the enemy has unleashed a secret weapon that could permanently shift the balance an unstoppable agent of destruction named Mark Strang      *Famous Hollywood Locations* Leon Smith,2011-12-14 Did you ever wonder where Beaver Cleaver's house was How about the mountain where King Kong had his hideaway Or Mr Roark's mansion and lagoon on Fantasy Island Of course all were in Hollywood This is a photographic guide to 382 sites in and around Los Angeles that have been used in film and television Some are well known Mann's Chinese Theater the Hollywood Bowl the Los Angeles Zoo others are obscure such as the Hollywood Hills house used in *Double Indemnity* the garden from *Dark Shadows* and the Indian head rock seen in *Noah's Ark* The sites are grouped geographically and each entry includes the exact address and photographs of what the location looks like today A brief plot background is also provided      *Washington's God* Michael Novak,Jana Novak,2007-02-13 Washington has long been viewed as the patron saint of secular government but in *Washington's God* Michael Novak and his daughter Jana reveal that it was Washington's strong faith in divine Providence that gave meaning and force to his monumental life Narrowly escaping a British trap during the Battle of Brooklyn Washington didn't credit his survival to courage or tactical expertise he blamed himself for marching his men into certain doom and marveled at the Providence that delivered them Throughout his career Washington held fast to the conviction that America's liberty was dependent on our faithfulness to God's will and our trust in Providence Washington's God shows Washington not only as a man of resource strength and virtue but also as a man with deeply held religious values This new presentation of Washington as a man whose religion guided his governance will bring him into today's debates about the role of faith in government and will challenge everything we thought we knew about the inner life of the father of our country      *Washington's Dark Secret* John Maszka,2018-10-08 As a scholar of terrorism John Maszka has examined how politics the media and the War on Terror play off one another His most startling claim is that the War on Terror is a war for natural resources and that terrorism has little to do with it Once the military became mechanized oil quickly became the most sought after commodity on the planet and the race for energy was eventually framed as a matter of national security Ironically Maszka argues the true threats to national security are the massive oil conglomerates themselves Maszka delves into the repercussions of a government that capitalizes on an us versus them mentality such as the demonizing of an entire religion sensationalizing radical violent attacks and loosely applying the word terrorism Because the United States current approach to terrorism has led to the politicization and abuse of the term Maszka suggests a need for a standardized definition of terrorism Currently too many acts of violence can be labeled terrorism resulting in state and nonstate actors labeling their enemies as terrorists yet claiming their own acts of violence as legitimate and retributive Maszka argues that much of the violence labeled as terrorism today is not terrorism at all In an ambitious attempt to connect seemingly unrelated events in politics and the media Maszka offers an unflinching portrayal of the hypocrisy underlying our foreign policy      *Character-Based Film Series Part 2* Terry Rowan,2016-04-09 A group of films or a character based series each complete on its own but sharing a common
