James, Oliver Nicholson, Roger Scott, 2021-10-31 After the Text honours the work of renowned historian Margaret Mullett who since the 1970s has transformed the study of Byzantine literature Her work has been influential in demonstrating the strength and variety of Byzantine texts Byzantium is renowned for its achievements in architecture and the visual arts Byzantium is renowned for its achievements in architecture and the visual arts Professor Mullett's perceptive studies produced over more than 40 years have shown that the literature of the Byzantine Empire is of equal beauty and interest ranging as it does from high style poetry and rhetoric in the classical manner through letters to demotic writings such as fables and the lives of saints The collection of essays in this volume draws further attention to the wealth and diversity of Byzantine texts by exploring the Greek literature of Late Antiquity and the Middle Ages in all its variety These studies by going like Professor Mullett herself beyond the texts illustrate the value of Byzantine literature for interpreting Byzantine history and civilisation in all its richness This book is crucial reading for scholars and students of the Byzantine world as well as for those interested in literary studies Chapter 16 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Journey to Albania Enrico Porfido, Giuseppe Resta, 2022-10-24 Over the last ten years Albania has undergone rapid development becoming a well recognised tourist destination within the Mediterranean region Tourism represents one of the most significant opportunities for the country and at the same time a challenge for a developing nation and emerging economy especially if we take into account an isolationist period of more than forty years during the social communist dictatorship This book aims to provide a base for discussion about the impact of tourism on the Albanian territory firstly from a historical point of view and secondly to observe a specific case study and analyse its impact This book is a journey to Albania looking at architecture explorations and landscapes from the traveller's perspective Inevitably this will include other academic fields such as geography history and spatial planning and will also recognise the contested Italian influence as an additional layer of complexity in Albania's 20th century

The Most Ancient of Minorities Stanislao Pugliese, 2002-03-30 A volume of essays that examine more than 2 000 years of Italian Jewish history from ancient Rome to contemporary developments concerning assimilation literature and the recent trial of a former SS captain implicated in crimes against humanity The essays make clear that the Italian Jews have a unique history in Europe A Jewish colony existed in Rome 200 years before the birth of Christ the Eternal City therefore represents the oldest Jewish community in the Western world Successive waves of immigrants created dozens of Jewish communities on the peninsula Depending on the time and the place Italian Jews could expect tolerance discrimination persecution or outright violence Still they fared better than their brethren in other parts of Europe Because of their long history on the peninsula the volume covers an astonishing variety of subjects

from legal discrimination and historical sources to Jewish dancing masters in the Renaissance from architecture to contradictory interpretations of the Holocaust from the special section on the linguistic and moral power of Primo Levi to child rearing manuals of 17th century Livorno In addition two Holocaust survivors recount their experiences in an extraordinary section The Language of the Witness Engaging essays for scholars students and other researchers interested in Italian Studies and the roles the peninsula's Jewish population played through history
