Ships, Sailors, and the Sea R. J. Cornewall-Jones,1887      **Tall Ship Sailor** Dan Hayden,2021-07-14 To a regular passerby the ship seemed as if it was a lonesome thing abandoned and forgotten The disarray of normally taut lines and sheets that hung loosely from their spars suggested the ship had been inactive and somewhat neglected A traditionally active sailing vessel normally full of human activity was now quiet and dormant aching for action and people to occupy her decks The wind from the busy harbor whistled by her wooden masts and through her hundreds of lines making an eerie sound The gentle rocking of the ship creaked in unison as the waves lapped against the wharf s old wooden piers The Defiant waited Soon there would be an opportunity      **Sailors of the Cloud Ships** David Fooks,2023-10-10 The Age of Sail wrought the greatest change to the world in the history of mankind possibly until the Age of Space Exploration From 1450 to 1850 the Western world experienced explosive and violent change most of it brought about by the great sailing ships of the era and driven by the personal ambition for power and riches in a handful of men and women who in many cases didn t have a clue what they were getting into Today this exciting era receives just superficial coverage names dates and what was accomplished But behind these were real people and digging into their lives can bring up startling facts Columbus spent much of his life as a pirate Magellan wasn t the first to circumvent the globe Horatio Nelson England s greatest naval hero suffered from violent seasickness America s most famous lightkeeper recognized for saving as many as 32 drowning men over 52 years was a woman Women served as crew in the British Navy and fought alongside their husbands a two year old boy served as a midshipman and babies were born on Nelson s flagship during both the Battles of Trafalgar and the Nile The British monarchy financed and provided oversight for the largest slave transport company in history History can be humorous surprising and even shocking and it is anything but dull      **The Ships and Sailors of Old Salem** Ralph Delahaye Paine,1909      **Imperial War Museum Book of the War at Sea 1914-18** Julian Thompson,2011-07-22 Based on gripping first hand testimony from the archives of the Imperial War Museum this book reveals what it was really like to serve in the Royal Navy during the First World War It was a period of huge change for the first time the British navy went into battle with untried weapon systems dreadnoughts submarines aircraft and airships Julian Thompson blends insightful narrative with

never before published stories to show what these men faced and overcame Officers and men from admirals down to the youngest sailors faced the same dangers at sea in often terrible weather conditions with the ever present prospect of being blown to pieces or choking to death trapped in a compartment or turret as they plunged to the bottom of the sea In their own words they share their experiences from from long patrols and pitched battles in the cold rough water of the North Sea to the perils of warfare in the Dardanelles from the cat and mouse search for Vice Admiral Graf von Spee in the Pacific to the dangerous raids on Ostend and Zeebrugge We see what it was like to spend weeks in the cramped smelly submarines of the period or to attack U boats from unreliable airships **Timelines Ships Sailors and the Sea** Richard Humble,1991
