

I'm tiny!

Three hearts!

That tickles!

Two hearts?

One heart?

How odd  
is an octopus?

They are **VERY** odd!

They have large heads, eight arms, and...

The biggest octopus is as long as  
a large crocodile, the smallest is  
as small as a fingertip!

Octopus are boneless and can squeeze  
their bodies into and out of tight spaces.

landscapes created expectations about how rural America should appear By the mid 1800s urban residents had turned the Catskills into an important vacation ground and by the late 1800s the Catskills had become one of the premiere resort regions in the nation In the mid twentieth century the older Catskill resort region was in steep decline but the Jewish Borscht Belt in the southern Catskills was thriving The automobile revitalized mountain tourism and residence and increased the threat of suburbanization of the historic landscape Throughout each of these significant incarnations urban and rural residents worked in a rough collaboration though not without conflict to reshape the mountains and American ideas about rural landscapes and nature
