Shenson On Consulting:

Shenson on Consulting Howard L. Shenson, 1990-08 Based on Howard Shenson's wide ranging expertise it gives you a real life no holds barred account of what it's really like to go out on your own and fight to survive and succeed in the consulting business Covers every phase of consulting from establishing the business and sales and marketing to proposals and presentations financial issues and client relations Shenson covers the latest trends in the industry as tracked by his well known newsletter Professional Consultant and Seminar Business Report and his many contacts in the business *Shenson on Consulting* howard l shenson, 1990 *Howard L. Shenson Consulting Handbook* Howard L. Shenson, 1982 **The Howard L. Shenson Consulting Handbook** Howard L. Shenson, 1980 **The Knowledge Creation Potential of Management Consulting** Francesco Ciampi, 2008-06-02 The Knowledge Creation Potential of Management Consulting interprets management consulting from a knowledge perspective and proposes a general conceptual framework for investigating and interpreting that potential To begin with the main dynamics of change that characterize today's demand for management consulting is outlined and it is suggested that firms are becoming increasingly aware of the real cognitive rather than only the economic value generation potential that can be activated through the consulting relationship Also the possible pathways for evolutionary transformation of consulting practices models and roles that consulting firms could follow if they want to take advantage of the important changes that are taking place are looked at Next a definition of management consulting is proposed which aims to identify the distinctive ontological real essential and relatively stable features of this particular service and emphasizes the mainly cognitive nature of its value creation potential Furthermore two approaches to interpreting management consulting are discussed the diachronic approach and the synchronic approach To conclude the theories interpreting knowledge creation processes as knowledge conversion processes are explained and applied to the specific context of management consulting relationships Getting Started in Speaking, Training, or Seminar Consulting Robert W. Bly, 2002-03-14 How to make a living speaking training and running workshops and seminars Expert Bob Bly shares his secrets for earning 1 000 to 5 000 a day or more as a self employed speaker lecturer or trainer He shows readers step by step everything they need to know to become polished speakers create winning presentations find a market niche set fees get bookings and much more Aspiring speakers will learn about the corporate training market who buys training what the hot topics are how to package and sell training courses and what to charge Bob Bly Dumont NJ is an independent copywriter advertising consultant bestselling author popular lecturer and highly successful trainer International Environmental Consulting Practice Peter A. Emerging Trends and Issues in Management Consulting Anthony F. Buono,2009-04-01 The ninth volume in the Research in Management Consulting RMC series much like the volumes that preceded it underscores that management consulting is a multifaceted field with a truly eclectic nature Management consultants range from sole practitioners and those working in small boutique firms to members of global consultancies that literally span the world Their interventions can consist of relatively simple commonly available services focused on mid to lower level organizational members to those that are far more esoteric in nature providing vital assistance and direction to key players at the upper echelons of the corporate hierarchy As consultants we can have individuals groups and work units or organizations as our client and engagements can be dominated by junior level specialists or guided by senior level gurus and advisors The volume contains 11 chapters that continue the RMC series commitment to enhancing our understanding of and insight into management consulting and the consulting process from a cross cultural global perspective The book is divided into three sections that explore emerging issues and challenges in the management consulting industry trends and techniques in management consulting interventions and reflections on consulting and the consulting process This volume which captures the dual nature possibilities and challenges associated with management consulting adds to the Janus faced portrayal of the field Drawing on the interplay between practice and scholarship the volume adds to the series goal of gaining a fuller understanding of

Developing Knowledge and Value in Management Consulting

Anthony F. Buono,2002-07-01 The second volume in the Research in Management Consulting series focuses on developing knowledge and value in management consulting While there has been an exponential explosion in both the presence and role played by management consultants the exact nature of their contribution to client organizations to our understanding of management and organization to our comprehension of the increasingly complex dynamics associated with business in a global marketplace and to the development of their own firms remains ambiguous Just as the business world is experiencing rapid and at times volatile change the consulting industry itself is also facing unprecedented change and challenge Over the next decade forecasts suggest a world of difference for management consulting from different competitors and different types of projects and assignments to different skill sets and different fee structures to different client expectations

Reader's Guide to the Social Sciences Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense
