Sherlock Holmes The Truth About Ludwig II:

Sherlock Holmes Peter Neugebauer, Metropolitan Toronto Reference Library, 1995 **Sherlock Holmes** Mark Campbell, 2013-06-01 With the recent successes of Robert Downey Jr on the big screen and Benedict Cumberbatch on TV the popularity of Sherlock Holmes is riding high and here is the essential guide Who is Holmes The world s most famous detective a drug addict with a heart as cold as ice or a millstone around the neck of his creator He s all of these things and much much more Sherlock Holmes was the brainchild of Portsmouth GP Arthur Conan Doyle A writer of historical romantic fiction Doyle became unhappy that the detective s enormous success eclipsed his more serious offerings But after attempting to wipe him out at the Reichenbach Falls in Switzerland Doyle was faced with a vociferous backlash from the general public and eventually he had no choice but to bring his sleuth back from the grave to face more puzzling mysteries While not strictly speaking canonical Holmes deerstalker curved pipe and cries of Elementary my dear Watson have been immortalized in countless stage film television and radio productions An iconic fictional creation inseparable from his partner in crime Dr John Watson Sherlock Holmes has charmed and fascinated millions of people around the world since his first appearance more than a century ago He is one of English literature s finest creations *Absolute Power* C.S. Denton, 2006-07-31 Nearly all men can stand adversity but if you want to test a man s character give him power Abraham Lincoln Throughout history all monarchs have lived with the strange dichotomy of simultaneously being human and more than human In our time when monarchies seem little more than tourist curiosities and democracy is taken for granted it is easy to forget just how much power pre democratic rulers once wielded The rulers and holders of political power in this book were all possessed of vast in many cases absolute power power which was often exercised arbitrarily and unjustly What unites the figures in this book is that they all in one way or another failed to live up to the extravagantly high hopes invested in them and as a consequence have been judged harshly by history A few such as George III might have been remembered more kindly were it not for mental illness changing their status from that of hero to villain Some like Louis XVI were unfairly transformed into monsters by hostile propaganda while others such as Peter the Great have been both celebrated as heroes and denounced as tyrants often in the same breath Finally there are those rulers who like Caligula or Ivan the Terrible may well fully deserve their evil reputations *Absolute Power* is a study in how often rulers were carried away or overwhelmed by their exalted status while a few were even driven over the edge into madness **Sherlock Holmes and Friedrich Nietzsche in the Swan King Affair** Andrew Glenn, 2021-02-12 The King is dead June 13 of 1886 King Ludwig of Bavaria otherwise known as Crazy Ludwig the builder of many beautiful castles friend of Wagner and patron of the arts is found dead in Lake Starnberg along with his doctor Their deaths are a mystery A professor in Marburg Germany is also found dead the same the same day They all were friends of Friedrich Nietzsche the great German philosopher Nietzsche now in retirement goes to Sherlock Holmes to solve the case Holmes accepts and the three proceed to Germany picking up along the way Mark Twain who has finished a tour the

beautiful feminist Lou Salome and the mysterious Dr Liu Much merriment ensues as ideas clash between six brilliant minds Holmes solves the murders but finds himself in a morass of difficulties The plot twists about when Holmes and his crew are summoned to the bedside of a wise man who tells him that only he can solve a 400 year old prophecy The ever logical Holmes doubts the prophecy but he is told that if he does not act on it Europe could be plunged into war *Canadian Books in Print.
