### **Shi'ite Islam Persian Studies Series No 5:**

*Shi'ite Islam* Muḥammad Ḥusayn Ḥabībī, Muhammad H. Al-Tabataba'i, 1977-01-01 Despite the vast amount of information and the number of factual details assembled during the past century by Western scholarship in the fields of orientalism and comparative religion many gaps still exist in the knowledge of the various religions of the world even on the level of historical facts Moreover until recently most of the studies carried out within these fields have suffered from a lack of metaphysical penetration and sympathetic insight One of the most notable omissions in Western studies of the religions of the East and of Islam in particular has occurred in the case of Shi'ism Until now Shi'ism has received little attention and when it has been discussed it has usually been relegated to the secondary and peripheral status of a religious political sect a heterodoxy or even a heresy Hence its importance in both the past and the present has been belittled far more than a fair and objective study of the matter would justify The present work hopes to redress partially the lack of accessible and reliable English language material pertaining to Shi'ism It is the first of a series of books designed to bring to the English speaking world accurate information about Shi'ism through the translation of writings by authentic Shi'ite representatives and of some of the traditional sources which along with the Quran form the foundation of Shi'ite Islam The purpose of this series is to present Shi'ism as a living reality as it has been and as it is in both its doctrinal and historical aspects Thereby we can reveal yet another dimension of the Islamic tradition and make better known the richness of the Islamic revelation in its historical unfolding which could have been willed only by Providence from Preface p 3 4

*Shi'ite Islam* Sayyid Muḥammad Ḥusayn Ṭabāṭabā'ī, 1979-06-30 Despite a growing interest in the last hundred years in both orientalism and comparative religions and the fact that there are over fifty million Shi'a Muslims until now there has been no thorough and objective study of that part of Islam called Shi'ism for Western scholars The present work provides a clear account of the origin history and doctrines of an important sector of the Muslim religious community It is written by a distinguished leader of that community who in addition to possessing a thorough knowledge of its traditional history and literature presents its rational philosophic traditional legal and gnostic mystical elements with warmth and sympathy The result is a well integrated general picture which succeeds in giving the reader a clear and comprehensive picture of how the Shi'ite Muslim views his religion

**The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition** Aun Hasan Ali, 2023-06-15 Against the background of long standing narratives in which Twelver Shi'ism is viewed as fundamentally authoritarian The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition builds upon recent scholarship in the fields of Religious Studies Anthropology and History to argue that Twelver Shi'ism is better understood as a discursive tradition At a conceptual level this solves the basic problem of how to integrate the extraordinary diversity of Twelver Shi'ism across time and space into a single historical category without engaging in a normative assessment of its underlying essence Furthermore in light of this conception of tradition the School of Hillah stands out as a seminal period in the archive of Twelver Shi'ism though it has

seldom been recognized as such in European language scholarship Insofar as it gave birth to a conversation that would prove capable of encompassing the dynamism of Twelver Shi ism the School of Hillah should be considered the formative period of Twelver Shi i tradition Moreover when the tradition is conceptualized in this manner it is a bulwark against the very authoritarianism by which Twelver Shi ism has been characterized for so long *The Hazaras of Afghanistan* S. A. Mousavi,2018-10-24 Study of the second largest but least well known ethnic group in Afghanistan that also confronts the taboo subject of Afghan national identity Largely Farsi speaking Shi ias the Hazaras traditionally inhabited central Afghanistan but because of the war are now widely scattered **'Uthman ibn 'Affan** Heather N. Keaney,2021-02-18 Uthman ibn Affan d 656 was an early convert to Islam and the third successor to the Prophet Muhammad As caliph he established the first Islamic navy consolidated the text of the Qur an and expanded the Arab empire His opponents however accused him of being corrupt and questioned his legitimacy After twelve years Uthman s troubled caliphate ended in revolt His death at the hands of rebels led to civil war and contributed to the eventual split between Sunni and Shi i Islam In this volume Heather Keaney examines the life and legacy of the controversial caliph **The Theology of Al-Shaikh Al-Mufid (d. 413/1022)** Martin J. McDermott,1978 **Shi'ite Islam** Sayyid Muhammad Husayn Tabatabai,2010 **Iran** Reza Navabpour,1988 *The Oxford Handbook of Islamic Law* Anver M. Emon,Rumee Ahmed,2018 A comprehensive guide to Islamic legal scholarship this Handbook offers a direct and accessible introduction to Islamic law and the academic debates within the field Topics include textual sources and authority institutions substantive legal areas Islamic legal philosophy and Islamic law in the Muslim World and in Muslim minority countries *History of Islamic Political Thought* Antony Black,2011-07-31 A complete history of Islamic political thought from early Islam c 622 661 to the present Now in its 2nd edition this textbook describes and interprets all schools of Islamic political thought their origins inter connections and meaning It examines the Qur an the early Caliphate classical Islamic philosophy and the political culture of the Ottoman and other empires It covers major thinkers such as Averroes Ibn Rushd and Ibn Taymiyya as well as a number of lesser authors and Ibn Khaldun is presented as one of the most original political theorists ever It draws on a wide range of sources including writings on religion law philosophy and statecraft expressed in treatises handbooks and political rhetoric The new edition analyses the connections between religion and politics covering the most recent developments in Islamic political thought and the most recent historical scholarship It ends with a critical survey of reformism or modernism and Islamism or fundamentalism from the late 19th century up to the present day *Iran and the Gulf: A Search for Stability* Prof. Jamal Sanad Al-Suwaidi, This volume presents the research and analyses of internationally recognized scholars concerning the internal and external dynamics which affect and often determine the policies of the Islamic Republic of Iran Following an introduction designed to provide an analytical and contextual backdrop the volume begins with a detailed look at the Iranian polity its evolution before and after the revolution and the role of ideology The next section addresses Iranian foreign policy

with respect to the Arab Gulf states as a function of domestic dynamics and as a response to regional and international events and constraints The third section discusses Iran's military capabilities and includes reasoned judgments concerning the Islamic Republic's intentions and aspirations in the military realm The book concludes with a discussion of the evolving relationship between the GCC states and Iran with particular focus on the security dynamics that attend that relationship for the foreseeable future This timely and comprehensive work acknowledges Iran's important and immutable role in Gulf affairs and particularly in Gulf security affairs It also acknowledges the important evolution in Iranian foreign policy which has occurred since the revolution of 1979 and particularly since the death of the Iranian revolutionary leader Ayatollah Ruhollah Khomeini

*General Introduction to Persian Literature* J.T.P. Bruijn, 2008-10-31 Persian literature is the jewel in the crown of Persian culture It has profoundly influenced the literatures of Ottoman Turkey Muslim India and Turkic Central Asia and been a source of inspiration for Goethe Emerson Matthew Arnold and Jorge Luis Borges among others Yet Persian literature has never received the attention it truly deserves A History of Persian Literature answers this need and offers a new comprehensive and detailed history of its subject This 18 volume authoritative survey reflects the stature and significance of Persian literature as the single most important accomplishment of the Iranian experience It includes extensive revealing examples with contributions by prominent scholars who bring a fresh critical approach to bear on this important topic The first volume offers an indispensable entree to Persian literature's long and rich history examining themes and subjects that are common to many fields of Persian literary study This invaluable introduction to the subject heralds a definitive and ground breaking new series

**Visions of Beirut** Hatim El-Hibri, 2021-04-26 In *Visions of Beirut* Hatim El Hibri explores how the creation and circulation of images have shaped the urban spaces and cultural imaginaries of Beirut Drawing on fieldwork and texts ranging from maps urban plans and aerial photographs to live television and drone camera footage El Hibri traces how the technologies and media infrastructure that visualize the city are used to consolidate or destabilize regimes of power Throughout the twentieth century colonial economic and military mapping projects helped produce and govern Beirut's spaces In the 1990s the imagery of its post civil war downtown reconstruction cast Beirut as a site of financial investment in ways that obscured its ongoing crises During and following the 2006 Israel Hizbullah war Hizbullah's use of live television broadcasts of fighting and protests along with its construction of a war memorial museum at a former secret military bunker demonstrate the tension between visualizing space and the practices of concealment Outlining how Beirut's urban space and public life intertwine with images and infrastructure El Hibri interrogates how media embody and exacerbate the region's political fault lines

*Arab Awakening and Islamic Revival* Martin Kramer, 2017-07-05 Over the past decade the political ground beneath the Middle East has shifted Arab nationalism the political orthodoxy for most of this century has lost its grip on the imagination and allegiance of a new generation At the same time Islam as an ideology has spread across the region and Islamists bid to capture the center of politics Most Western scholars and experts once hailed

the redemptive power of Arabism Arab Awakening and Islamic Revival is a critical assessment of the contradictions of Arab nationalism and Islamic fundamentalism and the misrepresentation of both in the West The first part of the book argues that Arab nationalism the so called Arab awakening bore within it the seeds of its own failure Arabism as an idea drew upon foreign sources and resources Even as it claimed to liberate the Arabs from imperialism it deepened intellectual dependence upon the West s own romanticism and radicalism Ultimately Arab nationalism became a force of oppression rather than liberation and a mirror image of the imperialism it defied Kramer s essays together form the only chronological telling and the at fully documented postmortem of Arabism The second part of the book examines the similar failings of Islamism whose ideas are Islamic reworkings of Western ideological radicalism Its effect has been to give new life to old rationales for oppression authoritarianism and sectarian division Arab Awakening and Islamic Revival provides an alternative view of a century of Middle Eastern history As the region moves fitfully past ideology Kramer s perspective is more compelling than at any time in the past in Western academe no less than among many in the Middle This book will be of interest to sociologists political scientists economists and Middle East specialists

**The Hojjatiyeh Society in Iran** R. Cohen, 2013-02-12 This book analyzes the evolution of the Hojjatiyeh movement in Iran a semi clandestine movement which emerged in the 1950s as an anti Baha i movement went underground in the 1960s and re emerged openly after Iran s 1979 revolution with its members coming to occupy some of the highest echelon posts in Iranian politics

*Sectarianism in Iraq* Khalil Osman, 2014-10-10 This book links sectarianism in Iraq to the failure of the modern nation state to resolve tensions between sectarian identities and concepts of unified statehood and uniform citizenry After a theoretical excursus that recasts the notion of primordial identity as a socially constructed reality the author sets out to explain the persistence of sectarian affiliations in Iraq since its creation following the dismemberment of the Ottoman Empire Despite the adoption of homogenizing state policies the uneven sectarian composition of the ruling elites nurtured feelings of political exclusion among marginalized sectarian groups the Shicites before 2003 and the Sunnis in the post 2003 period The book then examines how communal discourses in the educational curriculum provoked masked forms of resistance that sharpened sectarian consciousness Tracing how the anti Persian streak in the nation state s Pan Arab ideology which camouflaged anti Shicism undermined Iraq s national integration project *Sectarianism in Iraq* delves into the country s slide from a totalizing Pan Arab ideology in the pre 2003 period toward the atomistic impulse of the federalist debate in the post 2003 period Employing extensive fieldwork this book sheds light on the dynamics of political life in post Saddam Iraq and is essential reading for Iraqi and Middle East specialists as well as those interested in understanding the current heightening of sectarian Sunni Shicite tensions in the Middle East

*The Making of Shia Ayatollahs* Sayed Hassan Akhlaq, 2023-04-17 The Making of Shia Ayatollahs offers both insider and outsider views of how a scholar becomes an Ayatollah in Shia Islam how ayatollahs suggest diverse perspectives on faith and how the grand ayatollahs are recognized by a balance of many factors

including piety scholarship popularity and networking This book consists of two parts The first begins with the core value of knowledge in Islam and the Ulama s interpretation of jurisprudence and the subjects values and methodology they have developed and are applying to challenges found in the faithful practices in modern life The author reveals the mechanisms of madrasa hawza their curricula and the recognition of a scholar as an ayatollah The second part elaborates the rich and sometimes bitter pluralism and debate within the community of ayatollahs regarding topics including denominational identity and intra faith work Sufism and mysticism Philosophy falsafa and wisdom modernization and the West political power and government and women in public life After providing a historical background on each subject the author takes the reader into the heart of current debates among ayatollahs in Qum Mashhad Najaf and Beirut without sacrificing accuracy and originality to educate a wide range of readers *Private Sins, Public Crimes* Farzin Vejdani,2024-11-12

A groundbreaking scholarly study of crime and punishment in Qajar Iran Drawing on a rich array of primary sources in multiple languages Farzin Vejdani argues that the ambiguity in defining the boundaries between private and public in Qajar Iran often corresponded with the jurisdictional friction between government authorities and religious scholars regarding who had the authority to police and punish public crimes This ambiguity had implications for the spaces in which illicit acts were carried out private parties in domestic residences where music alcohol and prostitution were present were often tolerated by local police officials but raised the ire of religious authorities and their followers who raided these residences ironically in violation of strong Islamic norms of privacy Crimes that were manifest but remained unpunished triggered a crisis of legitimacy that often coincided with upstart Islamic religious scholars challenging the state s authority Even when the government had every intention of punishing a crime convicted criminals sought shelter in sanctuaries including shrines mosques royal stables and telegraph offices which were even more inviolable than private residences This inviolability grounded in both Islamic prohibitions of violence on sacred grounds and Iranian imperial traditions of redress allowed criminals to negotiate a lesser sentence safe passage for voluntary exile or forgiveness *Upheavals in the Middle East* Ronen A. Cohen,2014-02-27

*Upheavals in the Middle East* The Theory and Practice of a Revolution engages with some of the most sensitive issues in the Middle East revolutions and social protests The book offers theoretical paradigms that suit the Middle East s conditions culturally religiously and historically It deals with seventeen case studies from a range of Muslim and Arab states and provides a theoretical framework to study other situations all over the world including cases from the recent Arab Spring Revolution as political action can occur in all societies but in recent years it has appeared most frequently in the Middle East Will this trend continue What makes the Middle Eastern revolution unique and surprising This book seeks to answer these questions placing side by side those cases that were successful and those that were doomed to fail **Arab Awakening and Islamic Revival** Thomas Molnar,2017-07-05 Over the past decade the political ground beneath the Middle East has shifted Arab nationalism the political orthodoxy for most of this century has lost its grip on the imagination and allegiance of a new

generation At the same time Islam as an ideology has spread across the region and Islamists bid to capture the center of politics Most Western scholars and experts once hailed the redemptive power of Arabism Arab Awakening and Islamic Revival is a critical assessment of the contradictions of Arab nationalism and Islamic fundamentalism and the misrepresentation of both in the West The first part of the book argues that Arab nationalism the so called Arab awakening bore within it the seeds of its own failure Arabism as an idea drew upon foreign sources and resources Even as it claimed to liberate the Arabs from imperialism it deepened intellectual dependence upon the West s own romanticism and radicalism Ultimately Arab nationalism became a force of oppression rather than liberation and a mirror image of the imperialism it defied Kramer s essays together form the only chronological telling and the at fully documented postmortem of Arabism The second part of the book examines the similar failings of Islamism whose ideas are Islamic reworkings of Western ideological radicalism Its effect has been to give new life to old rationales for oppression authoritarianism and sectarian division Arab Awakening and Islamic Revival provides an alternative view of a century of Middle Eastern history As the region moves fitfully past ideology Kramer s perspective is more compelling than at any time in the past in Western academe no less than among many in the Middle This book will be of interest to sociologists political scientists economists and Middle East specialists
