The Ship Ann Alexander of New Bedford Clement Cleveland Sawtell, 1962 Bibliographical notes p 96 100 *Ship Registers of New Bedford, Massachusetts* Survey of Federal Archives (U.S.), 1940 **Whaling Will Never Do For Me** Briton Cooper Busch, 2021-10-21 I just begin to find out that whaling will never do for me and have determined to leave the ship here if possible That sentiment expressed by a foremast hand aboard the ship Caroline in 1843 is one shared by many of the whalers in this fascinating book Interest in Herman Melville's Moby Dick has contributed to a substantial literature on the history and lore of the industry But not until now has the vast body of surviving whaleship logs and journals been used to paint an encompassing picture of the difficult but colorful life aboard nineteenth century American whaling vessels Briton Cooper Busch author of a definitive history of the American sealing industry in this book only incidentally discusses the actual chase for whales His focus instead is the life of whalers at sea and particularly the harsh discipline that kept men aboard through long and often dispiriting years Busch depicts the complex social world aboard ship defining and detailing such issues as crime and punishment competing racial elements the social distance between officers and men sexual behavior and the role of women aboard ships For oppressed discouraged or simply bored whalers several escapes existed from the rarest of all mutiny through labor protests of various types to individual desertion or appeal to an American consul abroad To each of these topics Busch devotes a chapter He also provides glimpses of those occasional moments of relief such as a Fourth of July celebration and such somber moments as a death at sea Fascinating details and original quotations from individual whalers make this book more than a study of general trends For anyone with even a casual interest in whaling it is indispensable

A Whaler at Twilight Alexander R. Brash, Robert W. Armstrong, 2023-09-05 Nestled at the bottom of an old leather trunk for well over a century lay a forgotten manuscript a long lost story the author's great great grandson has now brought to life At the heart of A Whaler at Twilight is the true account of an American whaler who embarked on a harrowing adventure in the South Pacific during the mid nineteenth century in search of absolution and redemption After the deaths of his parents young Robert Armstrong lived with a successful uncle a well respected Methodist shopkeeper in bustling 1840s Baltimore and attended the nation's first dental school But Armstrong threw his future away drinking himself into oblivion Devoured by guilt and shame in December 1849 he sold his dental instruments his watch and all other possessions and signed on for a whaling voyage departing from New Bedford Decades later Armstrong wrote an autobiographical account based on his travel logs chronicling his thrilling gritty experiences during his ten years overseas His memoirs describe his encounters with other whalers beachcombers Peruvian villagers Pacific Islanders Maori warriors in New Zealand cannibals on Fiji and the impacts of American expansionism He also recounted his struggles with drink his quest for God and his own redemption Armstrong's gripping personal account is bookended by thoroughly researched contextual background compiled by Alexander Brash a noted professional conservationist Brash fills out Armstrong's intimate

and timeless tale by shedding further light on whaling and its impacts his ancestor's religious milieu and the importance of marine conservation today *A Whaler at Twilight* is a fascinating dive into both human morality and American history *A Game of Chance* Andrea Kirkpatrick, 2023-08-11 It's almost impossible to imagine spending eight months at sea without once putting foot on land But that's exactly what whalers experienced when playing the dangerous game of chance hunting down leviathans for oil and bone all for a lay or share of the vessel's spoils *A Game of Chance* is the first comprehensive in depth study of British North American South Seas whaling Author Andrea Kirkpatrick takes readers on a series of fascinating and sometimes fantastical journeys as she chronicles in great detail the story of a largely forgotten industry that operated out of Nova Scotia and New Brunswick ports from the 1760s to 1850 Kirkpatrick plumbed the depths of myriad logbooks and journals to piece together the often murky tales of an astonishing number of ships In this treatise covering a century of whaling she shares details such as ownership tonnage voyages captains pedigrees and names of crewmen including nascent whaler Herman Melville author of *Moby Dick* Hoping for greasy luck the men who manned these ships found both camaraderie and competition as they hunted the world's whaling grounds from Cape Horn to Kamchatka many circumnavigating the globe during their careers They battled squalls and high seas scurvy and venereal disease heartbreak and homesickness and sometimes each other Many never returned home their bodies committed to the deep or buried on foreign land Written in two parts landward and seaward Kirkpatrick's clear prose and adoption of whaling lingua franca brings this high risk venture to the fore with authenticity newly revealed facts and remarkable stories of adventure
