Searching For God And Finding Allah Gene Netto, 2019-11-19 What does Islam say about Christianity Jesus the Trinity the Holy Bible and Almighty God What does Islam say about the Absolute Truth of Islam the Prophet Muhammad and the Holy Qur'an also spelled Koran If there is only One Almighty God then Christians and Muslims must be praying to the same God So what are the differences between the two religions and why do Muslims reject Christianity the Bible and Jesus as the Son of God but still accept Jesus as a prophet of God For non devout and ex Christians this book will explain the problems with Christianity from an Islamic perspective It will also explain that the Prophet Muhammad was sent to replace Jesus as the next person in a succession of prophets that started with the Prophet Adam and finished with the Prophet Muhammad For Muslims who grew up without a strong religious education this book will explain that all religions are not the same that Christianity is no longer valid or accepted by God and that we should use the logical brains that God gave us to understand Islam In this book you will discover that Islam is simply the continuation of Judaism and Christianity that Islam is the One True Religion of Almighty God and always has been since the time of Adam and Eve and that the Prophet Muhammad is the next messenger and also the Final Messenger from God that Jesus promised to his followers Gene Netto

Contextualization in the New Testament Dean Flemming, 2025-06-06 Winner of a Christianity Today Book Award Honored as one of the Fifteen Outstanding Books for Mission Studies by International Bulletin of Missionary Research From Cairo to Calcutta from Cochabamba to Columbus Christians are engaged in a conversation about how to speak and live the gospel in

today's traditional, modern, and emergent cultures. The technical term for their efforts is contextualization. Missionary theorists have pondered and written on it at length. More and more, those who do theology in the West are also trying to discover new ways of communicating and embodying the gospel for an emerging postmodern culture. But few have considered in depth how the early church contextualized the gospel. And yet the New Testament provides numerous examples. As both a crosscultural missionary and a New Testament scholar, Dean Flemming is well equipped to examine how the early church contextualized the gospel and to draw out lessons for today. By carefully sifting the New Testament evidence, Flemming uncovers the patterns and parameters of a Paul or Mark or John as they spoke the Word on target, and he brings these to bear on our contemporary missiological task. Rich in insights and conversant with frontline thinking, this is a book that will revitalize the conversation and refresh our speaking and living the gospel in today's cultures, whether in traditional, modern, or emergent contexts.

The Spirit of Conscious Capitalism Michel Dion, Moses Pava, 2022-10-20 This book provides a constructive criticism of the emerging practice of conscious capitalism from the perspective of world religions and spiritualities. Messianic and Utopian Influences on Imperial Spain George M. Roure, 2025-04-17 Roure draws a novel connection between Tommaso Campanella's utopian ideas for Imperial Spain and Catholicism and Portuguese navigator Pedro Fernandes de Quir's vision of an idyllic society and a mythical city of New Jerusalem in the antipodes The book presents newfound evidence suggesting Spain experimented with Messianism to secure their empire in the late Renaissance The case is made that the Spanish monarchy contemplated Campanella's Messianic ideas and sent Quir's to initiate them on the imagined Terra Australis Incognita Campanella and Quir's shared idiosyncratic beliefs that by means of divine providence Spanish power would imminently transform the world elevate humanity to a higher spiritual plane dominate politics and religion and prepare for the second coming The work advances our understanding of previously unknown links amongst Campanella's religious solutions for idealising temporal government Quir's objective of a utopian society in the great south land and Spain's tentative experimentation with Messianism It also permits the drawing of inferences on the possible rationale behind political messianism in the contemporary world This book is a valuable resource for scholars students researchers and professionals interested in European and World History of the late Renaissance as well as those interested in the religious and political imperatives of Imperial Spain during the Habsburg period
