## **Seeing The Lord Resurrection And Early Christian Practices:**

*Seeing the Lord* Marianne Sawicki, 1994      **Handbook of Early Christianity** Anthony J. Blasi, Jean Duhaime, Paul-André Turcotte, 2002-08-27 The Christian movement emerged amidst complex social tensions power politics ethnic diversity economic stress and cultural changes Both biblical scholars and social scientists find that a social scientific study of early Christian phenomena yields fascinating results However biblical scholars are sometimes unaware of the breadth of the useful social scientific concepts and techniques and social scientists sometimes lack the most basic background in literary research methods The Handbook of Early Christianity provides a much needed overview for biblical scholars and social scientists alike Drawing on perspectives from anthropology archaeology economics history literary analysis psychology political science and sociology the Handbook shows the myriad and complementary approaches that shed light on Christianity's formation and early development Twenty seven chapters from leading scholars along with a comprehensive bibliography make this an essential reference for anyone wishing to understand the social dynamics of Christianity's birth      **Fair Play: Diversity and Conflicts in Early Christianity** Ismo Dunderberg, Christopher Tuckett, Kari Syreeni, 2014-04-09 This collection of essays in honour of Heikki Rönkä New Testament professor at the University of Helsinki consists of 22 essays written by his colleagues and students on Jesus the gospels Paul early Christianity and biblical interpretation Rönkä's own research has been characterized by methodological awareness combined with a keen interest in ethical issues Both these aspects come to expression in his insistence on fair play as a correct scholarly attitude involving an honest dialogue a real encounter and a recognition of diverging opinions In this spirit most of the essays in this book lay emphasis on issues related to early Christian diversity and conflicts and to their challenge in modern society The book is useful for scholars academic teachers and students interested in various aspects of the New Testament early Christianity and hermeneutics      **The Word Before the Powers** Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task      **Miracles and Wonders in the Middle Ages and Early Modern Period** Albrecht Classen, 2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to

examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today **Mary Magdalene**

**from the New Testament to the New Age and Beyond** Edmondo F. Lupieri, 2019-10-14 An international team of twenty scholars under Edmondo F Lupieri s direction produced *Mary Magdalene from the New Testament to the New Age and Beyond* While the historical figure of the Magdalene may be lost forever the construction of her literary images and their transformations and adaptations over the centuries are a lively testimony to human creativity and faith Different pictures of Mary travelled through time and space from history to legend and mythology crossed religious boundaries going beyond the various Christianities to become a sign of contradiction for many This book describes a special case of biblical reception history that of the New Testament figure of a woman whose presence at the side of Jesus has been disturbing for some but proves to be inspiring for others **Of Widows and Meals** Reta Halteman Finger, 2007 Though community has become a common byword in the contemporary Western church the practice of communal sharing has effectively fallen by the wayside Unfortunately it is often the poor who are left wanting because we no longer come together Reta Halteman Finger finds a solution to this modern problem by learning from the ancient Mediterranean Christian culture of community In the earliest Jerusalem church in holding the responsibility for preparing and serving communal meals women were given a place of honor With the table fellowship and goods sharing of the early church Luke says there were no needy persons among them Acts 4

34 Finger thoroughly examines this agape meal tradition challenging traditional interpretations of the community of goods in the Jerusalem church and proving that the communal sharing lasted for hundreds of years longer than previously assumed *Of Widows and Meals* begins a discussion of need in community that can revolutionize the contemporary church s interaction with the world at large Petitioners, Penitents, and Poets Timothy J. Sandoval, Ariel Feldman, 2020-10-26 This volume

contributes to the growing interest in understanding the phenomenon of prayer and praying in the Hebrew Bible Early Judaism and nascent Christianity Papers by the leading scholars in these fields revisit long standing questions and chart new paths of inquiry into the nature form and practice of addressing the divine in the ancient world The essays in this volume deal with particular texts of and about prayer practices of prayer as well as figures and locations historical and literary that are associated with prayer and praying These studies apply a range of methods and theoretical approaches to prayer and the language of prayer in literatures of Early Judaism and Christianity Some studies apply the classical methods of biblical studies to Second Temple texts of prayer including form critical and text critical approaches others engage in literary and narrative analysis of ancient works that recount discourse directed to the divine Still other studies draw on anthropological and sociological analyses of prayer or marshal particular theories of discourse ethics and moral agency to offer fresh interpretations of address to God in the literature of Second Temple Judaism and earliest Christianity The Broken Body Sarah Coakley, 2024-04-09 A fascinating collection of essays exploring a fresh contemporary approach to the person and doctrine of Jesus Christ How should Christians think about the person of Jesus Christ today In this volume Sarah Coakley argues that this question has to be broken open in new and unexpected ways by an awareness of the deep spiritual demands of the christological task and its strikingly apophatic dimensions by a probing of the paradoxical ways in which Judaism and Christianity are drawn together in Christ even by those issues which seem to break them most decisively apart and by an exploration of the mode of Christ's presence in the eucharist with its intensification breaking and re-gathering of human desires In this sequel to her celebrated earlier volume of essays Powers and Submissions Coakley returns to its unifying theme of divine power and contemplative submission and weaves a new web of christological outcomes which remain replete with controversial implications for gender spirituality and ethics The Broken Body will be of interest to those working in the fields of systematic theology philosophy of religion early Christian studies Jewish Christian relations and feminist and gender theory Fusing biblical and patristic theology analytic philosophy and spiritual tradition Sarah Coakley has produced a fascinating inspiring and compelling account of Christ's identity and its importance for questions of life Professor Mark Wynn University of Oxford Coakley argues that good Christology arises only from intellectual and spiritual postures learnt by encountering Christ openly This volume subtly and powerfully facilitates such encounter with God and in him with our neighbours especially the Jewish people Professor Judith Wolfe University of St Andrews Everything we have come to expect from Sarah Coakley is here in this extraordinary collection wonderful clarity startling and fruitful comparisons within and beyond the theological canon a brisk defiance of feminist conventions that in turn sharpens and deepens feminist analysis a resistance to cheap theological certainties and an abiding faithfulness anchored in Christ borne aloft by the Spirit Christology is here shown to embrace abjection and jouissance to advocate sacrifice that is itself the end of patriarchal violence and to demand a eucharistic sharing that is incomplete without solidarity to the outcast and the poor themselves the face of the

living Christ In these essays Coakley exemplifies the semiotic richness of priest and scholar a breaking open of theological reserves that will transgress startle renew instruct This is sacrifice re made Professor Katherine Sonderegger Virginia Theological Seminary

**Have Mercy on Me** Glenna Jackson, 2002-12-01 Matthew's gospel begins and ends with the Jewish Gentile debate and at the heart of both the issue and the gospel is the story of the Canaanite woman It is a story that reveals tension between Jews and proselytes in Matthew's community and responds to the question What must one do to be a member of the community This study focuses on the stereotype of the woman as a Canaanite as well as Matthew's sources and the form of the story The conclusion is that the story reflects a reinforcement of Jewish law that allows gentiles to attain membership in the Matthean community thus continuing the Jewish tradition that allows gentiles into the faith

*Holy People* Gordon W. Lathrop, This sequel to Gordon Lathrop's highly successful *Holy Things* is an exercise in liturgical theology viewing the activities of worship as a means of defining and discussing the concept church It centers on community and assembly to discuss the sacraments It focuses on ecumenism and inculturation as central test cases for a liturgically derived idea of church In hopes of invigorating the local church Lathrop explores the meaning of the term church the

**Seeking the Identity of Jesus** Beverly Roberts Gaventa, Richard B. Hays, 2008-10-15 In view of the proliferation of conflicting images of Jesus in the church in the academy and in popular culture it is no wonder that his identity sometimes appears more elusive than ever Seeking the Identity of Jesus brings together an interdisciplinary group of leading scholars from the fields of biblical studies theology and church history to focus on the complex problems surrounding the quest for the historical Jesus Their perspectives are richly informed by Scripture testimony from the church's past and experience of the risen Jesus in the present Contributors Dale C Allison Jr Gary A Anderson Markus Bockmuehl Sarah Coakley Brian E Daley Beverly Roberts Gaventa Katherine Grieb Richard B Hays Robert W Jenson Joel Marcus R W L Moberly William C Placher Katherine Sonderegger David C Steinmetz Marianne Meye Thompson Francis Watson Mary Magdalene Bruce Chilton, 2006-11-21 After two thousand years of flawed history here at last is a magnificent new biography of Mary Magdalene that draws her out of the shadows of history and restores her to her rightful place of importance in Christianity Throughout history Mary Magdalene has been both revered and reviled a woman who has taken on many forms witch whore the incarnation of the eternal feminine the devoted companion and perhaps even the wife of Jesus In this brilliant new biography Bruce Chilton a renowned biblical scholar offers the first complete and authoritative portrait of this fascinating woman Through groundbreaking interpretations of ancient texts Chilton shows that Mary played a central role in Jesus' ministry and was a seminal figure in the creation of Christianity Chilton's descriptions of who Mary Magdalene was and what she did challenge the male dominated history of Christianity familiar to most readers Placing Mary within the traditions of Jewish female savants Chilton presents a visionary figure who was fully immersed in the mystical practices that shaped Jesus' own teachings and a woman who was a religious master in her own right

Reid, OP, Shelly Matthews, 2021-01-15 Because there are more women in the Gospel of Luke than in any other gospel feminists have given it much attention In this commentary Shelly Matthews and Barbara Reid show that feminist analysis demands much more than counting the number of female characters Feminist biblical interpretation examines how the female characters function in the narrative and also scrutinizes the workings of power with respect to empire to anti Judaism and to other forms of othering Matthews and Reid draw attention to the ambiguities of the text both the liberative possibilities and the ways that Luke upholds the patriarchal status quo and guide readers to empowering reading strategies
