**Secrets of the Soul , The Dawning Moon of the Mind** Susan Brind Morrow, 2024-06-04 With the skill of a scholar and the sensibility of a poet Susan Morrow opens the language of hieroglyphs Elaine Pagels New York Times bestselling author of *The Gnostic Gospels* Buried in the Egyptian desert some four thousand years ago the Pyramid Texts are among the world s oldest poetry Yet ever since the discovery of these hieroglyphs in 1881 they have been misconstrued by Western

Egyptologists as a garbled collection of primitive myths and incantations relegating to obscurity their radiant fusion of philosophy scientific inquiry and religion Now in a seminal work the classicist and linguist Susan Brind Morrow has recast the Pyramid Texts as a coherent work of art arguing that they should be recognized as a formative event in the evolution of human thought In *The Dawning Moon of the Mind* she explains how to read hieroglyphs contextualizes their evocative imagery and interprets the entire poem The result is a magisterial religious and philosophical text revealing a profound consciousness of the world with astonishing parallels to Judeo Christian culture Buddhism and Tantra More than twenty years in the making *The Dawning Moon of the Mind* is a monumental achievement that locates one of the origins of poetic thought in Western culture Almost before science art and written language these texts set forth the relationship between time and eternity life and death history and ideas In *The Dawning Moon of the Mind* they emerge in their original luminosity and intelligence alongside a persuasive argument for their central importance to the history of language Explode s the old myths of the Pyramid Texts revealing a cascade of new and hitherto unknown truths about the wisdom of the Egyptian ancients Simon Winchester New York Times bestselling author *Teasing Fate* Aidy Award,2019-10-21 Moira hadn t meant to interfere in the lives of the witches and familiars Those women and their mates were going to save the world and it was so exciting to see them battle for life and love So what if she d helped a little tiny bit It wasn t like she was going to watch any of them die But now she s been cast out of the sisterhood and as punishment she s been sent to live on Earth as a human All she wants is to get home and she sure could use a hero of her own Percy was never supposed to be human He was an animal familiar and created to support and protect his witch He was great at his job keeping the big bad monsters at bay so Kady could fulfill her destiny and save the world Until the spectral warriors showed up and fate intervened turning him into this hulk of a man What was he even supposed to do with a body like this Unless of course he was meant for another kind of fate

*Forbidden Theology* Miles Augustus Navarr, 2012 Over 75% of the people who live on this planet are followers of one of the three major monotheistic religions They all consider Abraham as the father of their race and religion They all believe in one singular all powerful all knowing benevolent god The Hebrew call him Yahweh the Christians refer to him as Father or Lord and Muslims call him Allah and yet millions and millions of people have been murdered maimed and tortured by the followers of this single entity to prove that their version of this single god is better than the other two versions Sounds ridiculous and yet sadly enough more people have died in the name of religion than any other cause in the history of humanity Each and every one of us at one time or another has asked or thought about such fundamental questions as Is there a God Where did humans come from Why out of millions of species on earth only humans reached this level of sophistication Is there a life after death Is there a purpose to life Why are we here Are the scriptures truly the words of god More importantly is there any way we could find answers to such questions The fact is the answer to most of these questions and many more that we thought unanswerable have been written down on clay tablets by our ancient ancestors who lived in Mesopotamia over 7000 years ago These records are readily available to those who are willing to step outside the dogmatic belief system of the establishment and are prepared mentally and spiritually to tolerate a totally different rendering of the oldest written historical records about mankind s origin purpose and the truth about god our maker The subject matter of this book is an attempt to investigate the circumstances under which Mankind was made and to trace the beginning and development of such concerns as the emergence of the concept of god and the formation of what later became known as religion This is done primarily by relying on our scriptural texts particularly the Old Testament as well as other ancient manuscripts such as Sumerian Akkadian and Babylonian Creation and Genesis epics The first chapter begins by examining the behaviour commands and instructions given by Yahweh to his chosen people These commands and instructions are then evaluated and compared with basic accepted human rights standards practised and observed by almost all communities and societies past and present The question is then asked How could an entity powerful enough to have created the entire universe issue such cruel and sadistic commands against some of his own creations Furthermore Yahweh s behaviour is decidedly pro Hebrew and shows no regards or thought about non Hebrew masses How could the universal god show such bias towards a tiny fraction of his creatures with total disregard for the rest Finally the characteristics and personalities of Yahweh is analysed by scrutinising his behaviour actions and directives as stated in the Old Testament before examining the god of Christianity In investigating the role and characteristics of God in Christianity the first thing that immediately becomes apparent is the absence of a prominent role for God the Father as we had witnessed in Judaism The Christians or

more specifically Saint Paul who was the founder and designer of Christianity as we know it today in order to distance his creation from the Hebrews and religion of Yahweh invented a new Godhead and named him Jesus Christ Ancient Greek I sous Born of a virgin with powers to heal the sick give sight to the blind and even raise the dead who was crucified but resurrected three days later These were all characteristics borrowed from various religions and cults prevalent at the time in the Levant from Mithraism to the cult of Apoll
