Bill Tremblay

Shooting Script Door Of Fire Poems:

Shooting Script Bill Tremblay, 2003 Bill Tremblay's *Shooting Script Door of Fire* is unlike any collection of poems previously published. In it, voice becomes camera to reveal the smoky world of Diego Rivera's Mexico with its erotic and political tensions brightly drawn as background for a dance macabre involving among others Leon Trotsky, Rivera, the actress Paulette Goddard, Surrealist kingpin Andre Breton, and Rivera's strange and beautiful wife Frida Kahlo. The lens of Tremblay's attention follows these characters as they circle inside their mortal questions, failings, and desires, never quite touching or saying as they intend but always somehow working toward an integration of the personal, political, and esthetic obsessions that drive them on. **Poets & Writers**, 2003 Portland Transcript, 1838 Saffron Shadows and Salvaged Scripts

Ellen Wiles, 2015-09-15 This book tells an ethnographic story of a secret literary culture that has recently emerged from its cocoon. Until 2012, Myanmar, also known as Burma, was ruled for fifty years by one of the most paranoid and repressive censorship regimes in history. The military junta enforced strict reading and writing restrictions in line with their ideology, feared writers' potential to trigger change, and did their best to keep Western books and influences out of the country. As part of an unexpected move toward democracy, the government has recently lifted the worst restrictions on reading and writing, giving rise to a new era in the country's literature and literary culture. While living in Myanmar in 2013, Ellen Wiles sought out the best of its contemporary writers and writing to begin uncovering the country's remarkable literary life and history. This book contains the experiences and recent output of nine Myanmar writers spanning three generations, featuring interviews and English language translations of their work along with political, legal, and artistic explorations. It includes men and women, fiction and poetry reflecting the ripples of political and cultural change as they have moved across different groups and genres. A rare portrait of a people and place in transition, Wiles's work contributes both to the study of literature and culture in Myanmar and to the general study of art under censorship. **The Seattle Review**, 2003 Bow Bells, 1866
