rhetoric from political reality used within discussion of these issues In advancing this analysis the book provides a term for this rupture Disinformation which it defines not as planned propaganda but as the inevitable failure of the language of American Exceptionalism to correspond to actual history even as the two major political parties continue to deploy this language Further in its final chapter this book provides a way out of this political cul de sac what it terms the limits of capitalism s imagination by thinking from a different place that is located in the theory and practice of the Indigenous peoples of the Americas
