**Shooting Blanks at the Anzac Legend** Dr Donna Coates, 2023-11-01 War is traditionally considered a male experience By extension the genre of war literature is a male dominated field and the tale of the battlefield remains the privileged and only canonised war story In Australia although women have written extensively about their wartime experiences their voices have been distinctively silenced Shooting Blanks at the Anzac Legend calls for a re definition of war literature to include the numerous voices of women writers and further recommends a re reading of Australian national literatures with women s war writing foregrounded to break the hold of a male dominated literary tradition and pass on a vital but unexplored women s tradition Shooting Blanks at the Anzac Legend examines the rich body of World Wars I and II and Vietnam War literature by Australian women providing the critical attention and treatment that they deserve Donna Coates records the reaction of Australian women writers to these conflicts illuminating the complex role of gender in the interpretation of war and in the cultural history of twentieth century Australia By visiting an astonishing number of unfamiliar non canonical texts Shooting Blanks at the Anzac Legend profoundly alters our understanding of how Australian women writers have interpreted war especially in a nation where the experience of colonising a frontier has spawned enduring myths of identity and statehood

**Bullyocracy** Donald Jeffries,2020-01-03 Bestselling author Donald Jeffries turns his critical eye onto the topic of bullying to show how teachers principals and other school officials invariably side with the bullies in the most egregious cases instead of protecting the victims He also shows how many so called anti bullying activists and nearly all the professional experts excuse bullying and in fact laud sociopathic behavior in general As Jeffries demonstrates this curious phenomenon is due to the power and influence of the social hierarchy and it revolves to a great

extent around the enduring popularity of sports Jeffries talked to parents who'd battled a system that logically should have been working for them some of whom lost a child to bullycide the term for children who kill themselves over bullying His investigation into what has become one of the most talked about issues in America is as explosive and controversial as anything he has written
