**Straight shooting**

20

This is the first cheap edition of the book which is regarded as the standard reference work for Australian riflemen, pistol shooters, game hunters and shotgunners. The book deals painstakingly with all the problems confronting marksmen, from reloading their own ammunition and shooting ducks, to sight alignment, trophy mounting and tanning hides. For this special Sportmaster edition, chapters have been added on the revolutionary .762 Omark target rifle, on bullet moulding and on air pistol shooting, which was recently introduced to the Australian championship programme.
