for local cyclists. Twenty miles of lakeshore parkland and an elaborate system of leafy boulevards connect a series of mega parks throughout the city. Coupled with this is an ever expanding cycling infrastructure featuring more than 100 miles of bike lanes. The Illinois Prairie Path which runs between the Des Plaines River and Wheaton was one of the first linear trails in the nation converted from a railroad line and today it is part of the most extensive collection of rail trails in the Midwest perhaps the nation. Venable and Efrid encountered folks who pursue popular crafts such as basketweaving and clockmaking. But they found practitioners of other trades wallpaper hangers and rail
