Shifting Time Social Policy And The Future Of Work:

The Emergence of Social Security in Canada Dennis Guest,1997 This third edition of Dennis Guest's book provides the most complete and up to date history of social welfare in this country Yet it also offers insights into the nuts and bolts of policy creation and explodes recent myths that underlie the current residual approach to social policy such as death by deficit and the inevitable demise of the Canada Pension Plan The Emergence of Social Security in Canada is both an important historical resource and an engrossing tale in its own right and it will be of great interest to anyone concerned about Canadian social policy *Ibss: Political Science: 1994* British Library of Political and Economic Science at the London School of Economics,1995-12-08 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Manufacturing Guilt (2nd edition)* Barrie Anderson,Dawn Anderson,2021-01-11T00:00:00Z Manufacturing Guilt 2nd edition updates the cases presented in the first edition and includes two new chapters one concerning the case of James Driskell and another regarding Dr Charles Smith whose role in forensic pathology evidence led to several wrongful convictions In this new edition the authors demonstrate that the same factors at play in the criminalization of the powerless and marginalized are found in cases of wrongful conviction Contrary to popular belief wrongful convictions are not due simply to unintended errors but rather are too often the result of the deliberate actions of those working in the criminal justice system Using Canadian cases of miscarriages of justice the authors argue that understanding wrongful convictions and how to prevent them is incomplete outside the broader societal context in which they occur particularly regarding racial and social inequality **An Unruly World?** Andrew Herod,Geroid O Tuathail,Susan M. Roberts,2002-09-11 An Unruly World explores the diverse conundrums thrown up by seemingly unruly globalization Examining how fast transnational capitalism is re making the rules of the game in a wide variety of different places domains and sectors the authors focus on a wide range of issues from analysis of soft capitalism and the post Cold War organizational drives of international trade unions to the clamour of states to reinvent welfare policy and the efforts of citizen groups to challenge trade and financial regimes An Unruly World argues that we are not living in a world bereft of rules and rulers the rules governing the global economy today are more strictly enforced by international organizations and rhetoric than ever before [Social Transformation in Rural Canada](#) John R. Parkins,Maureen G. Reed,2012-12-06 The rapidly changing nature of life in Canadian rural communities is more than a simple response to economic conditions People living in rural places are part of a new social agenda characterized by transformation of livelihoods landscapes and social relations these profound changes invite us to reconsider the meanings of community culture and citizenship Social Transformation in Rural Canada presents the work of researchers from a variety of fields who explore the dynamics of social transformation in rural settlements across several regions and sectors of the Canadian landscape This volume provides a nuanced portrait of how local forms of action

adaptation identity and imagination are reshaping aboriginal and non aboriginal communities in rural Canada Unlike many previous studies this work looks at rural communities not simply as places affected by external forces but as incubators of change and social units with agency and purpose many of which provide exemplary models for other communities facing challenges of transition

The Real World of Technology Ursula M. Franklin,1999 In this expanded edition of her bestselling 1989 CBC Massey Lectures renowned Canadian scientist and humanitarian Ursula M Franklin examines the impact of technology upon our lives and addresses the extraordinary changes in the bit sphere since *The Real World of Technology* was first published In four new chapters Franklin tackles contentious issues such as the dilution of privacy and intellectual property rights the impact of the current technology on government and governance the shift from consumer capitalism to investment capitalism and the influence of the Internet upon the craft of writing

Cutting Edge Jim Davis,Thomas Hirschl,Michael Stack,1997 The rapid expansion of laborless production systems creates enormous instability Money previously paid in wages is spent on technology Workers lose jobs to robotic intelligence and therefore have no money to buy the goods produced by the technology CUTTING EDGE provides an up to the minute analysis of the complex relations between technology and work and how jobs and living standards can be protected

The Privatization of Care Pat Armstrong,Hugh Armstrong,2019-09-25 Nursing homes are where some of the most vulnerable live and work In too many homes the conditions of work make it difficult to make care as good as it can be For the last eight years an international team from Germany Sweden Norway the UK the US and Canada have been searching for promising practices that treat residents families and staff with dignity and respect in ways that can also bring joy While we did find ideas worth sharing we also saw a disturbing trend toward privatization Privatization is the process of moving away not only from public delivery and public payment for health services but also from a commitment to shared responsibility democratic decision making and the idea that the public sector operates according to a logic of service to all This book documents moves toward privatization in the six countries and their consequences for families staff residents and eventually us all None of the countries has escaped pressure from powerful forces in and outside government pushing for privatization in all its forms However the wide variations in the extent and nature of privatization indicate privatization is not inevitable and our research shows there are alternatives

Substances, Welfare, and Social Relations Amber Gazso,2023-11-30 *Substances Welfare and Social Relations* uses intimate complex portraits to tell the stories of people who have lived some part of their life course while using or recovering from using substances such as alcohol or illicit or prescription drugs and also being part of a family and experiencing poverties Through these multifaceted stories layered with a critical analysis of welfare policy the book probes the deeply entrenched stigma of living with addiction and in low income Amber Gazso s work revolves around the three principles idea that 1 addiction is part of everyday life 2 if we believe that people are not their addictions then stigmatizing addiction has no place in society and 3 destigmatizing addiction and providing better more imaginative programs and

services invites and supports actionable hope Reflecting on qualitative data both narrative interviews and policy discourse Substances Welfare and Social Relations illuminates how stigmas can be overturned through a collective praxis of hope

considerable developments of past years and the ways in which they have affected both education and training are examined. The contributors analyse the methods by which we educate our workforce and look closely at the kind of training now offered to those in work. The chapters in this reader cover the role of the state, how economic factors influence education, national education and training policy, the political factor. Other countries including Germany are looked at and there is reflection on the ways in which the new industry-led qualifications such as NVQs have fared. There is careful analysis as to how much the political climate of the time influenced developments. There is thorough research to back up claims made throughout the book and many practical examples are referred to. What emerges is an incisive examination of current trends in education and the workplace.

Education, Training, and the Future of Work Michael Flude, Sandy Sieminski, 1999. This volume focuses on the recent changes in the late 1990s in education and training policy mainly in the UK.
