Liminal States Zack Parsons, 2011-10-24 An awe inspiring helter skelter journey through mind blowing SF western dime novel noir mystery and near future dystopian horror Publishers Weekly starred review The debut novel from Zack Parsons editor of the Something Awful website and author of *My Tank Is Fight* is a mind bending journey through time and genres Beginning in 1874 with a blood soaked western story of revenge *Liminal States* follows a trio of characters through a 1950s noir detective story and twenty first century sci fi horror Their paths are tragically intertwined and their choices have far reaching consequences for the course of American history It s a remarkable mashup that somehow manages to become a cohesive thought provoking whole There s no way a novel with this many moving parts should hold together but it does and even readers initially daunted by the jumble will soon be glad to go wherever Parsons takes them Publishers Weekly starred review Parsons s debut is a tour de force a justifiably showy demonstration of the author s chameleon like ability to write in several genres all at once and it emerges as one of the scariest and bleakest tales I can remember Cory Doctorow
