Sherpas Of Nepal

Vincanne Adams

Sherpas Of Nepal:

The Sherpas of Nepal Christoph von Fürer-Haimendorf, 1964 *The Sherpas and Their Original Identity* Serku Sherpa, Yana Wengel, 2023-04-11 This book offers a cultural and historical perspective on the Sherpa people exploring how their traditional way of life has been impacted by such factors as urbanisation modernisation globalisation and tourism Though Nepal is a small country it is rich in ethnic religious linguistic and cultural resources Various communities living in Nepal including the Sherpas have their own original cultures traditions and practices Despite outside influence the Sherpa people have preserved their distinct lifestyle which encompasses a unique history culture religion language cuisine and set of traditions It was only after the summit of Everest in 1953 that domestic and foreign scholars began to take an interest in documenting the Sherpa people's way of life The Sherpa's language is an oral one and with this comes difficulties Various translations into other languages have caused mistranslations and a loss of meaning Written by a Sherpa this book seeks to overcome these linguistic barriers and bring Sherpa culture to the reader Serving as a collection of knowledge from distinguished scholars of the Sherpa community religious leaders intellectuals social workers and community organisations this book is a unique auto ethnographic work which bridges the gap between researchers speaking other languages and Sherpa people *Sherpas* James F. Fisher, 1990-05-01 James Fisher combines the strengths of technical anthropology literary memoir and striking photography in this telling study of rapid social change in Himalayan Nepal The author first visited the Sherpas of Nepal when he accompanied Sir Edmund Hillary on the Himalayan Schoolhouse Expedition of 1964 Returning to the Everest region several times during the 1970s and 1980s he discovered that the construction of the schools had far less impact than one of the by products of their building a short take off and landing airstrip By reducing the time it took to travel between Kathmandu and the Everest region from a hike of several days to a 45 minute flight the airstrip made a rapid increase in tourism possible Beginning with his impressions of Sherpa society in pre tourist days Fisher traces the trajectory of contemporary Sherpa society reeling under the impact of modern education and mass tourism and assesses the Sherpa's concerns for their future and how they believe these problems should be and eventually will be resolved **The Sherpas of Nepal**, 1964 *People of the World: The Sherpas of Nepal* J. Bourdillon, 2000 **Sherpas Through Their Rituals** Sherry B. Ortner, 1978-04-14 Professor Ortner examines the Sherpas of the Himalayas *The Sherpas of the Himalayas* Manis Kumar Raha, Palash Chandra Coomar, Sudip Bhui, 2016-01-01 The present book is a detailed first of its kind study of the Sherpas inhabiting Darjeeling District of West Bengal and South District of Sikkim This ethnographic study among the Sherpas of these two areas was undertaken by the authors because firstly the Sherpas here have very interesting culture and secondly these people here are very little known All detailed studies so far published are on the Sherpas of Nepal So people know about the Sherpas of Nepal but not about them living in Darjeeling and Sikkim From this detailed study the readers of this book particularly those who are interested about the people of the Himalayas and of North East India will get

a comprehensive idea about the life and activities of these inhabitants of the Himalayas Moreover in this book a comparison between their society and culture and those of their congeners in Nepal has also been made As a result the readers will get a complete life sketch of these people from this book This book will also help in formulating and undertaking development programmes among them and also in the areas they live **Life and Death on Mt. Everest** Sherry B. Ortner, 2020-03-31

The Sherpas were dead two more victims of an attempt to scale Mt Everest Members of a French climbing expedition sensitive perhaps about leaving the bodies where they could not be recovered rolled them off a steep mountain face One body however crashed to a stop near Sherpas on a separate expedition far below They stared at the frozen corpse stunned They said nothing but an American climber observing the scene interpreted their thoughts Nobody would throw the body of a white climber off Mt Everest For more than a century climbers from around the world have journeyed to test themselves on Everest's treacherous slopes enlisting the expert aid of the Sherpas who live in the area Drawing on years of field research in the Himalayas renowned anthropologist Sherry Ortner presents a compelling account of the evolving relationship between the mountaineers and the Sherpas a relationship of mutual dependence and cultural conflict played out in an environment of mortal risk Ortner explores this relationship partly through gripping accounts of expeditions often in the climbers own words ranging from nineteenth century forays by the British through the historic ascent of Hillary and Tenzing to the disasters described in Jon Krakauer's *Into Thin Air* She reveals the climbers or sahibs to use the Sherpas phrase as countercultural romantics seeking to transcend the vulgarity and materialism of modernity through the rigor and beauty of mountaineering She shows how climbers behavior toward the Sherpas has ranged from kindness to cruelty from cultural sensitivity to derision Ortner traces the political and economic factors that led the Sherpas to join expeditions and examines the impact of climbing on their traditional culture religion and identity She examines Sherpas attitude toward death the implications of the shared masculinity of Sherpas and sahibs and the relationship between Sherpas and the increasing number of women climbers Ortner also tackles debates about whether the Sherpas have been spoiled by mountaineering and whether climbing itself has been spoiled by commercialism **Fire of Himal** Ramesh Raj Kunwar, 1989 *Gaiety of Spirit* Frances

Klatzel, 2010 Since the birth of modern mountaineering the term Sherpa has been used to refer to Himalayan men working as guides on expeditions in and around the area of Mt Everest Known mostly for their remarkable mountaineering skills and expertise Sherpas are much more than mere high altitude porters The Sherpas are an extraordinary ethnic people who settled the remote valleys in the Himalaya about 500 years ago and whose culture is steeped in the rich philosophical traditions of Himalayan Buddhism For three decades writer and naturalist Frances Klatzel has lived and worked with Sherpas near Mount Everest During this time she has gained intimate access and a profound knowledge of the people helping to create the Sherpa Cultural Centre at Tengboche the largest Buddhist monastery in the region Infused with the author's own reflections and experiences and complete with color photos highlighting Sherpa life from the metaphysical to the everyday

Gaiety of Spirit will take the reader on a magnificent journey toward a richer level of understanding of Sherpa culture traditions symbols belief and history

Soundings in Tibetan Medicine International Association for Tibetan Studies. Seminar,2007 This collection of studies on the anthropology and history of Tibetan medicine provides fascinating new insights into both dynamic developments and historical continuities in medical knowledge and practice that have been manifest in a range of traditional and contemporary Tibetan societies

Tigers of the Snow and Other Virtual Sherpas Vincanne Adams,1996 Sherpas are portrayed by Westerners as heroic mountain guides or tigers of the snow as Buddhist adepts and as a people in touch with intimate ways of life that seem no longer available in the Western world In this book Vincanne Adams explores how attempts to characterize an authentic Sherpa are complicated by Western fascination with Sherpas and by the Sherpas desires to live up to Western portrayals of them Noting that diplomatic aides at world summit meetings go by the name Sherpa as do a van in the U K built for rough terrain and a software product from Silicon Valley Adams examines the authenticating effects of this mobile signifier on a community of Himalayan Sherpas who live at the base of Mount Everest Nepal and its deauthenticating effects on anthropological representation This book speaks not only to anthropologists concerned with ethnographic portrayals of Otherness but also to those working in cultural studies who are concerned with ethnographically grounded analyses of representations Throughout Adams illustrates how one might undertake an ethnography of transnationally produced subjects by using the notion of virtual identities In a manner informed by both Buddhism and shamanism virtual Sherpas are always both real and distilled reflections of the desires that produce them

An Ethnohistorical Dictionary of China James S. Olson,1998-02-24 Since Deng Xiaoping s economic reforms began in the early 1980s the People s Republic of China has rejoined global politics as a world power The country is likely to become more open and its internal politics will no doubt affect the rest of the world With more than 1 2 billion people divided into hundreds of ethnic groups all dominated by the Han people China s politics and its foreign policy are bound to be affected by ethnicity and ethnic rivalry This book is designed to give librarians students scholars and educated readers a ready reference for background information of interpreting ethnic events in China Generally defining ethnicity in terms of language this book provides individual essays on hundreds of Chinese ethnic groups including ethnic groups living in the Republic of China on Taiwan The book also includes a chronology bibliography and a breakdown of the People s Republic of China s ethnic political subdivisions

The Sherpas Transformed Christoph von Fürer-Haimendorf,1984

The Sherpas of Nepal in the Tibetan Cultural Context Robert A. Paul,1989

The Himalayas Andrew J. Hund,James A. Wren,2018-06-15 A thorough and detailed resource that describes the history culture and geography of the Himalayan region providing an indispensable reference work to both general readers and seasoned scholars in the field The Himalayas An Encyclopedia of Geography History and Culture serves as a convenient and authoritative reference for anyone exploring the region and seeking to better understand the history events peoples and geopolitical details of this unique area of the world It explores

the geography and details of the demographics discusses relevant historical events and addresses socioeconomic movements political intrigues and controversies and cultural details as to give an overarching impression of the region as a coherent and cohesive whole Readers will come away with a vastly heightened understanding of the geographical region we recognize as the Himalayas and grasp the issues of geography history and culture that are central to contemporary understandings of the human culture in the region The alphabetically arranged and succinct entries provide easy access to detailed authoritative information Additionally sidebars throughout the book relate compelling facts that point readers to new and interesting avenues of exploration The volume also includes a chronological overview of the region ten primary source documents and a comprehensive bibliography of supporting works

The Sherpas of Nepal Jennifer Bourdillon, Victor Coverley-Price, 1959

Marriage in Human Society Manis Kumar Raha, 2023-01-01 Marriage as an institution was introduced among the human beings possible thousands of years ago Human being possible started with promiscuity and then moved to the structured forms of marriages It took no doubt many many years From one form of marriage is human being diversified marriage form into several During last couple of century or more several changes have taken place in marriage pattern forms methods ceremonies etc Still during recent decades only some anthropologists and other social scientists have showed much interest to study marriage These Three Volumes deals with marriage in different parts of the world and its different forms and types in great details But much emphasis has been given on different multiple marriages particularly polyandry its sub types and regions of origin and development of polyandry as practiced in different countries including India Emphasis has also been given on the question of determination and allocation of paternity and decline of polyandry and some other multiple marriages In this study special stress has been given on some of the marriage that is sexuality reproductively and paternity Also provide very good idea about different aspects of marriage and its types and forms The publisher and author of this book will be extremely happy if the reader considers this book as an important contribution to anthropology and other social sciences These volumes are useful for all those who are interested in Sociology Tribal Studies Anthropology and other Social Sciences

High Religion Sherry B. Ortner, 1992 An eminent anthropologist examines the foundations of the first celibate Buddhist monasteries among the Sherpas of Nepal in the early twentieth century a religious development that was a major departure from folk or popular Buddhism Sherry Ortner is the first to integrate social scientific and historical modes of analysis in a study of the Sherpa monasteries and one of the very few to attempt such an account for Buddhist monasteries anywhere Combining ethnographic and oral historical methods she scrutinizes the interplay of political and cultural factors in the events culminating in the foundations Her work constitutes a major advance both in our knowledge of Sherpa Buddhism and in the integration of anthropological and historical modes of analysis At the theoretical level the book contributes to an emerging theory of practice an explanation of the relationship between human intentions and actions on the one hand and the structures of society and culture that emerge from and feed back upon those intentions and actions on the other It will

appeal not only to the increasing number of anthropologists working on similar problems but also to historians anxious to discover what anthropology has to offer to historical analysis In addition it will be essential reading for those interested in Nepal Tibet the Sherpa or Buddhism in general The Sherpas of Nepal in the Tibetan Cultural Context Robert A. Paul, 1989
