Shigaraki Potters Valley:

Shigaraki Louise Allison Cort, 2000 For over seven centuries potters of Shigaraki a rural valley outside the Japanese city of Kyoto have fashioned storage jars and tea ceremony wares from clay This book examines the political economic and artistic history of the valley

The Potter's Eye Mark Hewitt, Nancy Sweezy, 2005-01-01 Traces the history of North Carolina pottery from the nineteenth century to the present day demonstrating the intriguing historic and aesthetic relationships that link pots produced in North Carolina to pottery traditions in Europe and Asia in New England and in the neighboring state of South Carolina

The Michiana Potters Meredith A. E. McGriff, 2020-08-03 A new pottery tradition has been developing along the border of northern Indiana and southern Michigan Despite the fact that this region is not yet an established destination for pottery collectors Michiana potters are committed to pursuing their craft thanks to the presence of a community of like minded artists The Michiana Potters an ethnographic exploration of the lives and art of these potters examines the communal traditions and aesthetics that have developed in this region Author Meredith A E McGriff identifies several shared methods and styles such as a preference for wood fired wares glossy glaze surfaces cooler colors the dripping or layering of glazes on ceramics that are not wood fired the handcrafting of useful wares as opposed to sculptural work and a tendency to borrow forms and decorative effects from other regional artists In addition to demonstrating a methodology that can be applied to studies of other emergent regional traditions McGriff concludes that these styles and methods form a communal bond that inextricably links the processes of creating and sharing pottery in Michiana

Potters of Japan Bill Geisinger, 2010-05 From 2005 through 2007 the author studied nine families from the original 1968 documentary film Potters of Japan by Richard and Marj Peeler The Kondo Shimaoka Ichino Kaneshige Mori Kat Fujiwara Waraku and Takahashi family names are synonymous with Japanese pottery Each produces ceramic work that is respected and admired by thousands of Japanese and individuals throughout the world This book is a review of each family since the original film and essentially a study of contemporary Japanese Ceramics from 1968 to the present There are as many similarities as differences among this group of potters Tradition is pivotal here family name prestige artistic and technical secrets are passed from generation to generation with each family developing their own expression and unique qualities Today studio pottery in Japan has grown and there are many more people working and expanding the traditions of the original six old kilns rokkouyo and this book is an introduction to studio pottery in Japan today

Potters and Patrons in Edo Period Japan Andrew L. Maske, 2017-07-05 Potters and Patrons in Edo Period Japan Takatori Ware and the Kuroda Domain traces the development of one of Japan's best documented ceramic types from its beginnings around 1600 until the abolition of the domain system in 1871 Using historical records archaeological material from early kilns and consumer sites and the results of comparative chemical analysis this study explores the operation of Takatori as the official ceramic workshop of the Kuroda lords of one of the largest domains in Japan Spanning cultural aesthetic economic and practical aspects this book presents Takatori ware as an ideal archetype

with which to compare developments in elite ceramics in other parts of Japan throughout the Edo period In addition to its scholarly examination of the operation of a domain sponsored ceramics workshop over more than 250 years the book includes illustrations of examples from each of the seven Takatori workshop locations including beautiful pieces that have never before appeared in print

Wild Clay Matt Levy, Takuro Shibata, Hitomi Shibata, 2022-10-27 The ultimate illustrated guide for sourcing processing and using wild clay Potters around the world are taking to the local landscape to dig their own wild clay discover its unique properties and apply it to their craft This guide is the ideal starting point for anyone from novices improvers and experts to educators and students who wants to forge a closer bond between their art and their surroundings Testing and trial and error are key to finding a material's best use so the authors tips drawn from long experience in the US and Japan but which can be applied to clays anywhere provide an enviable head start on this rewarding journey A clay might be best suited to sculpture and tile bodies throwing clay bodies handbuilding and slab bodies or simply be applied as a glaze or slip The specific properties of found materials can create a diverse range of effects and surfaces or even when not fired can be adapted for use as colorful pastels or pigments Beautiful illustrations and helpful technical descriptions explain the formation of various clays how to locate collect and assess them how to test their properties of shrinkage water absorption texture and plasticity the best ways to test fire them and how to adapt a clay's characteristics by blending appropriate materials From prospecting in the field to holding your finished product there is helpful advice through every stage and a gallery of work by international potters who have embraced the clays found around them

The Potter's Art Henry Glassie, 1999 Coming into being the work of art this very pot creates relations relations between nature and culture between the individual and society between utility and beauty Governed by desire the artist's work answers questions of value Is nature favored or culture Are individual needs or social needs more important Do utilitarian or aesthetic concerns dominate in the transformation of nature from the Introduction The Potter's Art discusses and illustrates the work of modern masters of traditional ceramics from Bangladesh Sweden various parts of the United States Turkey and Japan It will appeal to anyone interested in pottery and the study of folklore and folk art Henry Glassie is College Professor of Folklore and Co director of Turkish Studies at Indiana University He has been a Guggenheim Fellow and a Fellow of the National Humanities Institute he has also served as President of the Vernacular Architecture Forum and of the American Folklore Society Material Culture Henry Glassie George Jevremovic and William T Sumner editors Note there is an accent egue on the c Jevremovic Contents The Potter's Art Bangladesh Sweden Georgia Acoma Turkey Japan Hagi Work in the Clay Acknowledgments Notes Bibliography Index

Transformative Jars Anna Grasskamp, Anne Gerritsen, 2022-12-01 The term jar refers to any man made shape with the capacity to enclose something Few objects are as universal and multi functional as a jar regardless of whether they contain food or drink matter or a void life giving medicine or the ashes of the deceased As ubiquitous as they may seem such containers storage vessels and urns are as this book demonstrates highly significant cultural and historical

artefacts that mediate between content and environment exterior worlds and interior enclosures local and global this worldly and otherworldly realms The contributors to this volume understand jars not only as household utensils or evidence of human civilizations but also as artefacts in their own right Asian jars are culturally and aesthetically defined crafted goods and as objects charged with spiritual meanings and ritual significance Transformative Jars situates Asian jars in a global context and focuses on relationships between the filling emptying and re filling of jars with a variety of contents and meanings through time and throughout space Transformative Jars brings together an interdisciplinary team of scholars with backgrounds in curating art history and anthropology to offer perspectives that go beyond archaeological approaches with detailed analyses of a broad range of objects By looking at jars as things in the hands of makers users and collectors this book presents these objects as agents of change in cultures of craftsmanship and consumption

Master Potter of Meiji Japan Moyra Clare Pollard, 2002 This is the first book in a European language to make a comprehensive study of the life and works of the astonishingly versatile and accomplished Meiji potter Makuzu Kozan 1842 1916 who was acclaimed as one of the greatest ceramic artists of the Meiji period The Meiji period after the opening of Japan to the West in the mid nineteenth century was a time of momentous change for Japanese society and Kozan s Makuzu workshop makes an ideal case study to examine the effects of these changes on the Japanese ceramic industry This book tells the story of Kozan s Makuzu wares from their origins in a traditional workshop in Kyoto to their maturity in a prolific factory in the newly opened port of Yokohama where Kozan s ability to cater to the demands of a new Western export market and to incorporate new Western glaze techniques led to enormous success both in Japan and abroad at the international exhibitions that flourished from the 1850s Lavish illustrations highlight Kozan s remarkable and technical and artistic achievements while ceramic marks and box inscriptions are analysed as a practical guide to dating Makuzu ware Clare Pollard discusses the role of later generations of the Miyagawa family in the running of the workshop and relates developments in Makuzu ware to the work of other major potters of the era both in Japan and in Europe and America Incorporating contemporary sources including previously unstudied archival material from the Makuzu workshop itself recent research and the study of a large corpus of Makuzu wares in museums and private collections all over the world the book examines the artistic political and commercial factors that influenced Kozan and his contemporaries as they strove to come to terms with shifting life styles and changing attitudes to the arts and moved towards the creation of a modern ceramic industry

On the Record Re Japan , 1994 **Tea of the Sages** Patricia J. Graham, 1999-03-01 The Japanese tea ceremony is generally identified with chanoyu and its bowls of whipped powdered green tea served in surroundings influenced by the tenets of Zen Buddhism Tea of the Sages is the first English language study of the alternate tea tradition of sencha At sencha tea gatherings steeped green leaf tea is prepared in an atmosphere indebted to the humanistic values of the Chinese sages and the materialistic culture of elite Chinese society during the Ming and Qing dynasties Although sencha once surpassed chanoyu in popularity it is now overshadowed by

chanoyu despite the existence of more than a hundred sencha schools throughout Japan This exceptionally well illustrated volume explores sencha s philosophy and arts from the seventeenth century to the present Introduced by Chinese merchants and scholar monks sencha first gained favor in Japan among devotees of the Chinese literati By the early nineteenth century it had become popular with a wide spectrum of urban and rural residents Some took up sencha as a subversive activity in opposition to the mandated protocol of chanoyu Others enjoyed sencha because of its connections with elite Chinese culture knowledge of which indicated intellectual and cultural refinement Still others relished it simply as a fine tasting beverage Sencha inspired painters and poets and fostered major advances within craft industries from ceramics to metalwork and basketry Sencha aficionados many of whom became serious connoisseurs of Chinese art and antiquities hosted some of the earliest public art exhibitions Tea of the Sages opens with a chronological overview of tea in China and its transmission to Japan before situating sencha within the rich milieu of Chinese material culture available in early modern Japan Subsequent chapters outline the multifaceted history of the formalization of the sencha tea ceremony drawing upon sources such as treatises and less formal writings as well as analysis of tea gathering records utensils and their prescribed arrangements paintings prints and sencha architecture

Japanese Tea Culture Morgan Pitelka, 2013-10-16 From its origins as a distinct set of ritualised practices in the sixteenth century to its international expansion in the twentieth tea culture has had a major impact on artistic production connoisseurship etiquette food design and more recently on notions of Japaneseness The authors dispel the myths around the development of tea practice dispute the fiction of the dominance of aesthetics over politics in tea and demonstrate that writing history has always been an integral part of tea culture *What's the Use of Art?* Jan Mrazek, Morgan Pitelka, 2007-12-03 Post Enlightenment notions of culture which have been naturalized in the West for centuries require that art be autonomously beautiful universal and devoid of any practical purpose The authors of this multidisciplinary volume seek to complicate this understanding of art by examining art objects from across Asia with attention to their functional ritual and everyday contexts From tea bowls used in the Japanese tea ceremony to television broadcasts of Javanese puppet theater from Indian wedding chamber paintings to art looted by the British army from the Chinese emperor s palace from the adventures of a Balinese magical dagger to the political functions of classical Khmer images the authors challenge prevailing notions of artistic value by introducing new ways of thinking about culture The chapters consider art objects as they are involved in the world how they operate and are experienced in specific sites collections rituals performances political and religious events and imagination and in individual peoples lives how they move from one context to another and change meaning and value in the process for example when they are collected traded and looted or when their images appear in art history textbooks how their memories and pasts are or are not part of their meaning and experience Rather than lead to a single universalizing definition of art the essays offer multiple divergent and case specific answers to the question What is the use of art and argue for the need to study art as it is used and experienced

Zen Landscapes Allen S. Weiss, 2013-09-15 The essential elements of a dry Japanese garden are few rocks, gravel, moss. Simultaneously a sensual matrix, a symbolic form and a memory theater, these gardens exhibit beautiful miniaturization and precise craftsmanship. But their apparent minimalism belies a true complexity. In *Zen Landscapes*, Allen S. Weiss takes readers on an exciting journey through these exquisite sites, explaining how Japanese gardens must be approached according to the play of scale, surroundings and seasons as well as in relation to other arts, revealing them as living landscapes rather than abstract designs. Weiss shows that these gardens are inspired by the Zen aesthetics of the tea ceremony, manifested in poetry, painting, calligraphy, architecture, cuisine and ceramics. Japanese art favors suggestion and allusion, valuing the threshold between the distinct and the inchoate, between figuration and abstraction, and he argues that ceramics play a crucial role here, relating as much to the site specificity of landscape as to the ritualized codes of the tea ceremony and the everyday gestures of the culinary table. With more than one hundred stunning color photographs, *Zen Landscapes* is the first in-depth study in the West to examine the correspondences between gardens and ceramics. A fascinating look at landscape art and its relation to the customs and craftsmanship of the Japanese arts, it will appeal to readers interested in landscape design and Japan's art and culture.

The Culture of Civil War in Kyoto Mary Elizabeth Berry, 2023-09-01 How do ordinary people respond to prolonged terror? The convulsion of Japan's Warring States period between 1467 and 1568 destroyed the medieval order and exposed the framework of an early modern polity. Mary Elizabeth Berry investigates the experience of upheaval in Kyoto during this time. Using diaries and urban records extensively quoted in the text, Berry explores the violence of war, misrule, private justice, outlawry and popular uprising. She also examines the structures of order, old and new, that abated chaos and abetted social transformation. The wartime culture of Kyoto comes to life in a panoramic study that covers the rebellion of the Lotus sectarians, the organization of work and power in commoner neighborhoods, the replanning of urban geography and the redefinition of authority and prestige in the arena of play. How do ordinary people respond to prolonged terror? The convulsion of Japan's Warring States period between 1467 and 1568 destroyed the medieval order and exposed the framework of an early modern polity. Mary Elizabeth Berry investigates the experience.

Cloth and Human Experience Annette B. Weiner, Jane Schneider, 2013-08-06 *Cloth and Human Experience* explores a wide variety of cultures and eras, discussing production and trade, economics and symbolic and spiritual associations.

Women Potters Moira Vincentelli, 2004 This work proposes that a women's tradition in ceramics is one in which pottery making is a gendered activity intimately connected with female identity. The knowledge is passed down from one generation to the next. It guides the reader through these traditions, continent by continent. Different areas are illustrated with beautiful, detailed maps and fascinating colour photographs from around the world.
