Leontaritis, 2019-01-15 Zagori in Greece's Northern Pindos National Park is among the last relatively undiscovered and unspoilt hiking destinations in Europe. This guide presents a selection of thirty walks and three short treks within the region's captivating scenery from dramatic gorges to mystical forests, crystal clear turquoise rivers, rugged alpine peaks and characterful mountain villages. Routes vary from easy walks on clear paths to strenuous ascents and mountain traverses meaning that there is something to suit most ambitions and abilities. Clear mapping accompanies the route description and the introduction to the guide covers all the practicalities including getting to Zagori, accommodation, equipment, maps and safety. There is also a wealth of information about the region's rich history, architecture, geology, plants and wildlife as well as fascinating notes on points of interest encountered on route. The routes are presented in five chapters covering Central Zagori, Vikos Gorge and vicinity, Mt Timfi, Konitsa and Mt Smolikas, and Valia Kalda National Park and Metsovo, with highlights including Mt Timfi and Mt Smolikas, Greece's second highest mountain, the breathtaking Vikos Gorge, traditional stone arch bridges and the alpine tarns of Drakolimni. Dragonlakes. With so much stunning scenery, this is a region that cries out to be explored.

*Head in the Clouds* Hugh Miller, Andrew Craig, 2025-05-05 *Head in the Clouds* captures the heart and soul of free flying. It is a unique collection of stories and essays that documents the first 50 years of free flying, the adventure sports of paragliding and hang gliding. Since the pioneer hang glider pilots took their first tentative steps into the air in the 1970s, free flight pilots have enjoyed a golden age. Face in the breeze, arms outstretched, following the birds and soaring high up to the clouds. For 50 years we've chased and achieved humankind's oldest dream. In this hardback collection of 50 stories, pilots describe the highs and lows in free flying firsthand, from the beauty of sunset soaring in the mountains to tales of epic adventure and the fight for survival. Whether traversing the Himalaya, being swept to 20,000ft inside a storm cloud and surviving, or simply the sheer fun of thermalling like a bird to the clouds, the stories convey the joys and challenges of this unique sport, which is enjoyed by tens of thousands of people worldwide. The book is edited by one of Britain's best paraglider pilots, Hugh Miller, and former BBC journalist Andrew Craig, who between them have more than 50 years of free flight experience. As Hugh says, 'Free flying is adventure and exploration at its best. These stories represent the very best of our sport, the heart and soul of free flying.' *Head in the Clouds* has been received with much critical acclaim, including being listed as one of the top 10 outdoor books of 2023 by *The Scotsman*, Scotland's national newspaper.

### **The Fate of the Jacobite Grenadiers Gavin Wood,2017-02-09**

February 1746 The rebel army of Prince Charles Edward Stuart has retreated to the north east of Scotland Here they are surrounded by three enemy armies loyal to King George Lacking money equipment and food only a decisive victory on the battlefield can turn the tide of the war Lord Kilmarnock s Horse Grenadiers have earned a reputation for loyalty sculduggery and fortitude Now Prince Charles rewards the regiment by promoting them to become his elite guards It is a dangerous honour As the war reaches its climax the Grenadiers must fight their deadliest battle yet If the regiment does not stand fast the Jacobite army will be destroyed and the rebellion will be over You behave as a filching freebooter Captain Lindesay one caught in the very act of brigancy Brigancy Your Highness the Irish nobleman turned to address the Prince We cannot have our officers behave in such a fashion and in your royal regiment of guards to boot Such unworthy behaviour will be the ruin of our reputation And I must counsel that you dismiss Mr Lindesay from his post Before the Prince could answer Patrick stepped closer to the Quartermaster General toe to toe and eye to eye His face was feral Patrick curled his lip bared his teeth fingered his pistol The conceited inanity of the fellow was insufferable For a moment the Irishman was sure the Captain of the Grenadiers was about to offer a challenge and propose a duel Then to the astonishment of all the bystanders Patrick smiled Just the smallest upturn of the lips but a veritable and carefree smile none the less And OSullivan frowned unsure why

the Grenadiers anger had turned cold And Patricks smile broadened for the canniest of ploys had just come to him

Ancient Rome's Emperor Maximinus faces wars and uprisings in this tale of political intrigue from the bestselling author of the Warrior of Rome novels Blending heart pounding action and historical accuracy Harry Sidebottom's bestselling Warrior of Rome series took readers from the shouts of the battlefield to the whisperings of the emperor's inner circle In this second book of his new Throne of the Caesars series Sidebottom continues his retelling of one of the bloodiest periods of Roman history the Year of the Six Emperors In Rome in the year 238 AD Emperor Maximinus's reign hangs in the balance The empire is bleeding manpower and money in order to sustain its wars in the north and rebellions flare in the far reaches of its territories Meanwhile in Africa Gordian the Elder and Younger are proclaimed as the new Augusti A family descending from the Imperial bloodline they represent a chance for the establishment to take back the empire The first blood of the revolt is shed in Rome when an assassin murders the emperor's prefect announcing to Rome that the Gordians have taken the throne still bitter at Maximinus's rise from the barracks to power the Senate endorses the rebellion and chaos descends on the capitol But in his heart Maximinus is a man of war when he hears of the betrayal he acts with decisive brutality and violence On the dusty plains outside Carthage blood and steel will determine the fate of the Roman Empire Praise for Blood it's the perfect playground for a novelist and it's found a superb dramatist Open Letters Monthly     *Montenegro Offroad-Guide* Martina Holzmann, Günther Holzmann, 2023-05-01 Experience Montenegro off road authentic and up close 26 detailed main routes and 7 short detours always up to date thanks to the extensive data download There's no doubt about it Montenegro is one of the most beautiful countries in Europe Covering an area of just 13 812 square kilometres the smallest of the former Yugoslavian states is home to an enormous wealth of culture nature and hospitality And given the relatively good road infrastructure it is hard to believe that this tiny country still has room for places that can only be reached on tracks On the one hand this is a good thing at least these marvellous places are safe from the masses because Montenegro is booming On the other hand it is precisely these landscapes and corners that show the true face of the country where the real still incredibly unspoilt Montenegro can be found This will probably remain the case unlike in neighbouring Albania no great energy will be invested in the further development of the mountain regions Travelling through Montenegro on normal roads and paths you will be amazed by the diverse culture and the breathtaking landscape anyway and can hardly imagine that all this can be surpassed But it is just where you can no longer imagine any progress where there is no longer any explorable space between the peaks that is precisely where sublime natural wonders emerge that leave us fascinated and speechless in awe of so much beauty But these landscapes are not just waiting to be discovered they also want to be preserved The warm

and hospitable inhabitants of the mountains should continue to be proud of their most valuable asset Our top priority is therefore to explore the remote mountain regions in the most considerate way for nature and people so that they remain open to us for a long time to come In the second edition of the successful off road travel guide for Montenegro 4x4 adventurers and those who want to become one will once again find In depth insider knowledge thanks to the authors 14 years of experience in the Western Balkans 26 scenically outstanding and exciting routes through the fascinating mountain world of this small country plus 7 interesting short routes or detours all documented in detail including interesting facts about the region Each tour includes an overview map region altitude profile coordinates of the start and end points route length and 4x4 share in km altitude minimum and maximum as well as altitude differences time required degree of difficulty and vehicle category surface conditions character recommended season highlights along the route and in the vicinity coordinates of error points refuelling shopping overnight stays parking spaces yes no interesting facts about the region general route description Supplemented by an extensive data download with GPS data any changes along the route up to date campsite directory various PDF brochures enlargeable route maps extended user instructions and country information and much more The best prerequisites for an unforgettable trip to Montenegro The ideal supplement for on road experiences the Montenegro travel guide from the HOBOTeam publishing house Montenegro black mountains green forests discover individually with current online update
