Sherlock Holmes And The Alice In Wonderland Murders:

Sherlock Holmes and the Alice in Wonderland Murders Barry Day, 2015-07-28 Investigating a crooked tabloid magnate Sherlock Holmes is drawn across the continent Dr Watson has never been much of an angler and he is perplexed when Sherlock Holmes invites him on a Scottish fishing expedition Come if convenient reads the telegram If not come anyway A few years after his near death experience at the hands of Moriarty the great detective is restless If any man needs a vacation it is Sherlock Holmes But Watson knows better than to expect a peaceful fishing trip As it happens Holmes has dragged Watson to Scotland not for the fishing but for a party The celebration is hosted by John Moxton an American muckraker who has recently expanded his tabloid empire across the pond When his paper the Clarion turns out to be one step ahead of Holmes in investigating a baffling series of crimes the detective suspects that Moxton isn't just breaking the news he's making it *Sherlock Holmes and the Alice in Wonderland Murders* Barry Day, 2017 The year is 1898 *The Dark Side of Alice in Wonderland* Angela Youngman, 2022-10-04 A unique exploration of the character the author and the many transformations of Alice in modern culture often in edgy and menacing ways The Dark Side of Alice in Wonderland is the first investigation of the vast range of darker more threatening aspects of this famous story and the way Alice has been transformed over time Although the children's story has been in print for over 150 years the mysteries and rumors surrounding the story and its creator Lewis Carroll have continued to grow Alice has been transformed this is the Alice of horror films Halloween murder and mystery spectral ghosts political satire mental illnesses weird feasts Lolita Tarot pornography and steampunk The Beatles based famous songs such as Lucy in the Sky with Diamonds and I am the Walrus on Alice's Adventures in Wonderland and she has even attracted the attention of world famous artists including Salvador Dali The Japanese version of Lolita is so different from that of novelist Vladimir Nabokov yet both are based on Alice This is Alice in Wonderland as you have never seen her before a dark sometimes menacing and threatening character Was Carroll all that he seemed The stories of his child friends nude photographs and sketches affect the way modern audiences look at the writer Was he just a lonely academic a closet pedophile a brilliant puzzle maker or even Jack the Ripper For a book that began life as a simple children's story it has resulted in a vast array of dark concepts ideas and mysteries With this book you can step inside the world of Alice in Wonderland and discover a dark side you never knew existed [The Alternative Sherlock Holmes](#) Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As

the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field *The Big Book of Sherlock Holmes Stories* Otto Penzler, 2015 Here Otto Penzler collects eighty three wonderful stories about Sherlock Holmes and Dr John Watson published over a span of more than a hundred years

quotations from Chandler's novels, short stories, letters, and interviews to craft a unique portrait of the mystery writer's life and times

The Noël Coward Reader Noël Coward, 2011-09-06 The Noël Coward Reader offers a wonderfully wide ranging selection, the first of its kind, of the best of the Master's oeuvre, entertainingly annotated and abundantly illustrated, and including material that has never before been published. Here are scenes from Coward's famous plays from *Private Lives* to *Blithe Spirit* and his screenplays from *Brief Encounter* to *In Which We Serve*. Here are four of his best short stories, scenes from his only novel, and a generous selection of his verse alongside the lyrics of many of his most sublime songs, including *Mad Dogs and Englishmen*, *The Stately Homes of England*, and *Mad About the Boy*. The Noël Coward Reader is a must-have book both for those who adore his work and for those who are just discovering the many faceted delights of his comic genius.

The Letters of Noel Coward Noël Coward, 2008-12-30 Lavishly illustrated and annotated, this first and definitive collection of letters to and from the great English playwright provides a divine portrait of an age from the Blitz to the Ritz and beyond. Superb. The portrait of a complex, charming, driven, serious, and frankly courageous artist. The *Wall Street Journal*: "The incomparable Noël Coward loved to correspond with friends, enemies, the famous, and infamous, the talented, and the powerful, including Virginia Woolf, Winston Churchill, Greta Garbo, Laurence Olivier, Katharine Hepburn, Marlene Dietrich, Lawrence of Arabia, Somerset Maugham, and many more. Granted unlimited access to the Coward archive, Barry Day presents many never-published letters and has unearthed new, startling evidence of Coward's wartime work as a spy. Along with 191 rare photographs, these letters bring to life the people and events that shaped the twentieth century and a remarkable man who made his own indelible mark at the heart of it."

The Complete Verse of Noel Coward Noël Coward, 2011-09-29 The *Complete Verse of Noël Coward* brings together the three volumes of verse produced during his lifetime, together with previously unpublished material, for the very first time. For the legions of fans of The Master, this definitive collection of Coward's verse writings will prove irresistible. Throughout most of the years of my life, since approximately 1908, I have derived a considerable amount of private pleasure from writing verse. It is an inherent instinct in the English character. Beginning with his youthful verse experiments, The *Complete Verse* arranges, in themed chapters, Coward's prolific public and personal verse writings. Chapters bring together his verse on a wide variety of subjects, including war, the theatre, love, friends, travel, and God, and the infinite. It features the satirical cod pieces *Chelsea Buns* and *Spangled Unicorn*, and the verse collected in the 1967 volume *Not Yet the Dodo*. But alongside these are the verses sent to friends and family over many years, in letters, memos, and cables, which paint a vivid portrait of his more private life and are published here for the first time. With a linking commentary by editor Barry Day and sprinkled with illustrations throughout, The *Complete Verse* offers to Coward readers further enjoyment and appreciation of his wit, insatiable interest in people, and skilful rendering of his public and private lives.
