Hite,2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity      The Primary Science and Technology Encyclopedia Christopher Collier,Dan Davies,Alan Howe,Kendra McMahon,2010-12-13 The book provides clear descriptions definitions and explanations of difficult scientific concepts carefully chosen to reflect the needs of those involved in primary science education      *The Definitive Book on the Afterlife* Patricia Hayes,2020-12-03 This extraordinary book includes a broad spectrum of information that is focused into an easy to understand single best source on the Afterlife Death cannot separate us Unlike all other books on this topic The Definitive Book of the Afterlife introduces an astonishing new way of looking at the Afterlife It is very different and profound a true documentary that shares in depth information and detailed experiences of dying death transition and existence in the Afterlife actual experiences In the very early stages of writing The Definitive Book on the Afterlife Marshall Smith unexpectedly passed away through a tragic accident However he continued to contribute to the book by sharing his personal experiences of dying death and the Afterlife Patricia Hayes highly experienced in communicating with those in the Afterlife and having shared this process with Marshall for three decades documented over a hundred communications with Marshall who now in the Afterlife provided detailed information that greatly influenced the content and direction of this book The information about the Afterlife conveyed in this book comes from Patricia Hayes decades of first hand experience with helping others to cross over and with her frequent
