Seeing The Text Exegesis For Students Of Greek And Hebrew:

Seeing the Text Mary H. Schertz, Perry B. Yoder, 2001 *Seeing the Text* integrates language study with theories and methods of interpretation. The purpose of the book is to help students increase their facility with the biblical languages while at the same time incorporating exegetical and literary skills and methods. The book thus not only provides a wider theoretical and methodological horizon for language study but also builds a solid text based foundation for further biblical studies. Because it is increasingly the case that seminarians do not have the opportunity to study both Greek and Hebrew examples in both languages are included whenever possible to create a metalinguistic theoretical understanding. The book is therefore designed and suitable for both intermediate Hebrew students and intermediate Greek students. Finally the book includes suggestions for using the computer to facilitate language learning and exegetical work in order to help students develop the skills necessary to sustain their language skills with the aid of computer software when they are no longer engaged in formal study. Holladay, 2022-10-04 This is a beginner's guide to biblical exegesis providing exegetical methods practices and theories. This book provides simple helpful information and guidance about doing exegesis without being overly prescriptive. Succinctly introduces students to various methods provides basic bibliographies that take students beyond an introductory discussion and emphasizes exegesis as an everyday activity based on commonsense principles rather than as an esoteric enterprise. This revised edition of this perennially best selling textbook includes discussions of emerging methods of interpretation aimed at a contemporary audience. Several chapters have been updated and improved and readers will find an incisive new chapter on exegesis with a focus on identity and advocacy. Holladay has also written a new concluding chapter on exegesis as the art of seeing. Bibliographies are updated and a helpful glossary is included in this new edition [Biblical Exegesis, Third Edition](#) John H. Hayes, Carl R. Holladay, 2007-03-19 John Hayes and Carl Holladay have thoroughly revised and expanded this best selling textbook adding new chapters on emerging methods of interpretation and the use of computer technology for exegesis. All bibliographies have been updated and Scripture has been converted to the NRSV. This new edition retains the features of the early editions: a minimum of technical terms, solid introductory guidelines in exegetical methods and a valuable presentation of exegetical theory and practice. It is ideal for general introductory exegesis courses, introductions to the Old and New Testaments and introduction to preaching as well as for pastors and lay leaders [Biblical Hermeneutics](#) Stanley E. Porter, Beth M. Stovell, 2012-04-25 This book presents proponents of five approaches to biblical hermeneutics and allows them to respond to each other. The Edited Bible John Van Seters,2006-06-30 There is a generally accepted notion in biblical scholarship that the Bible as we know it today is the product of editing from its earliest stages of composition through to its final definitive and canonical textual form So persistent has been this idea since the rise of critical study in the seventeenth century and so pervasive has it become in all aspects of biblical study that there is virtually no reflection on the validity of this idea from the Introduction Van Seters proceeds to survey the history of the idea of editing from its origins in the pre Hellenistic Greek world through Classical and Medieval times into the modern era He discusses and evaluates the implications of the common acceptance of editing and editors redactors and concludes that this strand of scholarship has led to serious misdirection of research in modern times

A Plague of Texts? Bénédicte Lemmelijn,2009-04-07 Prior to any attempt to study a text at the literary level the textual material itself has to be carefully established It is for this reason that the present volume is devoted to a detailed text critical study of the physical text of the Plagues Narrative in Exod 7 14 11 10 In the first chapter the author formulates a number of prolegomena relating to textual criticism as a discipline the extant textual material the terminology employed and the methodological model that serves as the basis of this study In the second chapter data provided by the various textual forms of the Plagues Narrative in Exod 7 14 11 10 namely MT LXX SamP 4QpaleoExodm 4QpaleoGen Exod 2QExoda 4QExodc 4QGen Exoda and 4QExodj are registered and described The extant textual versions themselves are presented in the form of a synopsis added as an appendix to this book The third and final chapter offers the text critical evaluation of all text relevant variants

One or Two Translators? Bryan Beeckman,2023-12-31 In 1946 Gillis Gerleman proposed a single translator for LXX Proverbs and LXX Job After he launched this hypothesis scholars have either confirmed or debunked this hypothesis Although attempts have been made to

come up with an adequate answer to the question of a single translator for both Proverbs and Job scholars have thus far not reached consensus Moreover the attempts that have been made are not at all elaborate Thus the question remains unsolved This book tries to formulate an answer to the question of a single translator for both Proverbs and Job by examining the translation technique and theology of both books The translation technique of both books is analysed by examining the Greek rendering of Hebrew hapax legomena animal floral plant and herb names The theology is examined by looking at the pluses in the LXX version which contain and The results of these studies are compared with one another in order to formulate an answer to a single translator By doing so this book not only formulates an answer to a single translator for both LXX Proverbs and Job but also characterises their translation technique and theology in greater detail **Annual Register** University of Chicago, 1896
